Authority for Publishing Session Laws and Resolutions

Section 2.030, Revised Statutes of Missouri, 2000. — General Assembly to provide for printing and binding of laws. — The sixty-fourth general assembly and each general assembly thereafter, whether in regular or extraordinary session, shall by concurrent resolution adopted by both houses, provide for collating, indexing, printing and binding all laws and resolutions of the session and all measures approved by the people since the last publication of the laws and resolutions in the manner directed by the resolution. The general assembly may by concurrent resolution require that all laws passed by the general assembly and all resolutions adopted prior to any recess of the general assembly for a period of thirty days or more shall be collated, indexed, bound and distributed as provided by law, and any edition published pursuant to the concurrent resolution is a part of the official laws and resolutions of the general assembly at which the laws and resolutions were passed.

Section 2.040, Revised Statutes of Missouri, 2000. — Duties of Legislative Research in printing and binding. — The joint committee on legislative research shall provide copies of all laws, measures and resolutions duly enacted by the general assembly and all amendments to the constitution and all measures approved by the people since the last publication of such laws and resolutions, giving the date of the approval or adoption thereof for printing in accordance with the directions of the general assembly as given by concurrent resolution. The joint committee on legislative research shall edit, headnote, collate, index the laws, resolutions and constitutional amendments, and shall compare the proof sheets of the printed copies with the original rolls, note all errors which have been committed, if any, and cause errata thereof to be annexed to the completed printed copies, and the revisor of statutes shall insert therein an attestation under the revisor's hand that the revisor has compared the laws, resolutions, constitutional amendments and measures therein contained with the original rolls and copies in the office of the secretary of state and that the same are true copies of such laws, measures, resolutions and constitutional amendments as the same appear in the original rolls in the office of the secretary of state. The joint committee on legislative research shall cause the completed laws, resolutions and constitutional amendments to be printed and bound.

SENATE CONCURRENT RESOLUTION NO. 22, 2001 General Assembly.—BE IT RESOLVED by the members of the Senate of the Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, that the Missouri Committee on Legislative Research shall prepare and cause to be collated, indexed, printed and bound all acts and resolutions of the Ninety-first General Assembly, First Regular Session, and shall examine the printed copies and compare them with and correct the same by the original rolls, together with an attestation under the hand of the Revisor of Statutes that he has compared the same with the original rolls in his office and has corrected the same thereby; and

BE IT FURTHER RESOLVED that the size and quality of the paper and binding shall be substantially the same used in prior session laws and the size and style of type shall be determined by the Revisor of Statutes; and

BE IT FURTHER RESOLVED that the Joint Committee on Legislative Research is authorized to print and bind copies of the acts and resolutions of the Ninety-first General Assembly, First Regular Session, with appropriate indexing; and

BE IT FURTHER RESOLVED that the Revisor of Statutes is authorized to determine the number of copies to be printed.

ATTESTATION

STATE OF MISSOURI)

) ss.

City of Jefferson)

I, Ralph C. Kidd, Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the Ninety-First General Assembly of the State of Missouri, convened in first regular session, as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. Headnotes are used for the convenience of the reader and are not part of the laws they precede.

IN TESTIMONY WHEREOF, I have hereunto set my hand at my office in the City of Jefferson this 18th day of July A.D. two thousand one.

Ralph C. Kidd
Revisor of Statutes

EFFECTIVE DATE OF LAWS

Section 29, Article III of the Constitution provides:

“No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess.”

The Ninety-first General Assembly, First Regular Session, convened Wednesday, January 3, 2001, and adjourned May 30, 2001. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2001.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

“All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments..... If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.”

The Ninety-first General Assembly, First Regular Session, passed one Joint Resolution. Resolutions approved will be published as provided in Section 116.340, RSMo 2000, which reads:

“116.340. Publication of approved measures. — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330.”

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2001 Supplement to the Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

The Joint Committee on Legislative Research is pleased to state that the *2001 Session Laws* is produced with soy-based ink.

- For the purpose of funding family planning services, pregnancy testing and follow-up services, provided that none of these funds appropriated herein may be expended to directly or indirectly subsidize abortion services or administrative expenses. Abortion services include

performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Such list may categorize the providers by the service or services they provide. An organization that receives these funds may not directly refer patients who seek abortion services to any organization that provides abortion services, including its own independent affiliate. Corporations in Missouri which provide legal services to low-income

Missouri citizens. Funds shall be allocated according to the most recent national census data for the population of poor persons living in Missouri and in the same manner as current allocation from the Legal Services Corporation. Funding shall not be allocated if the provisions of Section 504(a)(7) and Section 508(b)(2)(B) of the Omnibus 1996 Appropriations Bill have not been met by the Legal Services Corporation. Contracts for services should provide low-income Missouri citizens equal access to the civil justice system, with high priority on families and children, domestic violence, the elderly, and qualification for benefits under the Social Security Act and Work Opportunity Reconciliation Act of 1996. Contractors shall provide to the department a report of services rendered, including the number of low-income citizens served, the types of services provided, the cost per case, and the amount of free and reduced fee legal services which have been provided; and shall include a full accounting of all expenditures made by or on behalf of Legal Services Corporations in Missouri which shall include expenditures of all federal, state, and other funds. The Governor will recommend a supplemental in Fiscal Year 2002 for this same amount for Legal Aid Grants from the Tort Victims' Compensation Fund. There are sufficient funds in the Tort Victims' Compensation Fund to cover these grants. A weak national economy is expected to depress revenue collections below original estimates for Fiscal Year 2002. A veto is necessary to help bring expenditures in line with available resources.

*I hereby veto \$625,000 to increase payments to the western region for pharmacy services, including \$250,000 general revenue. All managed care plans participating in the Medicaid program will receive trend factor increases for medical services and for increased pharmacy costs in Fiscal Year 2002. 2. The district may also require contractors performing construction or maintenance work on the project and companies providing operational and management services to obtain liability insurance having the district, its directors and employees as additional named insureds.

3. The district shall not attempt to self-insure for its potential liabilities unless it finds that it has sufficient funds available to cover any anticipated judgments or settlements and still complete its project without interruption. The district may self-insure if it is unable to obtain liability insurance coverage at a rate which is economically feasible to the district, considering its resources.

67.1890. CHANGE IN DISTRICT BOUNDARIES, PROCEDURE. — 1. The boundaries of any district organized pursuant to sections 67.1860 to 67.1898 may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or

charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed may file with the board a petition in writing praying that such real property be included within, or removed from, the district. The petition shall describe the property to be included in, or removed from, the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition. Such petition shall be in substantially the form set forth for petitions in chapter 116, RSMo; provided that, in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a district in the case of annexation, or all of the owners of any territory or tract of land within a district in the case of deannexation, who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in, or removed from, the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in, or removal from, the district of the property described in the petition.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included or removed and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his or her part to the inclusion of such lands in, or removal of such lands from, the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines in the case of annexation that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems in the case of annexation that it is in the best interest of the district that some portion of the property in the petition not be included in the district, or if in the case of deannexation it deems that it is impracticable for any portion of the property to be deannexed from the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the petition with the circuit clerk. Upon the order of the court having jurisdiction over the district, the property shall be included in, or removed from, the district. If the petition contains the signatures of all the owners of the property pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in, or removed from, the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed or deannexed pursuant to subdivision (1) of subsection 2 of this section, the property shall be included in, or removed from, the district subject to the election provided in section 67.1892. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district, or

removing such property from the district, as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

67.1892. VOTE REQUIRED FOR CHANGE IN BOUNDARIES, WHEN. — 1. If the petition to add or remove any territory or tract of land to the district contained fewer than all of the signatures required pursuant to subdivision (2) of subsection 2 of section 67.1890, the decree of extension or retraction of boundaries shall not become final and conclusive until it has been submitted to an election of the voters residing within the boundaries described in such decree and until it has been assented to by a majority vote of the voters in the newly included area, or the area to be removed, voting on the question. Such election shall be held at the municipal election. Returns of the election shall be certified to the court. If the court finds that a majority of the voters voting thereon shall have voted in favor of the proposition to dissolve the district, the court shall make a final order dissolving the district, and the decree shall contain a proviso that the district shall continue in full force for the purpose of paying all outstanding and lawful obligations and disposing of property of the district; but no additional costs or obligations shall be created except such as are necessary to pay such costs, obligations and liabilities previously incurred, or necessary to the winding up of the district. 3. The dissolution of a district shall not invalidate or affect any right accruing to such district, or to any person, or invalidate or affect any contract or indebtedness entered into or imposed upon such district or person; and whenever the circuit court shall, pursuant to this section, dissolve a district, the court shall appoint some competent person to act as trustee for the district so dissolved and such trustee before entering upon the discharge of his or her duties shall take and subscribe an oath that he or she will faithfully discharge the duties of the office, and shall give bond with sufficient security, to be approved by the court to the use of such dissolved district, for the faithful discharge of his or her duties, and shall proceed to liquidate the district under orders of the court, including the levying of any taxes provided for in sections 67.1860 to 67.1898.

If any municipality abolishes the tax, the municipality shall notify the

director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. 2. The chief executive officer of each law enforcement agency shall, within thirty days after any licensed peace officer departs from employment or otherwise ceases to be commissioned, notify the director on a form to be adopted by the director. Such notice shall state the circumstances surrounding the departure from employment or loss of commission and shall specify any of the following that apply:

(2) The officer violated municipal, state or federal law;

(3) The officer violated the regulations of the law enforcement agency; or

- (5) Has violated a condition of any order of probation lawfully issued by the director; or
- (6) Has violated a provision of this chapter or a rule promulgated pursuant to this chapter.

2. When the director has knowledge of cause to discipline a peace officer license pursuant to this section, the director may cause a complaint to be filed with the administrative hearing commission, which shall conduct a hearing to determine whether the director has cause for discipline, and which shall issue findings of fact and conclusions of law on the matter. The administrative hearing commission shall not consider the relative severity of the cause for discipline or any rehabilitation of the licensee or otherwise impinge upon the discretion of the director to determine appropriate discipline when cause exists pursuant to this section.

3. Upon a finding by the administrative hearing commission that cause to discipline exists, the director shall, within thirty days, hold a hearing to determine the form of discipline to be imposed and thereafter shall probate, suspend, or permanently revoke the license at issue. If the licensee fails to appear at the director's hearing, this shall constitute a waiver of the right to such hearing.

4. Notice of any hearing pursuant to this chapter or section may be made by certified mail to the licensee's address of record pursuant to subdivision (2) of subsection 3 of section 590.130. Proof of refusal of the licensee to accept delivery or the inability of postal authorities to deliver such certified mail shall be evidence that required notice has been given. Notice may be given by publication.

5. Nothing contained in this section shall prevent a licensee from informally disposing of a cause for discipline with the consent of the director by voluntarily surrendering a license or by voluntarily submitting to discipline.

6. The provisions of chapter 621, RSMo, and any amendments thereto, except those provisions or amendments that are in conflict with this chapter, shall apply to and govern the proceedings of the administrative hearing commission and pursuant to this section the rights and duties of the parties involved.

590.090. SUSPENSION OF A LICENSE, WHEN, PROCEDURE. — 1. The director shall have cause to suspend immediately the peace officer license of any licensee who:

- (1) Is under indictment for, is charged with, or has been convicted of the commission of any felony;
- (2) Is subject to an order of another state, territory, the federal government, or any peace officer licensing authority suspending or revoking a peace officer license or certification; or
- (3) Presents a clear and present danger to the public health or safety if commissioned as a peace officer.

2. At any time after the filing of a disciplinary complaint pursuant to section 590.080, if the director determines that probable cause exists to suspend immediately the peace

officer license of the subject of the complaint, the director may, without notice or hearing, issue an emergency order suspending such license until final determination of the disciplinary complaint. Such order shall state the probable cause for the suspension and shall be served upon the licensee by certified mail at the licensee's address of record pursuant to subdivision (2) of subsection 3 of section 590.130. Proof of refusal of the licensee to accept delivery or the inability of postal authorities to deliver such certified mail shall be evidence that required notice has been given. The director shall also notify the chief executive officer of any law enforcement agency currently commissioning the officer. The director shall have authority to dissolve an emergency order of suspension at any time for any reason.

3. A licensee subject to an emergency order of suspension may petition the administrative hearing commission for review of the director's determination of probable cause, in which case the administrative hearing commission shall within five business days conduct an emergency hearing, render its decision, and issue findings of fact and conclusions of law. Sworn affidavits or depositions shall be admissible on the issue of probable cause and may be held sufficient to establish probable cause. The administrative hearing commission shall have no authority to stay or terminate an emergency order of suspension without a hearing pursuant to this subsection. Findings and conclusions made in determining probable cause for an emergency suspension shall not be binding on any party in any proceeding pursuant to section 590.080.

4. Any party aggrieved by a decision of the administrative hearing commission pursuant to this section may appeal to the circuit court of Cole County as provided in section 536.100, RSMo.

590.100. DENIAL OF AN APPLICATION, WHEN — REVIEW PROCESS. — 1. The director shall have cause to deny any application for a peace officer license or entrance into a basic training course when the director has knowledge that would constitute cause to discipline the applicant if the applicant were licensed.

2. When the director has knowledge of cause to deny an application pursuant to this section, the director may grant the application subject to probation or may deny the application. The director shall notify the applicant in writing of the reasons for such action and of the right to appeal pursuant to this section.

3. Any applicant aggrieved by a decision of the director pursuant to this section may appeal within thirty days to the administrative hearing commission, which shall conduct a hearing to determine whether the director has cause for denial, and which shall issue findings of fact and conclusions of law on the matter. The administrative hearing commission shall not consider the relative severity of the cause for denial or any rehabilitation of the applicant or otherwise impinge upon the discretion of the director to determine whether to grant the application subject to probation or deny the application when cause exists pursuant to this section. Failure to submit a written request for a hearing to the administrative hearing commission within thirty days after a decision of the director pursuant to this section shall constitute a waiver of the right to appeal such decision.

4. Upon a finding by the administrative hearing commission that cause for denial exists, the director shall not be bound by any prior action on the matter and shall, within thirty days, hold a hearing to determine whether to grant the application subject to probation or deny the application. If the licensee fails to appear at the director's hearing, this shall constitute a waiver of the right to such hearing.

5. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general

(3) All CASA programs being considered for funding shall be recognized by and affiliated with the state and national CASA associations.

4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the Missouri CASA fund shall not revert to the credit of the general revenue fund at the end of the biennium.

3. Any party receiving a judgment final for purposes of appeal for punitive damages in any case filed in any division of any circuit court of the state of Missouri shall notify the attorney general of the state of Missouri of such award, except for actions claiming improper health care pursuant to chapter 538, RSMo. The state of Missouri shall have a lien for deposit into the tort victims' compensation fund to the extent of fifty percent of the punitive damage final judgment which shall attach in any such case after deducting attorney's fees and expenses. In each case, the attorney general shall serve a lien notice by certified mail or registered mail upon the party or parties against whom the state has a claim for collection of its share of a punitive damage final judgment. On a petition filed by the state, the court, on written notice to all interested parties, shall adjudicate the rights of the parties and enforce the lien. The lien shall not be satisfied out of any recovery until the attorney's claim for fees and expenses is paid. The state can file its lien in all cases

where punitive damages are awarded upon the entry of the judgment final for purposes of appeal. The state cannot enforce its lien until there is a punitive damage final judgment. Cases resolved by arbitration, mediation or compromise settlement prior to a punitive damage final judgment are exempt from the provisions of this section. Nothing in this section shall hinder or in any way affect the right or ability of the parties to any claim or lawsuit to compromise or settle such claim or litigation on any terms and at any time the parties desire.

[3.] 4. The state of Missouri shall have no interest in or right to intervene at any stage of any judicial proceeding [under] pursuant to this section, except to enforce its lien rights as provided in subsection 3 of this section.

[4. No disbursement shall be made from the tort victims' compensation fund until procedures for disbursement are established by further action of the general assembly.]

5. There is hereby established in the state treasury the "Legal Services for Low-Income People Fund", which shall consist of twenty-six percent of all payments received into the tort victims' compensation fund and all interest accruing on the principal, regardless of source or designation including twenty-six percent of the money that upon the effective date of this act is in the tort victims' compensation fund. Moneys, funds or payments paid to the credit of the legal services for low-income people fund shall, at least as often as annually, upon appropriation, be distributed to the legal services organizations in Missouri which are recipients of federal Legal Services Corporation funding and shall be used for no other purpose than as authorized pursuant to sections 537.675 to 537.693. The funds so distributed shall be used by legal services organizations in Missouri solely to provide legal services to its low-income population. Funds shall be allocated according to the most recent official census data from the Bureau of Census, United States Department of Commerce for people in poverty residing in Missouri. Notwithstanding the provisions of section 33.080, RSMo, any balance remaining in the legal services for low-income people fund at the end of any biennium shall not be transferred to general revenue, but shall remain in the fund and be distributed in accordance with the provisions of this section. Moneys in the tort victims' compensation fund shall not be used to pay any portion of a refund mandated by article X, section 18 of the constitution.

537.678. PERCENTAGE OF FUND TO BE USED TO ASSIST UNCOMPENSATED TORT VICTIMS — FILING OF CLAIMS, PROCEDURE. — 1. Seventy-four percent of all payments received by the tort victims' compensation fund regardless of source or designation shall, upon appropriation, be appropriated to the division of workers' compensation to assist uncompensated tort victims and shall be used for no other purpose. Notwithstanding the provisions of section 33.080, RSMo, any balance remaining in the budget of the division of workers' compensation for compensation of uncompensated tort victims shall not be transferred to general revenue but shall remain in the fund. Moneys in the tort victims' compensation fund shall not be used to pay any portion of a refund mandated by article X, section 18 of the constitution.

2. The division of workers' compensation shall, pursuant to the provisions of sections 537.678 to 537.693, have jurisdiction to determine and award compensation to or on behalf of uncompensated tort victims. The requirement that the uncompensated tort victim has obtained a final judgment may be waived by the division based upon the tortfeasor's bankruptcy, inability to identify the tortfeasor or inability to obtain service of process on the tortfeasor after making a good faith effort to do so or the claim against tortfeasor has been settled for the insurance policy limits available to cover the liability of such tortfeasor and such policy limits are inadequate in light of the injury suffered by the tort victim. The division is not required to award compensation, nor is it required to award the full amount claimed. The division shall base its award of compensation upon independent verification obtained during its investigation. In no case shall the amount

paid to the individual exceed the lesser of either the net award granted by the court or jury, or the amount remaining in the tort victims' compensation fund, provided, however, that no award shall exceed three hundred thousand dollars.

3. Claims shall be made by filing an application for compensation with the division. The division shall furnish an application form which shall include:

- (1) The name and address of the uncompensated tort victim;
- (2) If the claimant is not the uncompensated tort victim, the name and address of the claimant and relationship to the victim, the name and address of any dependents of the victim, and the extent to which each is so dependent;
- (3) The date and nature of the tort on which the application for compensation is based;
- (4) The date and court in which a judgment was rendered against the tortfeasor, including the judgment amount specifying medical costs, if available. If no final judgment was obtained and the claimant is requesting a waiver pursuant to subsection 2 of this section, the application shall include a statement establishing the basis for a waiver;
- (5) The nature and extent of the injuries sustained by the victim, the names and addresses of those giving medical and hospital treatment to the victim and whether death resulted;
- (6) The loss to the claimant or a dependent resulting from the injury or death;
- (7) The amount of benefits, payments or awards, if any, payable from any source that the claimant or dependent has received or for which the claimant or dependent is eligible as a result of the injury or death;
- (8) Releases by the claimant authorizing any reports, documents and other information relating to the matters specified pursuant to this section to be obtained by the division; and
- (9) Any other information as the division determines is necessary.

4. In addition to the application, the division may require that the claimant submit materials substantiating the facts stated in the application.

5. If the division finds that an application does not contain the required information or that the facts stated therein have not been substantiated, it shall notify the claimant in writing of the specific additional items or information or materials required and that the claimant has thirty days from the date of mailing in which to furnish those items to the division. Unless a claimant requests and is granted an extension of time by the division, the division may reject, without prejudice to refiling of another application for the same matter, the claim of the claimant for failure to file the additional information or materials within the specified time. Extensions of time to file such additional information shall be freely granted.

6. The claimant may file an amended application or additional substantiating materials to correct inadvertent errors or omissions at any time before the division has completed its consideration of the original application.

7. Any state or local agency, including a prosecuting attorney or law enforcement agency, shall make available without cost to the fund, all reports, files and other appropriate information that the division requests in order to make a determination that a claimant is eligible for an award pursuant to sections 537.675 to 537.693.

8. Any notice required pursuant to sections 537.675 to 537.693, with the exception of the lien notice required by subsection 3 of section 537.675, shall be sent by first class mail, postage prepaid, to the party's last known address or to the last known address of the party's attorney or other legal representative.

537.681. ELIGIBILITY REQUIREMENTS — WAIVER OF CERTAIN REQUIREMENTS, WHEN — INCARCERATED VICTIM, PROCEDURE. — 1. The following persons shall be eligible for compensation pursuant to sections 537.675 to 537.693:

(1) An uncompensated tort victim; and
(2) In the case of the death of the uncompensated tort victim as a direct result of the tort:

(a) The class of persons identified in subsection 1 of section 537.080; and
(b) Any relative of the uncompensated tort victim who legally assumes the obligation for, or who has incurred medical or burial expenses as a direct result of the tort at issue.

2. An uncompensated tort victim that is found personally liable on a cross-complaint of tort, or found to have been contributorily or comparatively negligent, shall only be eligible to receive compensation to the extent of the favorable net amount awarded by the judge or jury. No uncompensated tort victim or other eligible claimant shall be denied compensation solely because such person is a relative of the tortfeasor or was living with the tortfeasor as a family or household member at the time of the injury or death. The division, however, may award compensation to a victim or other eligible claimant only if the division can reasonably determine that the tortfeasor will receive no substantial economic benefit or unjust enrichment from the compensation.

3. The division may waive the requirements of paragraph (e) of subdivision (5) of subsection 1 of section 537.675 if it determines that the interest of justice would be served by doing so.

4. In the case of an uncompensated tort victim or other eligible claimant who is incarcerated as a result of a conviction of a crime not related to the incident which is the basis for the claimant's application:

(1) The division shall suspend all proceedings and payments until such time as the uncompensated tort victim or other eligible claimant is released from incarceration;

(2) The division shall notify the claimant at the time the proceedings are suspended of the right to reactivate the claim within six months of his or her release from incarceration;

(3) The uncompensated tort victim or other eligible claimant may file an application to request that the case be reactivated not later than six months after the date he or she is released from incarceration. Failure to file such request within the six-month period shall serve as a bar to any recovery.

537.684. FILING OF A CLAIM, DETERMINING COMPENSATION, PROCEDURE — PAYMENT OF CLAIMS. — 1. A claim for compensation may be filed by a person eligible for compensation or, if the person is an incapacitated or disabled person, or a minor, by the person's spouse, parent, conservator or guardian.

2. A claim shall be filed not later than two years after the judgment upon which it is based becomes final and all appeals are final, except with regard to the initial claims period. If there is no judgment, claims must be filed within time limits prescribed pursuant to section 516.120, RSMo, except for cases resulting in death, in which case claims must be filed within time limits prescribed pursuant to section 537.100, except with regard to the initial claims period. With regard to the initial claims period, any claim may be filed that is based upon a judgment that is not expired or that is based upon a claim not reduced to judgment for a reason allowed by subsection 2 of section 537.678, and which would not be barred by the applicable statute of limitations if the tortfeasor could be served with process or had not taken bankruptcy.

3. Each claim shall be filed in person or by mail. The division shall investigate such claim prior to the opening of formal proceedings. The director of the division shall assign an administrative law judge, associate administrative law judge or legal advisor within the division to hear any claim for compensation filed. The claimant shall be notified of the date and time of any hearing on the claim. In determining the amount of compensation for which a claimant is eligible, the division shall:

(1) Consider the facts stated on the application filed pursuant to section 537.678;

(2) Obtain a copy of the final judgment, if any, from the appropriate court;
(3) Determine the amount of the loss to the claimant, or the victim's survivors or dependents; and

(4) If there is no final judgment, determine the degree or extent to which the victim's acts or conduct provoked, incited or contributed to the injuries or death of the victim.

4. The claimant may present evidence and testimony on his or her own behalf or may retain counsel.

5. Prior to any hearing, the person filing a claim shall submit reports, if available, from all hospitals, physicians or surgeons who treated or examined the victim for the injury for which compensation is sought. If, in the opinion of the division, an examination of the injured victim or a report on the cause of death of the victim would be of material aid, the division may appoint a duly qualified, impartial physician to make an examination and report. A finding of the judge or jury in the underlying case shall be considered as evidence.

6. Each and every payment shall be exempt from attachment, garnishment or any other remedy available to creditors for the collection of a debt, provided however, this section shall not in any way affect the right of any attorney who represents or represented any claimant to collect any fee or expenses to which he or she is entitled.

7. Payments of compensation shall not be made directly to any person legally incompetent to receive them but shall be made to the parent, guardian or conservator for the benefit of such minor, disabled or incapacitated person.

8. Payment of all claims from the fund shall be made on the following basis, to-wit:

(1) With regard to all claims that are made during the initial claims period, the division shall determine the aggregated amount of all awards made on these claims. Such determination shall be made on or before June 30, 2003. If the aggregate value of the awards does not exceed the total amount of money in the fund, then the awards shall be paid in full on or before September 30, 2003. If the aggregate value of the awards does exceed the total amount of money in the fund, then the awards shall be paid on a prorata basis on or before September 30, 2003.

(2) With regard to all claims that are made after the initial claims period, the division shall determine the aggregate amount of all awards made on those claims filed during an annual claims period. Such determination shall be made on or before the 30th day of June in the next succeeding year. If the aggregate value of the awards does not exceed the total amount of money in the fund, then the awards shall be paid in full on or before the 30th day of September in the next succeeding year. If the aggregate value of the awards does exceed the total amount of money in the fund, then the awards shall be paid on a prorata basis on or before the 30th day of September in the next succeeding year.

9. If there are no funds available, then no claim shall be paid until funds have accumulated in the tort victims' compensation fund and have been appropriated to the division for payment to uncompensated tort victims. When sufficient funds become available for payment of claims of uncompensated tort victims, awards that have been determined but have not been paid shall be paid in chronological order with the oldest paid first, based upon the date on which the application was filed with the division. Any award pursuant to this subsection that cannot be paid due to a lack of funds appropriated for payment of claims of uncompensated tort victims shall not constitute a claim against the state.

10. In the event there are no funds available for payment of claims, then the division may suspend all action related to valuing claims and granting awards until such time as funds in excess of one hundred thousand dollars have accumulated in the tort victims' compensation fund, at which time the division shall resume its claim processing duties.

537.687. MEDICAL RECORDS SUBMITTED, WHEN — VIOLATION, PENALTY. — 1. Upon request by the division for verification of injuries of victims, a medical provider shall submit medical records and other information requested by the division. Any costs to the claimant for obtaining and providing such information may be submitted as part of the claim.

2. Failure to submit the information as required by this section shall be an infraction.

537.690. PETITION FOR REVIEW OF A DECISION BY THE DIVISION FILED WITH COMMISSION — JUDICIAL REVIEW PERMITTED, WHEN. — 1. Any of the parties to a decision of the division on a claim heard under the provisions of sections 537.675 to 537.693 may, within thirty days following the date of notification or mailing of such decision, file a petition with the labor and industrial relations commission to have the decision reviewed by the commission. The commission may allow or deny a petition for review. If a petition is allowed, the commission may affirm, reverse or set aside the decision of the division on the basis of the evidence previously submitted in such case or may take additional evidence or may remand the matter to the division with directions. The commission shall promptly notify the parties of its decision and the reasons therefore.

2. Any petition for review filed pursuant to subsection 1 of this section shall be deemed to be filed as of the date endorsed by the United States Postal Service on the envelope or container in which such petition is received.

3. Any party who is aggrieved by a final decision of the commission entered pursuant to the provisions of subsections 1 and 2 of this section may seek judicial review thereof by appealing, within twenty days of a final decision to the appellate court having jurisdiction in the area where the appellant resides. In such proceedings the attorney general, on behalf of the tort victims' compensation fund, shall defend the decision of the commission. The commission shall not be a party in such actions.

537.693. RIGHT OF SUBROGATION, PAYMENT OF A CLAIM — DIVISION LIEN ON ANY COMPENSATION RECEIVED BY CLAIMANT — RULEMAKING AUTHORITY. — 1. Payment of any compensation pursuant to sections 537.675 to 537.693 shall vest in the state of Missouri a right of subrogation to the extent of such compensation paid, to any right or right of action of the claimant to recover payments with respect to which the compensation has been paid and to enforce the underlying judgment against the tortfeasor. The attorney general may enforce the subrogation interest, and may file suit to enforce that right of subrogation.

2. The division shall have a lien on any compensation received by the claimant from the tortfeasor or the tortfeasor's agent after payment by the division to the claimant, in addition to compensation received pursuant to the provisions of sections 537.675 to 537.693, for injuries or death resulting from the incident upon which the claim is based. The claimant shall retain, as trustee for the division, so much of the recovered funds as necessary to reimburse the Missouri tort victims' compensation fund to the extent that compensation was paid to the claimant from that fund.

3. If a claimant initiates any legal proceeding to recover restitution or damages or enforce the underlying judgment related to the tort upon which the claim is based, or if the claimant enters into negotiations to receive any proceeds in settlement or a claim for restitution or damages related to the tort, the claimant shall give the division written notice within fifteen days of the filing of the action or entering into negotiations. The division may intervene in the proceeding of a claimant to enforce its subrogation interest. If a claimant fails to give such written notice to the division within the stated time period or prior to any attempt by claimant to reach a negotiated settlement of claims for recovery of damages related to the tort upon which the claim is based, the division's right of

subrogation to receive or recover funds from claimant, to the extent that compensation was awarded by the division, shall not be reduced in any amount or percentage by the costs incurred by claimant attributable to such legal proceedings or settlement, including, but not limited to, attorney's fees, investigative costs or court costs; however, if the claimant provides written notice to the division as required in this section then the subrogation interest of the division shall be reduced by a percentage equal to the percentage that the attorney's fees and expenses incurred by the claimant bears to the total recovery.

4. Whenever the division shall deem it necessary to protect, maintain or enforce the division's right to subrogation or to exercise any of its powers to carry out any of its duties or responsibilities, the attorney general may initiate legal proceedings or intervene in legal proceedings as the division's legal representative.

5. The division is hereby granted authority to adopt rules and regulations, consistent with the provisions of sections 537.678 to 537.693, which rules and regulations may govern application for and distribution of those moneys appropriated to the division from the tort victims' compensation fund.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in subsection 5 of this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

447.708. TAX CREDITS, CRITERIA, CONDITIONS — DEFINITIONS. — 1. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150, RSMo, and sections 135.200 to [135.256] **135.257**, RSMo. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220, RSMo, and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225, RSMo, are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is "a person difficult to employ" as defined by section 135.240, RSMo, and investment tax credits at the same amounts and levels as provided in subdivision (4) **of subsection 1** of section 135.225, RSMo;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245, RSMo, for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471, RSMo, who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (9) of section 135.100, RSMo;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined

by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (7) of section 135.100, RSMo, which is used at and in connection with the eligible project. "New qualified investment" shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section, shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition [and], asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575, RSMo.

(2) **The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits otherwise allowed in this section, grant a demolition tax credit to the applicant for up to one hundred percent of the costs of demolition that are not part of the voluntary remediation activities, provided that the demolition is either on the property where the voluntary remediation activities are occurring or on any adjacent property, and that the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development.**

(3) The amount of remediation **and demolition** tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(4) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo, or the tax otherwise imposed by chapter 147, RSMo, or the tax otherwise imposed by chapter 148, RSMo. The remediation **and demolition** tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(5) The project facility [is] **shall be** projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, **to be eligible for tax credits pursuant to this section.**

(6) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the

department of natural resources issues a "Letter of Completion" letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked, if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 to 6 of section 135.250, RSMo. The director of the department of economic development shall notify the directors of the departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, RSMo, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, RSMo, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

- (1) That portion of the taxpayer's income attributed to the eligible project; or
- (2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225, RSMo, and subsection 3 of this section, may apply, shall be determined in the same manner as prescribed in subdivision (6) of section 135.100, RSMo. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (6) of section 135.100, RSMo.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which

the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section, to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

— 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless the board of directors of the transportation development district submits to the qualified voters of the transportation development district, [at a state general, primary, or special election,] a proposal to authorize the board of directors of the transportation development district to impose a tax pursuant to the provisions of this section.

(2) The ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of (transportation development district's name) impose a transportation development district-wide sales tax at the rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the month following adoption of the tax by the qualified voters.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such

tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed [at a rate] **in increments** of one-eighth of one percent, [one-fourth of one percent, three-eighths of one percent, one-half of one percent or one] **up to a maximum of one** percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the transportation development district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the transportation development district.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes collected by the transportation development district shall be deposited by the transportation development district in a special fund to be expended for the purposes authorized in this section. The transportation development district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

238.252. POWERS — GENERALLY. — In addition to all other powers granted by sections 238.200 to 238.275 the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

All outright purchases of personal property in excess of one thousand dollars between the district and any private person, firm or corporation shall be competitively bid and shall be awarded to the lowest and best bidder;

- (4) To collect and disburse funds for its activities; and
- (5) To exercise such other implied powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

SECTION B. EMERGENCY CLAUSE. — Because transportation districts help reduce traffic congestion and improve overall highway safety, the repeal and reenactment of sections 238.207, 238.216, 238.220, 238.235 and 238.252 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 238.207, 238.216, 238.220, 238.235 and 238.252 of this act shall be in full force and effect upon its passage and approval.

All expenses and costs incident to the proceedings under this subsection shall be paid by the company or companies bringing the petition.

3. The shares of any subsidiary life insurance company acquired or held under the provisions of this section by a parent life insurance company organized under the provisions of chapter 376, RSMo, shall be eligible for deposit by the parent life insurance company as provided in section 376.170, RSMo, at a value no greater than the proportion of the capital and surplus of the subsidiary company as shown by its last annual statement filed in the state of its domicile represented by the shares held by the parent life insurance company, but only to the extent that the capital and surplus is represented by cash or securities of the kind and type eligible for deposit under the provisions of section 376.170, RSMo, and other applicable statutes.

(1) Shall administer a trust or estate under the terms of the trust or the will, even if there is a different provision in sections 469.401 to 469.467;

(2) May administer a trust or estate by exercising a discretionary power of administration given to the fiduciary by the terms of the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by sections 469.401 to 469.467;

(3) Shall administer a trust or estate pursuant to sections 469.401 to 469.467 if the terms of the trust or the will do not contain a different provision or do not give the fiduciary a discretionary power of administration; and

(4) Shall add a receipt or charge a disbursement to principal to the extent that the terms of the trust and sections 469.401 to 469.467 do not provide a rule for allocating the receipt or disbursement to or between principal and income.

2. In exercising the power to adjust pursuant to section 469.405 or a discretionary power of administration regarding a matter within the scope of sections 469.401 to

469.467, whether granted by the terms of a trust, a will, or sections 469.401 to 469.467, a fiduciary shall administer a trust or estate impartially, based on what is fair and reasonable to all of the beneficiaries, except to the extent that the terms of the trust or the will clearly manifest an intent that the fiduciary shall or may favor one or more of the beneficiaries. A determination in accordance with sections 469.401 to 469.467 is presumed to be fair and reasonable to all of the beneficiaries.

469.405. ADJUSTMENTS BETWEEN PRINCIPAL AND INCOME PERMITTED BY TRUSTEE, FACTORS TO BE CONSIDERED — NO ADJUSTMENT PERMITTED, WHEN. — 1. A trustee may adjust between principal and income to the extent the trustee considers necessary if the trustee invests and manages trust assets as a prudent investor, the terms of the trust describe the amount that may or shall be distributed to a beneficiary by referring to the trust's income, and the trustee determines, after applying subsection 1 of section 469.403, that the trustee is unable to comply with subsection 2 of section 469.403.

2. In deciding whether and to what extent to exercise the power conferred by subsection 1 of this section, a trustee shall consider all factors relevant to the trust and its beneficiaries, including the following factors to the extent relevant:

- (1) The nature, purpose and expected duration of the trust;
- (2) The intent of the settlor;
- (3) The identity and circumstances of the beneficiaries;
- (4) The needs for liquidity, regularity of income, and preservation and appreciation of capital;
- (5) The assets held in the trust, including the extent to which such assets consist of financial assets, interests in closely held enterprises, tangible and intangible personal property, or real property, and the extent to which such assets are used by a beneficiary, and whether such assets were purchased by the trustee or received from the settlor;
- (6) The net amount allocated to income pursuant to sections 469.401 to 469.467, other than this section, and the increase or decrease in the value of the principal assets, which the trustee may estimate as to assets for which market values are not readily available;
- (7) Whether and to what extent the terms of the trust give the trustee the power to invade principal or accumulate income, or prohibit the trustee from invading principal or accumulating income, and the extent to which the trustee has exercised a power from time to time to invade principal or accumulate income;
- (8) The actual and anticipated effect of economic conditions on principal and income and effects of inflation and deflation; and
- (9) The anticipated tax consequences of an adjustment.

3. A trustee may not make an adjustment:

- (1) That diminishes the income interest in a trust which requires all of the income to be paid at least annually to a spouse and for which an estate tax or gift tax marital deduction would be allowed, in whole or in part, if the trustee did not have the power to make the adjustment;
- (2) That reduces the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion;
- (3) That changes the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets;
- (4) From any amount that is permanently set aside for charitable purposes under a will or the terms of a trust to the extent that the existence of the power to adjust would change the character of the amount set aside for federal income, gift or estate tax purposes;
- (5) If possessing or exercising the power to make an adjustment causes an individual to be treated as the owner of all or part of the trust for income tax purposes, and the

individual would not be treated as the owner if the trustee did not possess the power to make an adjustment;

(6) If possessing or exercising the power to make an adjustment causes all or part of the trust assets to be included for estate tax purposes in the estate of an individual who has the power to remove or appoint a trustee, or both, and the assets would not be included in the estate of the individual if the trustee did not possess the power to make an adjustment;

(7) If the trustee is a beneficiary of the trust; or

(8) If the trustee is not a beneficiary, but the adjustment would benefit the trustee directly or indirectly.

4. If subdivision (5), (6), (7) or (8) of subsection 3 of this section applies to a trustee and there is more than one trustee, a co-trustee to whom the provision does not apply may make the adjustment unless the exercise of the power by the remaining trustee or trustees is not permitted by the terms of the trust.

5. A trustee may release the entire power conferred by subsection 1 of this section, or may release only the power to adjust from income to principal or the power to adjust from principal to income if the trustee is uncertain about whether possessing or exercising the power will cause a result described in subdivisions (1) to (6) or subdivision (8) of subsection 3 of this section, or if the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subsection 3 of this section. The release may be permanent or for a specified period, including a period measured by the life of an individual.

6. Terms of a trust that limit the power of a trustee to make an adjustment between principal and income do not affect the application of this section unless it is clear from the terms of the trust that the terms are intended to deny the trustee the power of adjustment conferred by subsection 1 of this section.

469.409. BAR ON CLAIM OF BREACH OF FIDUCIARY DUTIES, WHEN — APPLICABLE RULES. — 1. Any claim for breach of a trustee's duty to impartially administer a trust related, directly or indirectly, to an adjustment made by a fiduciary to the allocation between principal and income pursuant to subsection 1 of section 469.405 or any allocation made by the fiduciary pursuant to any authority or discretion specified in subsection 1 of section 469.403, unless previously barred by adjudication, consent or other limitation, shall be barred as provided in this section. Any such claim is barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust, no matter how remote or contingent, or whether or not the beneficiary is ascertainable or has the capacity to contract, within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim.

2. For purposes of this section the following rules shall apply:

(1) A report adequately discloses the facts constituting a claim if it provides sufficient information so that the beneficiary should know of the claim or reasonably should have inquired into its existence;

(2) A qualified beneficiary is deemed to have been sent a report if:

(a) In the case of a qualified beneficiary who has the capacity to contract, the report is either delivered personally to the beneficiary or sent to the beneficiary at the beneficiary's last known address;

(b) In the case of a qualified beneficiary who lacks the capacity to contract, the report is either hand delivered to a person with respect to whom pursuant to subdivision (2) of section 472.300, RSMo, an order would bind that beneficiary with respect to the subject of the claim or sent to the person at that person's last known address, provided that there

is no conflict of interest between that person and the qualified beneficiary that person is representing;

(3) The determination of the identity of all qualified beneficiaries shall be made on the date the report is deemed to have been sent; and

(4) This section does not preclude an action to recover for fraud or misrepresentation related to the report.

469.411. DETERMINATION OF UNITRUST AMOUNT — DEFINITIONS — EXCLUSIONS TO NET FAIR MARKET VALUE OF ASSETS — APPLICABILITY OF SECTION TO CERTAIN TRUSTS. — 1. If the provisions of this section apply to a trust, the unitrust amount shall be determined as follows:

(1) For the first three accounting periods of the trust, the unitrust amount for a current valuation year of the trust shall be three percent, or any higher percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the net fair market values of the assets held in the trust on the first business day of the current valuation year;

(2) Beginning with the fourth accounting period of the trust, the unitrust amount for a current valuation year of the trust shall be three percent, or any higher percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the average of the net fair market values of the assets held in the trust on the first business day of the current valuation year and the net fair market values of the assets held in the trust on the first business day of each prior valuation year;

(3) The unitrust amount for the current valuation year computed pursuant to subdivision (1) or (2) of this subsection shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current valuation year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt, other than a receipt that represents a return on investment, of any additional property into the trust within a current valuation year;

(4) For purposes of subdivision (2) of this subsection, the net fair market values of the assets held in the trust on the first business day of a prior valuation year shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior valuation year pursuant to subdivision (3) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior valuation year;

(5) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis;

(6) In the case where the net fair market value of an asset held in the trust has been incorrectly determined either in a current valuation year or in a prior valuation year, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.

2. As used in this section, the following terms mean:

(1) "Current valuation year", the accounting period of the trust for which the unitrust amount is being determined;

(2) "Prior valuation year", each of the two accounting periods of the trust immediately preceding the current valuation year.

3. In determining the sum of the net fair market values of the assets held in the trust for purposes of subdivisions (1) and (2) of subsection 1 of this section, there shall not be included the value of:

(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or

(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.

4. In determining the net fair market value of each asset held in the trust pursuant to subdivisions (1) and (2) of subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.

5. This section shall apply to the following trusts:

(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;

(2) Any trust created under an instrument that became irrevocable on or before August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply two years from August 28, 2001, unless the instrument creating the trust provides otherwise. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Delivery of the notice to a person with respect to whom, pursuant to subdivision (2) of section 472.300, RSMo, an order would bind a beneficiary of the trust is delivery of notice to that beneficiary for all purposes of this subsection. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is three percent or greater, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section 469.409;

(3) No action of any kind based on an election made or not made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from August 28, 2001.

469.413. DEATH OF DECEDENT OR END OF INCOME INTEREST, APPLICABLE RULES. —

After a decedent dies, in the case of an estate, or after an income interest in a trust ends, the following rules apply:

(1) A fiduciary of an estate or of a terminating income interest shall determine the amount of net income and net principal receipts received from property specifically given to a beneficiary pursuant to the rules in sections 469.417 to 469.461 which apply to trustees and the rules in subdivision (5) of this section. The fiduciary shall distribute the net income and net principal receipts to the beneficiary who is to receive the specific property;

(2) A fiduciary shall determine the remaining net income of a decedent's estate or a terminating income interest pursuant to the rules in sections 469.417 to 469.461 which apply to trustees and by:

(a) Including in net income all income from property used to discharge liabilities;

(b) Paying from income or principal, in the fiduciary's discretion, fees of attorneys, accountants and fiduciaries; court costs and other expenses of administration; and interest on death taxes, but the fiduciary may pay those expenses from income of property passing to a trust for which the fiduciary claims an estate tax marital or charitable deduction only to the extent that the payment of those expenses from income will not cause the reduction or loss of the deduction; and

(c) Paying from principal all other disbursements made or incurred in connection with the settlement of a decedent's estate or the winding up of a terminating income interest, including debts, funeral expenses, disposition of remains, family allowances, and death taxes and related penalties that are apportioned to the estate or terminating income interest by the will, the terms of the trust, or applicable law;

(3) A fiduciary shall distribute to a beneficiary who receives a pecuniary amount outright the interest or any other amount provided by the will, the terms of the trust, or in the absence of any such provisions, the provisions of section 473.633, RSMo, from net income determined pursuant to subdivision (2) of this section or from principal to the extent that net income is insufficient. If a beneficiary is to receive a pecuniary amount outright from a trust after an income interest ends and no interest or other amount is provided for by the terms of the trust or applicable law, the fiduciary shall distribute the interest or other amount to which the beneficiary would be entitled under applicable law if the pecuniary amount were required to be paid under a will;

(4) A fiduciary shall distribute the net income remaining after distributions required by subdivision (3) of this section in the manner described in section 469.415 to all other beneficiaries, including a beneficiary who receives a pecuniary amount in trust, even if the beneficiary holds an unqualified power to withdraw assets from the trust or other presently exercisable general power of appointment over the trust;

(5) A fiduciary may not reduce principal or income receipts from property described in subdivision (1) of this section because of a payment described in sections 469.451 and 469.453 to the extent that the will, the terms of the trust, or applicable law requires the fiduciary to make the payment from assets other than the property or to the extent that the fiduciary recovers or expects to recover the payment from a third party. The net income and principal receipts from the property are determined by including all of the amounts the fiduciary receives or pays with respect to the property, whether those amounts accrued or became due before, on or after the date of a decedent's death or an income interest's terminating event, and by making a reasonable provision for amounts that the fiduciary believes the estate or terminating income interest may become obligated to pay after the property is distributed.

469.415. RIGHTS OF BENEFICIARIES TO NET INCOME. — 1. Each beneficiary described in subdivision (4) of section 469.413 is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in undistributed principal assets, using values as of the distribution date. If a fiduciary makes more than one distribution of assets to beneficiaries to whom this section applies, each beneficiary, including one who does not receive part of the distribution, is entitled, as of each distribution date, to the net income

the fiduciary has received after the date of death or terminating event or earlier distribution date but has not distributed as of the current distribution date.

2. In determining a beneficiary's share of net income, the following rules apply:

(1) The beneficiary is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in the undistributed principal assets immediately before the distribution date, including assets that later may be sold to meet principal obligations;

(2) The beneficiary's fractional interest in the undistributed principal assets shall be calculated without regard to property specifically given to a beneficiary and property required to pay pecuniary amounts not in trust;

(3) The beneficiary's fractional interest in the undistributed principal assets shall be calculated on the basis of the aggregate value of those assets as of the distribution date without reducing the value by any unpaid principal obligation;

(4) The distribution date for purposes of this section may be the date as of which the fiduciary calculates the value of the assets if that date is reasonably near the date on which assets are actually distributed.

3. If a fiduciary does not distribute all of the collected but undistributed net income to each person as of a distribution date, the fiduciary shall maintain appropriate records showing the interest of each beneficiary in that net income.

4. A fiduciary may apply the rules in this section, to the extent that the fiduciary considers it appropriate, to net gain or loss realized after the date of death or terminating event or earlier distribution date from the disposition of a principal asset if this section applies to the income from the asset.

469.417. BENEFICIARY ENTITLED TO NET INCOME, WHEN — ASSET SUBJECT TO TRUST, WHEN — INCOME INTEREST. — 1. An income beneficiary is entitled to net income from the date on which the income interest begins. An income interest begins on the date specified in the terms of the trust or, if no date is specified, on the date an asset becomes subject to a trust or successive income interest.

2. An asset becomes subject to a trust:

(1) On the date it is transferred to the trust in the case of an asset that is transferred to a trust during the transferor's life;

(2) On the date of a testator's death in the case of an asset that becomes subject to a trust by reason of a will, even if there is an intervening period of administration of the testator's estate; or

(3) On the date of an individual's death in the case of an asset that is transferred to a fiduciary by a third party because of the individual's death.

3. An asset becomes subject to a successive income interest on the day after the preceding income interest ends, as determined pursuant to subsection 4 of this section, even if there is an intervening period of administration to wind up the preceding income interest.

4. An income interest ends on the day before an income beneficiary dies or another terminating event occurs, or on the last day of a period during which there is no beneficiary to whom a trustee may distribute income.

469.419. TRUSTEE TO ALLOCATE INCOME RECEIPT OR DISBURSEMENT, WHEN. — 1. A trustee shall allocate an income receipt or disbursement other than one to which section 469.413 applies to principal if its due date occurs before a decedent dies in the case of an estate or before an income interest begins in the case of a trust or successive income interest.

2. A trustee shall allocate an income receipt or disbursement to income if its due date occurs on or after the date on which a decedent dies or an income interest begins and it is a periodic due date. An income receipt or disbursement shall be treated as accruing

from day to day if its due date is not periodic or it has no due date. The portion of the receipt or disbursement accruing before the date on which a decedent dies or an income interest begins shall be allocated to principal and the balance shall be allocated to income.

3. An item of income or an obligation is due on the date a payment is required. If a payment date is not stated, there is no due date for the purposes of sections 469.401 to 469.467. Distributions to shareholders or other owners from an entity to which section 469.423 applies are deemed to be due on the date fixed by the entity for determining who is entitled to receive the distribution or, if no date is fixed, on the declaration date for the distribution. A due date is periodic for receipts or disbursements that shall be paid at regular intervals under a lease or an obligation to pay interest or if an entity customarily makes distributions at regular intervals.

469.421. MANDATORY INCOME INTEREST, UNDISTRIBUTED INCOME, PAID WHEN. — 1. For purposes of this section, the phrase "undistributed income" means net income received before the date on which an income interest ends. The phrase does not include an item of income or expense that is due or accrued, or net income that has been added or is required to be added to principal under the terms of the trust.

2. When a mandatory income interest ends, the trustee shall pay to a mandatory income beneficiary who survives that date, or the estate of a deceased mandatory income beneficiary whose death causes the interest to end, the beneficiary's share of the undistributed income that is not disposed of under the terms of the trust unless the beneficiary has an unqualified power to revoke more than five percent of the trust immediately before the income interest ends. In the latter case, the undistributed income from the portion of the trust that may be revoked shall be added to principal.

3. When a trustee's obligation to pay a fixed annuity or a fixed fraction of the value of the trust's assets ends, the trustee shall prorate the final payment if and to the extent required by applicable law to accomplish a purpose of the trust or its settlor relating to income, gift, estate or other tax requirements.

469.423. ALLOCATIONS BY TRUSTEE — ENTITY DEFINED. — 1. For purposes of this section, the term "entity" means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest, other than a trust or estate to which section 469.425 applies, a business or activity to which section 469.427 applies, or an asset-backed security to which section 469.447 applies.

2. Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

3. A trustee shall allocate the following receipts from an entity to principal:

- (1) Property other than money;
- (2) Money received in one distribution or a series of related distributions in exchange for part or all of a trust's interest in the entity;
- (3) Money received in total or partial liquidation of the entity; and
- (4) Money received from an entity that is a regulated investment company or a real estate investment trust if the money distributed is a capital gain dividend for federal income tax purposes.

4. Money is received in partial liquidation:

- (1) To the extent that the entity, at or near the time of a distribution, indicates that such money is a distribution in partial liquidation; or
- (2) If the total amount of money and property received in a distribution or series of related distributions is greater than twenty percent of the entity's gross assets, as shown by the entity's year-end financial statements immediately preceding the initial receipt.

5. Money is not received in partial liquidation, nor may it be taken into account pursuant to subdivision (2) of subsection 4 of this section, to the extent that such money does not exceed the amount of income tax that a trustee or beneficiary shall pay on taxable income of the entity that distributes the money.

6. A trustee may rely upon a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.

469.425. ALLOCATIONS TO INCOME OR PRINCIPAL. — A trustee shall allocate to income an amount received as a distribution of income from a trust or an estate in which the trust has an interest other than a purchased interest, and shall allocate to principal an amount received as a distribution of principal from such a trust or estate. If a trustee purchases an interest in a trust that is an investment entity, or a decedent or donor transfers an interest in such a trust to a trustee, section 469.423 or 469.449 shall apply to a receipt from the trust.

469.427. SEPARATE ACCOUNTING RECORDS MAINTAINED, WHEN, PROCEDURE. — 1. If a trustee who conducts a business or other activity determines that it is in the best interest of all the beneficiaries to account separately for the business or activity instead of accounting for it as part of the trust's general accounting records, the trustee may maintain separate accounting records for its transactions, whether or not its assets are segregated from other trust assets.

2. A trustee who accounts separately for a business or other activity may determine the extent to which net cash receipts shall be retained for working capital, the acquisition or replacement of fixed assets, and other reasonably foreseeable needs of the business or activity, and the extent to which the remaining net cash receipts are accounted for as principal or income in the trust's general accounting records. If a trustee sells assets of the business or other activity, other than in the ordinary course of the business or activity, the trustee shall account for the net amount received as principal in the trust's general accounting records to the extent the trustee determines that the amount received is no longer required in the conduct of the business.

3. Activities for which a trustee may maintain separate accounting records include:

- (1) Retail, manufacturing, service and other traditional business activities;
- (2) Farming;
- (3) Raising and selling livestock and other animals;
- (4) Management of rental properties;
- (5) Extraction of minerals and other natural resources;
- (6) Timber operations; and
- (7) Activities to which section 469.447 applies.

469.429. ALLOCATIONS TO PRINCIPAL. — A trustee shall allocate to principal:

(1) To the extent not allocated to income pursuant to sections 469.401 to 469.467, assets received from a transferor during the transferor's lifetime, a decedent's estate, a trust with a terminating income interest, or a payer under a contract naming the trust or its trustee as beneficiary;

(2) Money or other property received from the sale, exchange, liquidation or change in form of a principal asset, including realized profit, subject to sections 469.423 to 469.467;

(3) Amounts recovered from third parties to reimburse the trust because of disbursements described in subdivision (7) of subsection 1 of section 469.453 or for other reasons to the extent not based on the loss of income;

(4) Proceeds of property taken by eminent domain, but a separate award made for the loss of income with respect to an accounting period during which a current income beneficiary had a mandatory income interest is income;

(5) Net income received in an accounting period during which there is no beneficiary to whom a trustee may or shall distribute income; and

(6) Other receipts as provided in sections 469.435 to 469.449.

469.431. RENTAL PROPERTY, ALLOCATION TO INCOME. — To the extent that a trustee accounts for receipts from rental property pursuant to this section, the trustee shall allocate to income an amount received as rent of real or personal property, including an amount received for cancellation or renewal of a lease. An amount received as a refundable deposit, including a security deposit or a deposit that is to be applied as rent for future periods, shall be added to principal and held subject to the terms of the lease and is not available for distribution to a beneficiary until the trustee's contractual obligations have been satisfied with respect to that amount.

469.432. INTEREST ALLOCATED TO INCOME — AMOUNTS RECEIVED FROM SALE, REDEMPTION OR DISPOSITION OF AN OBLIGATION TO PAY MONEY TO PRINCIPAL. — 1. An amount received as interest, whether determined at a fixed, variable or floating rate, on an obligation to pay money to the trustee, including an amount received as consideration for prepaying principal, shall be allocated to income without any provision for amortization of premium.

2. A trustee shall allocate to principal an amount received from the sale, redemption or other disposition of an obligation to pay money to the trustee more than one year after it is purchased or acquired by the trustee, including an obligation whose purchase price or value when it is acquired is less than its value at maturity. If the obligation matures within one year after it is purchased or acquired by the trustee, an amount received in excess of its purchase price or its value when acquired by the trust shall be allocated to income.

3. This section does not apply to an obligation to which section 469.437, 469.439, 469.441, 469.443, 469.447 or 469.449 applies.

469.433. LIFE INSURANCE PROCEEDS ALLOCATED TO PRINCIPAL — DIVIDENDS ALLOCATED TO INCOME. — 1. Except as otherwise provided in subsection 2 of this section, a trustee shall allocate to principal the proceeds of a life insurance policy or other contract in which the trust or its trustee is named as beneficiary, including a contract that insures the trust or its trustee against loss for damage to, destruction of, or loss of title to a trust asset. The trustee shall allocate dividends on an insurance policy to income if the premiums on the policy are paid from income, and to principal if the premiums are paid from principal.

2. A trustee shall allocate to income proceeds of a contract that insures the trustee against loss of occupancy or other use by an income beneficiary, loss of income, or, subject to section 469.427, loss of profits from a business.

3. This section does not apply to a contract to which section 469.437 applies.

469.435. INSUBSTANTIAL AMOUNTS MAY BE ALLOCATED TO PRINCIPAL, EXCEPTIONS — PRESUMPTION OF INSUBSTANTIAL AMOUNT, WHEN. — If a trustee determines that an allocation between principal and income required by section 469.437, 469.439, 469.441, 469.443 or 469.447 is insubstantial, the trustee may allocate the entire amount to principal

unless one of the circumstances described in subsection 3 of section 469.405 applies to the allocation. This power may be exercised by a co-trustee in the circumstances described in subsection 4 of section 469.405 and may be released for the reasons and in the manner described in subsection 5 of section 469.405. An allocation is presumed to be insubstantial if:

- (1) The amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than ten percent; or
- (2) The value of the asset producing the receipt for which the allocation would be made is less than ten percent of the total value of the trust's assets at the beginning of the accounting period.

469.437. DISTRIBUTIONS ALLOCATED AS INCOME, WHEN — DEFINITIONS — BALANCE ALLOCATED TO PRINCIPAL, WHEN — EFFECT OF SEPARATE ACCOUNTS OR FUNDS. — 1. As used in this section, the following terms mean:

- (1) "Payment", an amount that is:
 - (a) Received or withdrawn from a plan; or
 - (b) One of a series of distributions that have been or will be received over a fixed number of years or during the life of one or more individuals under any contractual or other arrangement, or is a single payment from a plan that the trustee could have received over a fixed number of years or during the life of one or more individuals;
- (2) "Plan", a contractual, custodial, trust or other arrangement that provides for distributions to the trust, including, but not limited to, qualified retirement plans, Individual Retirement Accounts, Roth Individual Retirement Accounts, public and private annuities, and deferred compensation, including payments received directly from an entity as defined in section 469.423 regardless of whether or not such distributions are made from a specific fund or account.

2. If any portion of a payment is characterized as a distribution to the trustee of interest, dividends or a dividend equivalent, the trustee shall allocate the portion so characterized to income. The trustee shall allocate the balance of that payment to principal.

3. If no part of a payment is allocated to income pursuant to subsection 2 of this section, then for each accounting period of the trust that any payment is received by the trust with respect to the trust's interest in a plan, the trustee shall allocate to income that portion of the aggregate value of all payments received by the trustee in that accounting period equal to the amount of plan income attributable to the trust's interest in the plan for that calendar year. The trustee shall allocate the balance of that payment to principal.

4. For purposes of this section, if a payment is received from a plan that maintains a separate account or fund for its participants or account holders, including, but not limited to, defined contribution retirement plans, Individual Retirement Accounts, Roth Individual Retirement Accounts, and some types of deferred compensation plans, the phrase "plan income" shall mean either the amount of the plan account or fund held for the benefit of the trust that, if the plan account or fund were a trust, would be allocated to income pursuant to sections 469.401 to 469.467 for that accounting period, or four percent of the value of the plan account or fund on the first day of that accounting period. The method of determining plan income pursuant to this subsection shall be chosen by the trustee in the trustee's discretion. The trustees may change the method of determining plan income pursuant to this subsection for any future accounting period.

5. For purposes of this section if the payment is received from a plan that does not maintain a separate account or fund for its participants or account holders, including by way of example and not limitation defined benefit retirement plans and some types of deferred compensation plans, the term "plan income" shall mean four percent of the total

present value of the trust's interest in the plan as of the first day of the accounting period, based on reasonable actuarial assumptions as determined by the trustee.

6. If, to obtain an estate or gift tax marital deduction for a trust, a trustee shall allocate more of a payment to income than provided for by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction.

469.439. TEN PERCENT OF RECEIPTS FROM LIQUIDATING ASSET ALLOCATED TO INCOME, REMAINDER TO PRINCIPAL. — 1. As used in this section, the phrase "liquidating asset" means an asset whose value will diminish or terminate because the asset is expected to produce receipts for a period of limited duration. The phrase includes a leasehold, patent, copyright, royalty right, and right to receive payments during a period of more than one year under an arrangement that does not provide for the payment of interest on the unpaid balance. The phrase does not include a payment subject to section 469.437, resources subject to section 469.441, timber subject to section 469.443, an activity subject to section 469.447, an asset subject to section 469.449, or any asset for which the trustee establishes a reserve for depreciation pursuant to section 469.455.

2. A trustee shall allocate to income ten percent of the receipts from a liquidating asset and the balance to principal.

469.441. ALLOCATION OF INTEREST IN MINERALS OR OTHER NATURAL RESOURCES — INTEREST IN WATER, ALLOCATION OF. — 1. To the extent that a trustee accounts for receipts from an interest in minerals or other natural resources pursuant to this section, the trustee shall allocate them as follows:

(1) If received as nominal delay rental or nominal annual rent on a lease, a receipt shall be allocated to income;

(2) If received from a production payment, a receipt shall be allocated to income if and to the extent that the agreement creating the production payment provides a factor for interest or its equivalent. The balance shall be allocated to principal;

(3) If an amount received as a royalty, shut-in- well payment, take-or-pay payment, bonus or delay rental is more than nominal, ninety percent shall be allocated to principal and the balance to income;

(4) If an amount is received from a working interest or any other interest not provided for in subdivision (1), (2) or (3) of this subsection, ninety percent of the net amount received shall be allocated to principal and the balance to income.

2. An amount received on account of an interest in water that is renewable shall be allocated to income. If the water is not renewable, ninety percent of the amount shall be allocated to principal and the balance to income.

3. Sections 469.401 to 469.467 apply whether or not a decedent or donor was extracting minerals, water or other natural resources before the interest became subject to the trust.

4. If a trust owns an interest in minerals, water or other natural resources on August 28, 2001, the trustee may allocate receipts from the interest as provided in sections 469.401 to 469.467 or in the manner used by the trustee before August 28, 2001. If the trust acquires an interest in minerals, water or other natural resources after August 28, 2001, the trustee shall allocate receipts from the interest as provided in sections 469.401 to 469.467.

469.443. SALE OF TIMBER AND RELATED PRODUCTS, ALLOCATION OF NET RECEIPTS. — 1. To the extent that a trustee accounts for receipts from the sale of timber and related products pursuant to this section, the trustee shall allocate the net receipts:

(1) To income to the extent that the amount of timber removed from the land does not exceed the rate of growth of the timber during the accounting periods in which a beneficiary has a mandatory income interest;

(2) To principal to the extent that the amount of timber removed from the land exceeds the rate of growth of the timber or the net receipts are from the sale of standing timber;

(3) To or between income and principal if the net receipts are from the lease of timberland or from a contract to cut timber from land owned by a trust, by determining the amount of timber removed from the land under the lease or contract and applying the rules in subdivisions (1) and (2) of this subsection; or

(4) To principal to the extent that advance payments, bonuses and other payments are not allocated pursuant to either subdivision (1), (2) or (3) of this subsection.

2. In determining net receipts to be allocated pursuant to subsection 1 of this section, a trustee shall deduct and transfer to principal a reasonable amount for depletion.

3. Sections 469.401 to 469.467 apply whether or not a decedent or transferor was harvesting timber from the property before it became subject to the trust.

4. If a trust owns an interest in timberland on August 28, 2001, the trustee may allocate net receipts from the sale of timber and related products as provided in sections 469.401 to 469.467 or in the manner used by the trustee before August 28, 2001. If the trust acquires an interest in timberland after August 28, 2001, the trustee shall allocate net receipts from the sale of timber and related products as provided in sections 469.401 to 469.467.

469.445. MARITAL DEDUCTION, INSUFFICIENT INCOME, ALLOWABLE ACTIONS. — 1. If a marital deduction is allowed for all or part of a trust whose assets consist substantially of property that does not provide the spouse with sufficient income from or use of the trust assets, and if the amounts that the trustee transfers from principal to income pursuant to section 469.405 and distributes to the spouse from principal pursuant to the terms of the trust are insufficient to provide the spouse with the beneficial enjoyment required to obtain the marital deduction, the spouse may require the trustee to make property productive of income, convert property within a reasonable time, or exercise the power conferred by subsection 1 of section 469.405. The trustee may decide which action or combination of actions to take.

2. In cases not governed by subsection 1 of this section, proceeds from the sale or other disposition of an asset are principal without regard to the amount of income the asset produces during any accounting period.

469.447. TRANSACTIONS IN DERIVATIVES ALLOCATED TO PRINCIPAL — OPTIONS TO SELL OR BUY PROPERTY ALLOCATED TO PRINCIPAL. — 1. As used in this section, the term "derivative" means a contract or financial instrument or a combination of contracts and financial instruments which gives a trust the right or obligation to participate in some or all changes in the price of a tangible or intangible asset or group of assets, or changes in a rate, an index of prices or rates, or other market indicator for an asset or a group of assets.

2. To the extent that a trustee does not account pursuant to section 469.427 for transactions in derivatives, the trustee shall allocate to principal receipts from and disbursements made in connection with those transactions.

3. If a trustee grants an option to buy property from the trust, whether or not the trust owns the property when the option is granted, grants an option that permits another person to sell property to the trust, or acquires an option to buy property for the trust or an option to sell an asset owned by the trust, and the trustee or other owner of the asset is required to deliver the asset if the option is exercised, an amount received for granting

the option shall be allocated to principal. An amount paid to acquire the option shall be paid from principal. A gain or loss realized upon the exercise of an option, including an option granted to a settlor of the trust for services rendered, shall be allocated to principal.

469.449. ALLOCATION OF COLLATERAL FINANCIAL ASSETS AND ASSET-BACKED SECURITIES. — 1. As used in this section, the phrase "asset-backed security" means an asset whose value is based upon the right it gives the owner to receive distributions from the proceeds of financial assets that provide collateral for the security. The phrase includes an asset that gives the owner the right to receive from the collateral financial assets only the interest or other current return or only the proceeds other than interest or current return. The phrase does not include an asset to which section 469.423 or 469.435 applies.

2. If a trust receives a payment from interest or other current return and from other proceeds of the collateral financial assets, the trustee shall allocate to income the portion of the payment which the payer identifies as being from interest or other current return and shall allocate the balance of the payment to principal.

3. If a trust receives one or more payments in exchange for the trust's entire interest in an asset-backed security in one accounting period, the trustee shall allocate the payments to principal. If a payment is one of a series of payments that will result in the liquidation of the trust's interest in the security over more than one accounting period, the trustee shall allocate ten percent of the payment to income and the balance to principal.

469.451. REQUIRED DISBURSEMENTS FROM INCOME. — A trustee shall make the following disbursements from income to the extent that they are not disbursements to which paragraph (b) or (c) of subdivision (2) of section 469.413 applies:

- (1) One-half of the regular compensation of the trustee and of any person providing investment advisory or custodial services to the trustee;
- (2) One-half of all expenses for accountings, judicial proceedings, or other matters that involve both the income and remainder interests;
- (3) All of the other ordinary expenses incurred in connection with the administration, management or preservation of trust property and the distribution of income, including interest, ordinary repairs, regularly recurring taxes assessed against principal, and expenses of a proceeding or other matter that concerns primarily the income interest; and
- (4) Recurring premiums on insurance covering the loss of a principal asset or the loss of income from or use of the asset.

469.453. REQUIRED DISBURSEMENTS FROM PRINCIPAL. — 1. A trustee shall make the following disbursements from principal:

- (1) The remaining one-half of the disbursements described in subdivisions (1) and (2) of section 469.451;
- (2) All of the trustee's compensation calculated on principal as a fee for acceptance, distribution or termination, and disbursements made to prepare property for sale;
- (3) Payments on the principal of a trust debt;
- (4) Expenses of a proceeding or other matter that concerns primarily an interest in principal;
- (5) Premiums paid on a policy of insurance not described in subdivision (4) of section 469.451 of which the trust is the owner and beneficiary;
- (6) Estate, inheritance and other transfer taxes, including penalties, apportioned to the trust; and
- (7) Disbursements related to environmental matters, including reclamation, assessing environmental conditions, remedying and removing environmental contamination, monitoring remedial activities and the release of substances, preventing future releases of

substances, collecting amounts from persons liable or potentially liable for the costs of those activities, penalties imposed under environmental laws or regulations and other payments made to comply with those laws or regulations, statutory or common law claims by third parties, and defending claims based on environmental matters.

2. If a principal asset is encumbered with an obligation that requires income from that asset to be paid directly to the creditor, the trustee shall transfer from principal to income an amount equal to the income paid to the creditor in reduction of the principal balance of the obligation.

469.455. DEPRECIATION NOT TO BE TRANSFERRED. — 1. As used in this section, the term "depreciation" means a reduction in value due to wear, tear, decay, corrosion or gradual obsolescence of a fixed asset having a useful life of more than one year.

2. A trustee may transfer to principal a reasonable amount of the net cash receipts from a principal asset that is subject to depreciation, but may not transfer any amount for depreciation:

(1) Of that portion of real property used or available for use by a beneficiary as a residence or of tangible personal property held or made available for the personal use or enjoyment of a beneficiary;

(2) During the administration of a decedent's estate; or

(3) Pursuant to this section if the trustee is accounting pursuant to section 469.427 for the business or activity in which the asset is used.

3. An amount transferred to principal need not be held as a separate fund.

469.457. PRINCIPAL DISBURSEMENT, PERMITTED TRANSFERS. — 1. If a trustee makes or expects to make a principal disbursement described in this section, the trustee may transfer an appropriate amount from income to principal in one or more accounting periods to reimburse principal or to provide a reserve for future principal disbursements.

2. Principal disbursements to which subsection 1 of this section applies include the following, but only to the extent that the trustee has not been and does not expect to be reimbursed by a third party:

(1) An amount chargeable to income but paid from principal because it is unusually large, including extraordinary repairs;

(2) Disbursements made to prepare property for rental, including tenant allowances, leasehold improvements, and broker's commissions;

(3) Periodic payments on an obligation secured by a principal asset to the extent that the amount transferred from income to principal for depreciation is less than the periodic payments; and

(4) Disbursements described in subdivision (7) of subsection 1 of section 469.453.

3. If the asset whose ownership gives rise to the disbursements becomes subject to a successive income interest after an income interest ends, a trustee may continue to transfer amounts from income to principal as provided in subsection 1 of this section.

469.459. TAXES TO BE PAID FROM INCOME OR PRINCIPAL, WHEN. — 1. A tax required to be paid by a trustee based on receipts allocated to income shall be paid from income.

2. A tax required to be paid by a trustee based on receipts allocated to principal shall be paid from principal, even if the tax is called an income tax by the taxing authority.

3. A tax required to be paid by a trustee on the trust's share of an entity's taxable income shall be paid proportionately:

(1) From income to the extent that receipts from the entity are allocated to income; and

(2) From principal to the extent that:

(a) Receipts from the entity are allocated to principal; and

(b) The trust's share of the entity's taxable income exceeds the total receipts described in subdivision (1) of this subsection and paragraph (a) of subdivision (2) of this subsection.

4. For purposes of this section, receipts allocated to principal or income shall be reduced by the amount distributed to a beneficiary from principal or income for which the trust receives a deduction in calculating the tax.

469.461. ADJUSTMENTS BETWEEN PRINCIPAL AND INCOME, WHEN — ESTATE TAX MARITAL DEDUCTION OR CHARITABLE CONTRIBUTIONS, HOW HANDLED. — 1. A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries which arise from:

(1) Elections and decisions, other than those described in subsection 2 of this section, that the fiduciary makes from time to time regarding tax matters;

(2) An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving or a distribution from the estate or trust; or

(3) The ownership by an estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust or a beneficiary.

2. If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by an estate, trust or beneficiary are decreased, each estate, trust or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement shall equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust or beneficiary whose income taxes are reduced shall be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.

469.463. UNIFORMITY CONSIDERED IN APPLICATION AND CONSTRUCTION. — In applying and construing sections 469.401 to 469.467, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

469.465. SEVERABILITY CLAUSE. — If any provision of sections 469.401 to 469.467 or the application of these sections to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of sections 469.401 to 469.467 which can be given effect without the invalid provision or application.

469.467. APPLICABILITY OF SECTIONS. — Sections 469.401 to 469.467 apply to every trust or decedent's estate existing on August 28, 2001, except as otherwise expressly provided in the will or terms of the trust or in sections 469.401 to 469.467.

[456.012. RECEIPTS FROM FUNDS HELD IN TRUST, HOW ALLOCATED. — Trustees, executors, administrators, and conservators of the estates of minors and disabled persons, unless the terms of the instruments, if any, under which they are acting otherwise provide, shall allocate receipts from sources described in section 456.013 in accordance with that section.]

[456.013. PRINCIPAL AND INCOME DISTINGUISHED — WHAT RECEIPTS AFFECTED. —

1. Distributions made from ordinary income by a regulated investment company or by a trust qualifying and electing to be taxed under federal law as a real estate investment trust are income. All other distributions made by the company or trust, including distributions from capital gains, depreciation, or depletion, whether in the form of cash or an option to take new stock or cash or an option to purchase additional shares, are principal.

2. The provisions of sections 456.012 and 456.013 shall apply to any receipts received after October 13, 1969, by any trust, guardianship or decedent's estate whether established before or after October 13, 1969, and whether the asset involved was acquired before or after October 13, 1969.]

[456.710. RECEIPTS AND EXPENDITURES, DUTY OF TRUSTEE. — 1. A trust shall be administered with due regard to the respective interests of income beneficiaries and remaindermen. A trust is so administered with respect to the allocation of receipts and expenditures if a receipt is credited or an expenditure is charged to income or principal or partly to each:

(1) In accordance with the terms of the trust instrument, notwithstanding contrary provisions of this chapter;

(2) In the absence of any contrary terms of the trust instrument, in accordance with the provisions of this chapter; or

(3) If neither of the preceding rules of administration is applicable, in accordance with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal, and in view of the manner in which men of ordinary prudence, discretion and judgment would act in the management of the affairs of others.

2. If the trust instrument gives the trustee discretion in crediting a receipt or charging an expenditure to income or principal or partly to each, no inference of imprudence or partiality arises from the fact that the trustee has made an allocation contrary to a provision of this chapter.]

[456.720. INCOME — PRINCIPAL — CHARGES — DEFINITIONS, AND WHAT EACH INCLUDES. — 1. Income is the return in money or property derived from the use of principal or income, including return received as:

[456.730. WHEN RIGHT TO INCOME ARISES — APPORTIONMENT OF INCOME — DISTRIBUTION BY POWER OF APPOINTMENT, WHEN. — 1. An income beneficiary is entitled to income from the date specified in the trust instrument, or, if none is specified, from the date an asset becomes subject to the trust. In the case of an asset becoming subject to a trust by reason of a will, it becomes subject to the trust as of the date of the death of the testator even though there is an intervening period of administration of the testator's estate; but, during such period of administration the personal representative of the testator's estate shall have no duty to distribute income currently to any such income beneficiary, unless otherwise provided by the governing instrument.

2. In the administration of a decedent's estate or an asset becoming subject to a trust by reason of a will:

(1) Receipts due but not paid at the date of death of the testator are principal;

(2) Receipts in the form of periodic payments, other than corporate distributions to stockholders, including rent, interest, or annuities, not due at the date of the death of the testator shall be treated as accruing from day to day. That portion of the receipt accruing before the date of death is principal, and the balance is income.

3. In all other cases, any receipt from an income-producing asset is income even though the receipt was earned or accrued in whole or in part before the date when the asset became subject to the trust.

4. On termination of an income interest, the income beneficiary whose interest is terminated, or his estate, is entitled to:

(1) Income undistributed on the date of termination;

(2) Income due but not paid to the trustee on the date of termination;

(3) Income in the form of periodic payments, other than corporate distributions to stockholders, including rent, interest, or annuities, not due on the date of termination, accrued from day to day.

5. Corporate distributions to stockholders shall be treated as due on the day fixed by the corporation for determination of stockholders of record entitled to distribution or, if no date is fixed, on the date of declaration of the distribution by the corporation.

6. Unless the terms of the trust refer to this subsection and provide otherwise, upon the death of an income beneficiary who was the spouse of the settlor at the time any property was considered transferred to the trust by the settlor for federal gift tax purposes or was the surviving spouse of a decedent in whose gross estate for federal estate tax purposes was included property which was considered transferred to the trust for federal estate tax purposes as a result of the decedent's death, any item of income described in subsection 4 of this section which is not payable to the estate of the income beneficiary pursuant to that subsection or pursuant to the terms of the trust shall be distributed to those persons, associations, corporations, trusts or governmental agencies, including the estate of the income beneficiary, who shall be appointed to receive such items of income by the income beneficiary by a provision in such beneficiary's will or an inter vivos deed or other instrument signed by such beneficiary. Such power of appointment shall be exercisable by the income beneficiary alone and in all events. If the income beneficiary shall fail so to provide for the appointment of all of such items of income, or if any such provisions shall, for any reason, not effectively appoint all of such items of income, all of such items of income not so effectively appointed shall be distributed pursuant to the terms of the trust. This subsection shall be effective with respect to all wills and revocable inter vivos trusts executed or created by persons who die or have died after December 31, 1981, and to irrevocable inter vivos trusts which are or have been created after December 31, 1981.]

[456.740. INCOME EARNED DURING ADMINISTRATION OF A DECEDENT'S ESTATE. — 1.

Unless the will otherwise provides, and subject to subsection 2 of this section, all expenses incurred in connection with the settlement of a decedent's estate, including debts, funeral expenses, estate taxes, penalties concerning taxes, family allowances, fees of attorneys and personal representatives, and court costs shall be charged against the principal of the estate.

2. Unless the will otherwise provides, income from the assets of a decedent's estate after the death of the testator and before distribution, including income from property used to discharge liabilities, shall be determined in accordance with the rules applicable to a trustee under this chapter and distributed as follows:

(1) To specific legatees and devisees, the income from the property bequeathed or devised to them respectively, less taxes, ordinary repairs, and other expenses of management and operation of the property, and an appropriate portion of interest accrued since the death of the testator on indebtedness secured by such property and of taxes imposed on income, excluding taxes on capital gains, which accrue during the period of administration;

(2) To the legatee of a pecuniary bequest not in trust to the extent the same remains unsatisfied twelve months after the date of the death of the testator, interest, which shall be paid from the balance of the income, at a rate equal to that allowed by law on money due upon order of the court, except that if the court finds that any such bequest cannot be paid without jeopardizing the rights of interested parties because of litigation or other circumstances, the court shall determine what rate of interest, if any, shall be allowed, after taking into consideration the income of the estate; and

(3) To all other legatees and devisees, except legatees of pecuniary bequests not in trust, the remaining balance of the income, less the balance of taxes, ordinary repairs, and other expenses of management and operation of all property from which the estate is entitled to income, interest accrued since the death of the testator, interest paid by the estate with respect to estate taxes and taxes imposed on income, excluding taxes on capital gains, which accrue during the period of administration, in proportion to their respective interests in the undistributed assets of the estate computed at times of distribution on the basis of inventory value; but the amount of income earned during the further administration of the estate from and after the date or dates of payment of any estate tax shall be distributed to such beneficiaries in proportion to their

respective interests in the undistributed assets of the estate after the making of such payments on the basis of the fair market value of such assets immediately after the making of such payment.

3. Income received by a trustee under subsection 2 of this section shall be treated as income of the trust.]

[456.750. CORPORATE DISTRIBUTION. — 1. Corporate distributions of shares of the distributing corporation, including distributions in the form of a stock split or stock dividend, are principal. A right to subscribe to shares or other securities issued by the distributing corporation accruing to stockholders on account of their ownership and the proceeds of any sale of the right are principal.

2. Except to the extent that the corporation indicates that some part of a corporate distribution is a settlement of preferred or guaranteed dividends accrued since the trustee became a stockholder or is in lieu of an ordinary cash dividend, a corporate distribution is principal if the distribution is pursuant to:

- (1) A call of shares;
- (2) A merger, consolidation, reorganization, or other plan by which assets of the corporation are acquired by another corporation; or
- (3) A total or partial liquidation of the corporation, including any distribution which the corporation indicates is a distribution in total or partial liquidation or any distribution of assets, other than cash, pursuant to a court decree or final administrative order by a government agency ordering distribution of the particular assets.

3. Distributions made from ordinary income by a regulated investment company or by a trust qualifying and electing to be taxed under federal law as a real estate investment trust are income. All other distributions made by the company or trust, including distributions from capital gains, depreciation, or depletion, whether in the form of cash or an option to take new stock or cash or an option to purchase additional shares, are principal.

4. Except as provided in subsections 1, 2, and 3 of this section, or unless the trustee determines otherwise, as provided in subsection 5 of this section, all corporate distributions are income, including cash dividends, distributions of or rights to subscribe to shares or securities or obligations of corporations other than the distributing corporation, and the proceeds of the rights or property distributions. Except as provided in subsections 2 and 3 of this section, or otherwise determined by the trustee pursuant to subsection 5 of this section, if the distributing corporation gives a stockholder an option to receive a distribution either in cash or in its own shares, the distribution chosen is income.

5. The trustee may rely upon any statement of the distributing corporation as to any fact relevant under any provision of this chapter concerning the source or character of dividends or distributions of corporate assets.]

[456.760. BONDS, PREMIUM AND DISCOUNT. — 1. Bonds or other obligations for the payment of money are principal at their inventory value, except as provided in subsection 2 for discount bonds. No provision shall be made for amortization of bond premiums or for accumulation for discount. The proceeds of sale, redemption, or other disposition of the bonds or obligations are principal.

2. The increment in value of a bond or other obligation for the payment of money payable at a future time in accordance with a fixed schedule of appreciation in excess of the price at which it was issued is distributable as income. The increment in value is distributable to the beneficiary who was the income beneficiary at the time of increment from the first principal cash available or, if none is available, when realized by sale, redemption, or other disposition. Whenever unrealized increment is distributed as income but out of principal, the principal shall be reimbursed for the increment when realized.]

[456.770. BUSINESS OR FARMING OPERATION, CALCULATION AND TREATMENT OF PROFITS, LOSSES. — 1. If a trustee uses any part of the principal in the continuance of a business of which the settlor was a sole proprietor or a partner, the net profits and losses of the business shall be computed in accordance with generally accepted accounting principles for a comparable business. Net profits are income; and if a loss results in any fiscal year, the loss shall be carried into a subsequent fiscal year for purposes of computing income of the business.

2. Generally accepted accounting principles shall be used to determine income from an agricultural or farming operation, including the raising of animals or the operation of a nursery.]

[456.780. DISPOSITION OF NATURAL RESOURCES. — 1. Unless the governing instrument provides otherwise or the decedent prior to death or the settlor treated the receipts otherwise, if any part of the principal consists of a right to receive royalties, overriding or limited royalties, working interests, production payments, net profit interests, or other interests in minerals or other natural resources in, on or under land, the receipts from taking the natural resources from the land shall be allocated as follows:

(1) If received as rent on a lease or extension payments on a lease, the receipts are income;

(2) If received from a production payment, the receipts are income to the extent of any factor for interest or its equivalent provided in the governing instrument. There shall be allocated to principal the fraction of the balance of the receipts which the unrecovered cost of the production payments bears to the balance owed on the production payment, exclusive of any factor for interest or its equivalent. The receipts not allocated to principal are income;

(3) If received as a royalty, overriding or limited royalty, or bonus, or from a working, net profit, or any other interest in minerals or other natural resources, receipts not provided for in the preceding subdivisions of this subsection shall be apportioned on a yearly basis in accordance with this subdivision whether or not any natural resource was being taken from the land at the time the trust was established. Fifteen percent of the gross receipts, but not to exceed fifty percent of the net receipts remaining after payment of all expenses, direct and indirect, computed without allowance for depletion, shall be added to principal as an allowance for depletion. The balance of the gross receipts, after payment therefrom of all expenses, direct and indirect, is income.

2. If a trustee, on September 28, 1983, held an item of depletable property of a type specified in this section, he shall allocate receipts from the property in the manner used before September 28, 1983, but as to all depletable property acquired on or after September 28, 1983, by an existing or new trust, the method of allocation provided herein shall be used.

3. This section does not apply to timber, water, soil, sod, turf, or mosses.]

[456.790. TIMBER. — If any part of the principal consists of land from which merchantable timber may be removed, the receipts from taking the timber from the land shall be allocated in accordance with subdivision (3) of subsection 1 of section 456.710.]

[456.800. OTHER PROPERTY SUBJECT TO DEPLETION. — Except as provided in sections 456.780 and 456.790, if the principal consists of property subject to depletion, including leaseholds, patents, copyrights, royalty rights, rights to receive payments from a benefit plan including, without limitations, any pension, retirement, individual retirement, death benefit, stock bonus or profit sharing plan, or system of trust, and rights to receive payments on a contract for deferred compensation, in no event shall the trust be deemed to have received income with respect to such property until the trust receives a distribution with respect to such property, and, in any event, only ten percent of the receipts from such property on a noncumulative basis is income, and the balance is principal.]

[456.810. CHARGES AGAINST INCOME AND PRINCIPAL. — 1. The following charges shall be made against income:

(1) Ordinary expenses incurred in connection with the administration, management, or preservation of the trust property, including regularly recurring taxes assessed against any portion of the principal, water rates, premiums on insurance taken upon the interests of the income beneficiary, remainderman, or trustee, interest paid by the trustee, and ordinary repairs;

(2) A reasonable allowance for depreciation on property subject to depreciation under generally accepted accounting principles, but no allowance shall be made for depreciation of that portion of any real property used by a beneficiary as a residence or for depreciation of any property held by the trustee on September 28, 1983, for which the trustee is not then making an allowance for depreciation;

(3) Court costs, attorney's fees, and other fees on accountings or judicial proceedings if the matter primarily concerns the income interest, unless the court directs otherwise;

(4) One-half of the trustee's regular compensation, whether based on a percentage of principal or income, and all expenses reasonably incurred for current management of principal and application of income;

(5) Any tax levied upon receipts defined as income under the provisions of this chapter or the trust instrument and payable by the trustee.

2. If charges against income are of unusual amount, the trustee may by means of reserves or other reasonable means charge them over a reasonable period of time and withhold from distribution sufficient sums to regularize distributions.

3. The following charges shall be made against principal:

(1) Trustee's compensation not chargeable to income under subdivisions (3) and (4) of subsection 1, special compensation of trustees, expenses reasonably incurred in connection with principal, court costs and attorney's fees primarily concerning matters of principal, and trustee's compensation computed on principal as an acceptance, distribution, or termination fee;

(2) Charges not provided for in subsection 1, including the cost of investing and reinvesting principal, the payments on principal of an indebtedness, including a mortgage amortized by periodic payments of principal, expenses for preparation of property for rental or sale, and, unless the court directs otherwise, expenses incurred in maintaining or defending any action to construe the trust or protect it or the property or assure the title of any trust property;

(3) Extraordinary repairs or expenses incurred in making a capital improvement to principal, including special assessments, but, a trustee may establish an allowance for depreciation out of income to the extent permitted by subdivision (2) of subsection 1 and by section 456.770;

(4) Any tax levied upon profit, gain, or other receipts allocated to principal notwithstanding denomination of the tax as an income tax by the taxing authority;

(5) If an estate tax is levied in respect of a trust in which both an income beneficiary and a remainderman have an interest, any amount apportioned to the trust, including interest and penalties, even though the income beneficiary also has rights in the principal.

Adds a new provision relating to commissions for real estate brokers.

AN ACT to amend chapter 339, RSMo, relating to real estate agents and brokers by adding thereto one new section relating to the same subject.

SECTION

A. Enacting clause.

339.151. No commission or consideration unless reasonable cause for payment or contractual relationship exists.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Chapter 339, RSMo, is amended by adding thereto one new section, to be known as section 339.151, to read as follows:

339.151. NO COMMISSION OR CONSIDERATION UNLESS REASONABLE CAUSE FOR PAYMENT OR CONTRACTUAL RELATIONSHIP EXISTS. — 1. No licensee shall pay a commission or any other valuable consideration unless reasonable cause for payment exists or a contractual relationship exists with the licensee. Reasonable cause does not exist unless the party seeking the compensation or other valuable consideration actually introduces the business to the real estate licensee before a relationship is established between the licensee and a principal to the transaction, including, but not limited to:

- (1) A subagency relationship;
- (2) A transaction brokerage relationship; or
- (3) A cooperative brokerage relationship.

2. It shall be a violation of this section to:

(1) Solicit or request compensation or other valuable consideration from a real estate licensee without reasonable cause;

(2) Interfere with a written representation relationship of another licensee or attempt to induce a customer or client to break a written representation agreement with another licensee for the purpose of replacing such agreement with a new representation agreement in order to obtain a commission or other valuable consideration. Interfering with the written representation agreement of another licensee includes, but is not limited to:

5. Nothing in this chapter shall prevent any consumer from joining any organization in which one of the benefits of membership may be that such organization can negotiate a reduced rate or price for real estate costs for its members nor shall it prohibit an inducement to the buyer or lessee paid and supplied by the owner of the property directly to a buyer or lessee of the property.

6. Nothing in this section shall be construed to limit the ability of an employer to direct an employee to follow the terms of the relocation package provided for that employee, nor shall it be construed to limit an employer's choice of relocation service providers.

6. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, RSMo, the person's driving privilege and license shall be resuspended.

7. The director shall revoke the license and driving privilege of any person when the person's driving record shows such person has accumulated twelve points in twelve months or eighteen points in twenty-four months or twenty-four points in thirty-six months. The revocation period of any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 and who has filed proof of financial responsibility with the department of revenue in accordance with chapter 303, RSMo, and is otherwise eligible, shall be terminated by a notice from the director of revenue after one year from the effective date of the revocation. Unless proof of financial responsibility is filed with the department of revenue, except as provided in subsection 2 of section 302.541, the revocation shall remain in effect for a period of two years from its effective date. If the person fails to maintain proof of financial responsibility in accordance with chapter 303, RSMo, the person's license and driving privilege shall be rerevoked. Any person whose license and driving privilege have been revoked under the provisions of sections 302.010 to 302.540 shall, upon receipt of the notice of termination of the revocation from the director, pass the complete driver examination and apply for a new license before again operating a motor vehicle upon the highways of this state.

8. If, prior to conviction for an offense that would require suspension or revocation of a person's license under the provisions of this section, the person's total points accumulated are reduced, pursuant to the provisions of section 302.306, below the number of points required for suspension or revocation pursuant to the provisions of this section, then the person's license shall not be suspended or revoked until the necessary points are again obtained and accumulated.

9. If any person shall neglect or refuse to surrender the person's license, as provided herein, the director shall direct the state highway patrol or any peace or police officer to secure possession thereof and return it to the director.

10. Upon the issuance of a reinstatement or termination notice after a suspension or revocation of any person's license and driving privilege under the provisions of sections 302.010 to 302.540, the accumulated point value shall be reduced to four points, except that the points of any person serving as a member of the armed forces of the United States outside the limits of the United States during a period of suspension or revocation shall be reduced to zero upon the date of the reinstatement or termination of notice. It shall be the responsibility of such member of the armed forces to submit copies of official orders to the director of revenue to substantiate such overseas service. Any other provision of sections 302.010 to 302.540 to the contrary notwithstanding, the effective date of the four points remaining on the record upon reinstatement or termination shall be the date of the reinstatement or termination notice.

11. No credit toward reduction of points shall be given during periods of suspension or revocation or any period of driving under a hardship driving privilege granted by a court.

12. Any person or nonresident whose license or privilege to operate a motor vehicle in this state has been suspended or revoked under this or any other law shall, before having the license or privilege to operate a motor vehicle reinstated, pay to the director a reinstatement fee of twenty dollars which shall be in addition to all other fees provided by law.

13. Notwithstanding any other provision of law to the contrary, if after two years from the effective date of any suspension or revocation issued under this chapter, the person or nonresident has not paid the reinstatement fee of twenty dollars, the director shall reinstate such license or privilege to operate a motor vehicle in this state.

14. No person who has had a license to operate a motor vehicle suspended or revoked as a result of an assessment of points for a violation under subdivision (8), (9) or (10) of subsection

1 of section 302.302 shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 302.010, [except] **or a program determined to be comparable by the department** [may waive such requirement upon completion of a comparable program or upon good cause shown or the court may waive such requirement upon good cause shown. The court in making this determination shall consider the person's driving record, the circumstances surrounding the offense and the likelihood of the person committing a like offense in the future]. Assignment recommendations, based upon the needs assessment as described in subdivision (21) of section 302.010, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517, RSMo[, after reviewing such assessment]. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. **Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.023, RSMo, or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such persons' blood.** [Such assessment and] Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

15. The fees for the program authorized in subsection 14 of this section, or a portion thereof to be determined by the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee of sixty dollars. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. The supplemental fees received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053, RSMo.

302.309. RETURN OF LICENSE, WHEN — LIMITED DRIVING PRIVILEGE, WHEN GRANTED, APPLICATION, WHEN DENIED — JUDICIAL REVIEW OF DENIAL BY DIRECTOR OF REVENUE — RULEMAKING. — 1. Whenever any license is suspended pursuant to sections 302.302 to 302.309, the director of revenue shall return the license to the operator immediately upon the termination of the period of suspension and upon compliance with the requirements of chapter 303, RSMo.

2. Any operator whose license is revoked pursuant to these sections, upon the termination of the period of revocation, shall apply for a new license in the manner prescribed by law.

3. (1) All circuit courts or the director of revenue shall have jurisdiction to hear applications and make eligibility determinations granting limited driving privileges. Any application may be made in writing to the director of revenue and the person's reasons for requesting the limited driving privilege shall be made therein.

(2) When any court of record having jurisdiction or the director of revenue finds that an operator is required to operate a motor vehicle in connection with any of the following:

- (a) A business, occupation, or employment;
- (b) Seeking medical treatment for such operator;

(c) Attending school or other institution of higher education;
(d) Attending alcohol or drug treatment programs; or
(e) Any other circumstance the court or director finds would create an undue hardship on the operator; the court or director may grant such limited driving privilege as the circumstances of the case justify if the court or director finds undue hardship would result to the individual, and while so operating a motor vehicle within the restrictions and limitations of the limited driving privilege the driver shall not be guilty of operating a motor vehicle without a valid license.

(3) An operator may make application to the proper court in the county in which such operator resides or in the county in which is located the operator's principal place of business or employment. Any application for a limited driving privilege made to a circuit court shall name the director as a party defendant and shall be served upon the director prior to the grant of any limited privilege, and shall be accompanied by a copy of the applicant's driving record as certified by the director. Any applicant for a limited driving privilege shall have on file with the department of revenue proof of financial responsibility as required by chapter 303, RSMo. Any application by a person who transports persons or property as classified in section 302.015 may be accompanied by proof of financial responsibility as required by chapter 303, RSMo, but if proof of financial responsibility does not accompany the application, or if the applicant does not have on file with the department of revenue proof of financial responsibility, the court or the director has discretion to grant the limited driving privilege to the person solely for the purpose of operating a vehicle whose owner has complied with chapter 303, RSMo, for that vehicle, and the limited driving privilege must state such restriction. When operating such vehicle under such restriction the person shall carry proof that the owner has complied with chapter 303, RSMo, for that vehicle.

(4) The court order or the director's grant of the limited driving privilege shall indicate the termination date of the privilege, which shall be not later than the end of the period of suspension or revocation. A copy of any court order shall be sent by the clerk of the court to the director, and a copy shall be given to the driver which shall be carried by the driver whenever such driver operates a motor vehicle. The director of revenue upon granting a limited driving privilege shall give a copy of the limited driving privilege to the applicant. The applicant shall carry a copy of the limited driving privilege while operating a motor vehicle. A conviction which results in the assessment of points pursuant to section 302.302, other than a violation of a municipal stop sign ordinance where no accident is involved, against a driver who is operating a vehicle pursuant to a limited driving privilege terminates the privilege, as of the date the points are assessed to the person's driving record. If the date of arrest is prior to the issuance of the limited driving privilege, the privilege shall not be terminated. The director shall notify by ordinary mail the driver whose privilege is so terminated.

(5) Except as provided in subdivision (6) of this subsection, no person is eligible to receive a limited driving privilege who at the time of application for a limited driving privilege has previously been granted such a privilege within the immediately preceding five years, or whose license has been suspended or revoked for the following reasons:

(a) A conviction of violating the provisions of section 577.010 or 577.012, RSMo, or any similar provision of any federal or state law, or a municipal or county law where the judge in such case was an attorney and the defendant was represented by or waived the right to an attorney in writing, until the person has completed the first thirty days of a suspension or revocation imposed pursuant to this chapter;

(b) A conviction of any felony in the commission of which a motor vehicle was used;

(c) Ineligibility for a license because of the provisions of subdivision (1), (2), (4), (5), (6), (7), (8), (9), (10) or (11) of section 302.060;

(d) Because of operating a motor vehicle under the influence of narcotic drugs, a controlled substance as defined in chapter 195, RSMo, or having left the scene of an accident as provided in section 577.060, RSMo;

(e) Due to a revocation for the first time for failure to submit to a chemical test pursuant to section 577.041, RSMo, or due to a refusal to submit to a chemical test in any other state, if such person has not completed the first ninety days of such revocation;

(f) Violation more than once of the provisions of section 577.041, RSMo, or a similar implied consent law of any other state;

(g) Disqualification of a commercial driver's license pursuant to sections 302.700 to 302.780, however, nothing in this subsection shall prevent a person holding a commercial driver's license who is suspended or revoked as a result of an action occurring while not driving a commercial motor vehicle or driving for pay, but while driving in an individual capacity as an operator of a personal vehicle from applying for a limited driving privilege to operate a commercial vehicle, if otherwise eligible for such limited privilege; or

(h) Due to a suspension pursuant to subsection 2 of section 302.525 and who has not completed the first thirty days of such suspension, provided the person is not otherwise ineligible for a limited driving privilege; or due to a revocation pursuant to subsection 2 of section 302.525 if such person has not completed such revocation.

(6) (a) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of ten years, as prescribed in subdivision (9) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least three years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding three years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state.

(b) Provided that pursuant to the provisions of this section, the applicant is not otherwise ineligible for a limited driving privilege or convicted of involuntary manslaughter while operating a motor vehicle in an intoxicated condition, a circuit court or the director may, in the manner prescribed in this subsection, allow a person who has had such person's license to operate a motor vehicle revoked where that person cannot obtain a new license for a period of five years because of two convictions of driving while intoxicated, as prescribed in subdivision (10) of section 302.060, to apply for a limited driving privilege pursuant to this subsection if such person has served at least two years of such disqualification or revocation. Such person shall present evidence satisfactory to the court or the director that such person has not been convicted of any offense related to alcohol, controlled substances or drugs during the preceding two years and that the person's habits and conduct show that the person no longer poses a threat to the public safety of this state. Any person who is denied a license permanently in this state because of an alcohol-related conviction subsequent to a restoration of such person's driving privileges pursuant to subdivision (9) of section 302.060 shall not be eligible for limited driving privilege pursuant to the provisions of this subdivision.

4. Any person who has received notice of denial of a request of limited driving privilege by the director of revenue may make a request for a review of the director's determination in the circuit court of the county in which the person resides or the county in which is located the person's principal place of business or employment within thirty days of the date of mailing of the notice of denial. Such review shall be based upon the records of the department of revenue and other competent evidence and shall be limited to a review of whether the applicant was statutorily entitled to the limited driving privilege.

5. The director of revenue shall promulgate rules and regulations necessary to carry out the provisions of this section. **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo,**

are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

302.505. DETERMINATION BY DEPARTMENT TO SUSPEND OR REVOKE LICENSE, WHEN MADE, BASIS — FINAL, WHEN. — 1. The department shall suspend or revoke the license of any person upon its determination that the person was arrested upon probable cause to believe such person was driving a motor vehicle while the alcohol concentration in the person's blood, breath, or urine was [ten-hundredths] **eight-hundredths** of one percent or more by weight, based on the definition of alcohol concentration in section 302.500, or where such person was less than twenty-one years of age when stopped and was stopped upon probable cause to believe such person was driving while intoxicated in violation of section 577.010, RSMo, or driving with excessive blood alcohol content in violation of section 577.012, RSMo, or upon probable cause to believe such person violated a state, county or municipal traffic offense and such person was driving with a blood alcohol content of two-hundredths of one percent or more by weight.

2. The department shall make a determination of these facts on the basis of the report of a law enforcement officer required in section 302.510, and this determination shall be final unless a hearing is requested and held. If a hearing is held, the department shall review the matter and make a final determination on the basis of evidence received at the hearing.

3. The determination of these facts by the department is independent of the determination of the same or similar facts in the adjudication of any criminal charges arising out of the same occurrence. The disposition of those criminal charges shall not affect any suspension or revocation under this section.

302.510. ARRESTING OFFICER, DUTIES — CERTAIN ARRESTS NOT TO BE BASIS FOR ADMINISTRATIVE SUSPENSION OR REVOCATION. — 1. Except as provided in subsection 3 of this section, a law enforcement officer who arrests any person for a violation of any state statute related to driving while intoxicated or for a violation of a county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related traffic offense, and in which the alcohol concentration in the person's blood, breath, or urine was [ten-hundredths] **eight-hundredths** of one percent or more by weight or two-hundredths of one percent or more by weight for anyone less than twenty-one years of age, shall forward to the department a verified report of all information relevant to the enforcement action, including information which adequately identifies the arrested person, a statement of the officer's grounds for belief that the person violated any state statute related to driving while intoxicated or was less than twenty-one years of age and was driving with two-hundredths of one percent or more by weight of alcohol in the person's blood, or a county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related traffic offense, a report of the results of any chemical tests which were conducted, and a copy of the citation and complaint filed with the court.

2. The report required by this section shall be made on forms supplied by the department or in a manner specified by regulations of the department.

3. A county or municipal ordinance prohibiting driving while intoxicated or a county or municipal alcohol related traffic offense may not be the basis for suspension or revocation of a driver's license pursuant to sections 302.500 to 302.540, unless the arresting law enforcement officer, other than an elected peace officer or official, has been certified by the director of the department of public safety pursuant to the provisions of sections 590.100 to 590.180, RSMo.

302.520. ARRESTING OFFICER TO SERVE NOTICE OF SUSPENSION OR REVOCATION, WHEN — TO POSSESS LICENSE, ISSUE TEMPORARY PERMIT, GIVE WRITTEN NOTICE OF DRIVER'S RIGHTS AND RESPONSIBILITIES — APPLICATION FOR HEARING. — 1. Whenever the chemical test results are available to the law enforcement officer while the arrested person

is still in custody, and where the results show an alcohol concentration of [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in such person's blood or where such person is less than twenty-one years of age and the results show that there is two-hundredths of one percent or more of alcohol in the person's blood, the officer, acting on behalf of the department, shall serve the notice of suspension or revocation personally on the arrested person.

2. When the law enforcement officer serves the notice of suspension or revocation, the officer shall take possession of any driver's license issued by this state which is held by the person. When the officer takes possession of a valid driver's license issued by this state, the officer, acting on behalf of the department, shall issue a temporary permit which is valid for fifteen days after its date of issuance and shall also give the person arrested a notice which shall inform the person of all rights and responsibilities pursuant to sections 302.500 to 302.540. The notice shall be in such form so that the arrested person may sign the original as evidence of receipt thereof. The notice shall also contain a detachable form permitting the arrested person to request a hearing. Signing the hearing request form and mailing such request to the department shall constitute a formal application for a hearing.

3. A copy of the completed notice of suspension or revocation form, a copy of any completed temporary permit form, a copy of the notice of rights and responsibilities given to the arrested person, including any request for hearing, and any driver's license taken into possession pursuant to this section shall be forwarded to the department by the officer along with the report required in section 302.510.

4. The department shall provide forms for notice of suspension or revocation, for notice of rights and responsibilities, for request for a hearing and for temporary permits to law enforcement agencies.

302.535. TRIAL DE NOVO, CONDUCT, VENUE, WHAT JUDGE MAY HEAR, WHEN — RESTRICTED DRIVING PRIVILEGE, WHEN, DURATION OF. — 1. Any person aggrieved by a decision of the department may file a petition for trial de novo by the circuit court. The burden of proof shall be on the state to adduce the evidence. Such trial shall be conducted pursuant to the Missouri rules of civil procedure and not as an appeal of an administrative decision pursuant to chapter 536, RSMo. The petition shall be filed in the circuit court of the county where the arrest occurred. The case shall be decided by the judge sitting without a jury. **Until January 1, 2002**, the presiding judge of the circuit court may assign a traffic judge, pursuant to section 479.500, RSMo 1994, a circuit judge or an associate circuit judge to hear such petition. **After January 1, 2002, pursuant to local court rule pursuant to Article V, Section 15 of the Missouri Constitution, the case may be assigned to a circuit judge or an associate circuit judge, or to a traffic judge pursuant to section 479.500, RSMo.**

2. The filing of a petition for trial de novo shall not result in a stay of the suspension or revocation order. But upon the filing of such petition, a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education shall be issued by the department if the person's driving record shows no prior alcohol related enforcement contact during the immediately preceding five years. Such limited driving privilege shall terminate on the date of the disposition of the petition for trial de novo.

3. In addition to the limited driving privilege as permitted in subsection 2 of this section, the department may upon the filing of a petition for trial de novo issue a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education. In determining whether to issue such a restrictive driving privilege, the department shall consider the number and the seriousness of prior convictions and the entire driving record of the driver.

4. Such time of restricted driving privilege pending disposition of trial de novo shall be counted toward any time of restricted driving privilege imposed pursuant to section 302.525. Nothing in this subsection shall be construed to prevent a person from maintaining his restricted

driving privilege for an additional sixty days in order to meet the conditions imposed by section 302.540 for reinstating a person's driver's license.

The program shall qualify as a substance abuse traffic offender program. As used in this subsection, a serious or

repeat offender is one who was determined to have a blood alcohol content of fifteen-hundredths of one percent or more by weight while operating a motor vehicle or a prior or persistent offender as defined in section 577.023, RSMo.

The traffic judges shall be appointed by a traffic court judicial commission consisting of the presiding judge of the circuit, who shall be the chair, one circuit judge elected by the circuit judges, one associate circuit judge elected by the associate circuit judges of the circuit, and two members

Traffic judges shall not accept or handle cases in their practice of law which are inconsistent with their duties as a traffic judge and shall not be a judge or prosecutor for any other court. Traffic judges shall not be considered state employees and shall not be members of the state employees' or judicial retirement system or be eligible to receive any other employment benefit accorded state employees or judges.

[6.] 7. A majority of the judges, en banc, shall establish operating procedures for the traffic court which shall provide for regular sessions in the evenings after 6:00 p.m. and for Saturday or other sessions as efficient operation and convenience to the public may require. Proceedings in the traffic court, except when a judge is acting as a commissioner pursuant to this section, shall be conducted as provided in supreme court rule 37. The hearing shall be before a traffic judge without jury, and the judge shall assume an affirmative duty to determine the merits of the evidence presented and the defenses of the defendant and may question parties and witnesses. [No term of imprisonment or confinement may be assessed by a traffic judge.] In the event a jury trial is requested, the cause shall be certified to the circuit court for trial by jury as otherwise

provided by law. Clerks and computer personnel shall be assigned as needed for the efficient operation of the court.

[8.] **9.** Operating procedures shall be provided for electronic recording of proceedings, except that if adequate recording equipment is not provided at county expense, then, in that event, a person aggrieved by a judgment of a traffic judge or commissioner shall have the right of a trial de novo. The procedures for perfecting the right of a trial de novo shall be the same as that provided under sections 512.180 to 512.320, RSMo, except that the provisions of subsection 2 of section 512.180, RSMo, shall not apply to such cases.

[9.] **10.** The circuit court shall only have the authority to appoint two commissioners with the jurisdiction provided in subsection 3 of this section.

A person commits the crime of "driving with excessive blood alcohol content" if such person operates a motor vehicle in this state with [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in such person's blood.

2. As used in this section, percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or two hundred ten liters of breath and may be shown by chemical analysis of the person's blood, breath, saliva or urine. For the purposes of determining the alcoholic content of a person's blood under this section, the test shall be conducted in accordance with the provisions of sections 577.020 to 577.041.

3. For the first offense, driving with excessive blood alcohol content is a class [C] **B** misdemeanor.

577.021. CHEMICAL TESTING AUTHORIZED, ADMISSIBILITY. — [A member of the state highway patrol] **Any state, county or municipal law enforcement officer who has the power of arrest for violations of section 577.010 or 577.012 and who is certified pursuant to chapter 590, RSMo,** may, prior to arrest, administer a chemical test to any person suspected of operating a motor vehicle in violation of section 577.010 or 577.012. A test administered pursuant to this section shall be admissible as evidence of probable cause to arrest and as exculpatory evidence, but shall not be admissible as evidence of blood alcohol content. The provisions of section 577.020 shall not apply to a test administered prior to arrest pursuant to this section.

577.023. PERSISTENT AND PRIOR OFFENDERS — ENHANCED PENALTIES — IMPRISONMENT REQUIREMENTS, EXCEPTIONS — PROCEDURES — DEFINITIONS. — 1. For purposes of this section, unless the context clearly indicates otherwise:

(2) A "persistent offender" is one of the following:

(a) A person who has pleaded guilty to or has been found guilty of two or more intoxication-related traffic offenses, where such two or more offenses occurred within ten years of the occurrence of the intoxication-related traffic offense for which the person is charged;

(b) A person who has pleaded guilty to or has been found guilty of involuntary manslaughter pursuant to subsection 1 of section 565.024, RSMo, assault in the second degree pursuant to subdivision (4) of subsection 1 of section 565.060, RSMo, assault of a law enforcement officer in the second degree pursuant to subdivision (3) of subsection 1 of section 565.082, RSMo; and

2. Any person who pleads guilty to or is found guilty of a violation of section 577.010 or 577.012 who is alleged and proved to be a prior offender shall be guilty of a class A misdemeanor.

3. Any person who pleads guilty to or is found guilty of a violation of section 577.010 or 577.012 who is alleged and proved to be a persistent offender shall be guilty of a class D felony.

4. No court shall suspend the imposition of sentence as to a prior or persistent offender under this section nor sentence such person to pay a fine in lieu of a term of imprisonment, section 557.011, RSMo, to the contrary notwithstanding[, nor shall such person]. No prior offender shall be eligible for parole or probation until he has served a minimum of [forty-eight consecutive hours] **five days** imprisonment, unless as a condition of such parole or probation such person performs at least [ten] **thirty** days of community service under the supervision of the court in those jurisdictions which have a recognized program for community service. **No persistent offender shall be eligible for parole or probation until he or she has served a minimum of ten days imprisonment, unless as a condition of such parole or probation such person performs at least sixty days of community service under the supervision of the court.**

5. The court shall find the defendant to be a prior offender or persistent offender, if:

(1) The indictment or information, original or amended, or the information in lieu of an indictment pleads all essential facts warranting a finding that the defendant is a prior offender or persistent offender; and

(2) Evidence is introduced that establishes sufficient facts pleaded to warrant a finding beyond a reasonable doubt the defendant is a prior offender or persistent offender; and

(3) The court makes findings of fact that warrant a finding beyond a reasonable doubt by the court that the defendant is a prior offender or persistent offender.

6. In a jury trial, the facts shall be pleaded, established and found prior to submission to the jury outside of its hearing.

7. In a trial without a jury or upon a plea of guilty, the court may defer the proof in findings of such facts to a later time, but prior to sentencing.

8. The defendant shall be accorded full rights of confrontation and cross-examination, with the opportunity to present evidence, at such hearings.

9. The defendant may waive proof of the facts alleged.

10. Nothing in this section shall prevent the use of presentence investigations or commitments.

11. At the sentencing hearing both the state and the defendant shall be permitted to present additional information bearing on the issue of sentence.

12. The pleas or findings of guilty shall be prior to the date of commission of the present offense.

13. The court shall not instruct the jury as to the range of punishment or allow the jury, upon a finding of guilty, to assess and declare the punishment as part of its verdict in cases of prior offenders or persistent offenders.

14. Evidence of prior convictions shall be heard and determined by the trial court out of the hearing of the jury prior to the submission of the case to the jury, and shall include but not be limited to evidence of convictions received by a search of the records of the Missouri uniform law enforcement system maintained by the Missouri state highway patrol. After hearing the evidence, the court shall enter its findings thereon. A conviction of a violation of a municipal or county ordinance in a county or municipal court for driving while intoxicated or a conviction or a plea of guilty or a finding of guilty followed by a suspended imposition of sentence, suspended execution of sentence, probation or parole or any combination thereof in a state court shall be treated as a prior conviction.

577.037. CHEMICAL TESTS, RESULTS ADMITTED INTO EVIDENCE, WHEN, EFFECT OF. —

1. Upon the trial of any person for violation of any of the provisions of section 565.024, RSMo, or section 565.060, RSMo, or section 577.010 or 577.012, or upon the trial of any criminal action or violations of county or municipal ordinances or in any license suspension or revocation proceeding pursuant to the provisions of chapter 302, RSMo, arising out of acts alleged to have been committed by any person while driving a motor vehicle while in an intoxicated condition, the amount of alcohol in the person's blood at the time of the act alleged as shown by any chemical analysis of the person's blood, breath, saliva or urine is admissible in evidence and the provisions of subdivision (5) of section 491.060, RSMo, shall not prevent the admissibility or introduction of such evidence if otherwise admissible. If there was [ten-hundredths] **eight-hundredths** of one percent or more by weight of alcohol in the person's blood, this shall be prima facie evidence that the person was intoxicated at the time the specimen was taken.

2. Percent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred milliliters of blood or grams of alcohol per two hundred ten liters of breath.

3. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was intoxicated.

4. A chemical analysis of a person's breath, blood, saliva or urine, in order to give rise to the presumption or to have the effect provided for in subsection 1 of this section, shall have been performed as provided in sections 577.020 to 577.041 and in accordance with methods and standards approved by the state department of health.

5. Any charge alleging a violation of section 577.010 or 577.012 or any county or municipal ordinance prohibiting driving while intoxicated or driving under the influence of alcohol shall be dismissed with prejudice if a chemical analysis of the defendant's breath, blood, saliva, or urine performed in accordance with sections 577.020 to 577.041 and rules promulgated thereunder by the state department of health demonstrate that there was less than [ten-hundredths] **eight-hundredths** of one percent of alcohol in the defendant's blood unless one or more of the following considerations cause the court to find a dismissal unwarranted:

(1) There is evidence that the chemical analysis is unreliable as evidence of the defendant's intoxication at the time of the alleged violation due to the lapse of time between the alleged violation and the obtaining of the specimen;

(2) There is evidence that the defendant was under the influence of a controlled substance, or drug, or a combination of either or both with or without alcohol; or

(3) There is substantial evidence of intoxication from physical observations of witnesses or admissions of the defendant.

577.041. REFUSAL TO SUBMIT TO CHEMICAL TEST — NOTICE, REPORT OF PEACE OFFICER, CONTENTS — REVOCATION OF LICENSE, HEARING — EVIDENCE, ADMISSIBILITY — REINSTATEMENT OF LICENSES — SUBSTANCE ABUSE TRAFFIC OFFENDER PROGRAM — ASSIGNMENT RECOMMENDATIONS, JUDICIAL REVIEW — FEES. — 1. If a person under arrest, or who has been stopped pursuant to subdivision (2) or (3) of subsection 1 of section 577.020, refuses upon the request of the officer to submit to any test allowed pursuant to section 577.020,

then none shall be given and evidence of the refusal shall be admissible in a proceeding pursuant to section 565.024 or 565.060, RSMo, or section 577.010 or 577.012. The request of the officer shall include the reasons of the officer for requesting the person to submit to a test and also shall inform the person that evidence of refusal to take the test may be used against such person and that the person's license shall be immediately revoked upon refusal to take the test. If a person when requested to submit to any test allowed pursuant to section 577.020 requests to speak to an attorney, the person shall be granted twenty minutes in which to attempt to contact an attorney. If upon the completion of the twenty-minute period the person continues to refuse to submit to any test, it shall be deemed a refusal. In this event, the officer shall, on behalf of the director of revenue, serve the notice of license revocation personally upon the person and shall take possession of any license to operate a motor vehicle issued by this state which is held by that person. The officer shall issue a temporary permit, on behalf of the director of revenue, which is valid for fifteen days and shall also give the person a notice of such person's right to file a petition for review to contest the license revocation.

2. The officer shall make a sworn report to the director of revenue, which shall include the following:

- (1) That the officer has:
 - (a) Reasonable grounds to believe that the arrested person was driving a motor vehicle while in an intoxicated or drugged condition; or
 - (b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or
 - (c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer has reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater;
- (2) That the person refused to submit to a chemical test;
- (3) Whether the officer secured the license to operate a motor vehicle of the person;
- (4) Whether the officer issued a fifteen-day temporary permit;
- (5) Copies of the notice of revocation, the fifteen-day temporary permit and the notice of the right to file a petition for review, which notices and permit may be combined in one document; and
- (6) Any license to operate a motor vehicle which the officer has taken into possession.

3. Upon receipt of the officer's report, the director shall revoke the license of the person refusing to take the test for a period of one year; or if the person is a nonresident, such person's operating permit or privilege shall be revoked for one year; or if the person is a resident without a license or permit to operate a motor vehicle in this state, an order shall be issued denying the person the issuance of a license or permit for a period of one year.

4. If a person's license has been revoked because of the person's refusal to submit to a chemical test, such person may petition for a hearing before a circuit or associate circuit court in the county in which the arrest or stop occurred. The person may request such court to issue an order staying the revocation until such time as the petition for review can be heard. If the court, in its discretion, grants such stay, it shall enter the order upon a form prescribed by the director of revenue and shall send a copy of such order to the director. Such order shall serve as proof of the privilege to operate a motor vehicle in this state and the director shall maintain possession of the person's license to operate a motor vehicle until termination of any revocation pursuant to this section. Upon the person's request the clerk of the court shall notify the prosecuting attorney of the county and the prosecutor shall appear at the hearing on behalf of the director of revenue. At the hearing the court shall determine only:

- (1) Whether or not the person was arrested or stopped;
- (2) Whether or not the officer had:

(a) Reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or

(b) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or

(c) Reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the state, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and

(3) Whether or not the person refused to submit to the test.

5. If the court determines any issue not to be in the affirmative, the court shall order the director to reinstate the license or permit to drive.

6. Requests for review as provided in this section shall go to the head of the docket of the court wherein filed.

7. No person who has had a license to operate a motor vehicle suspended or revoked pursuant to the provisions of this section shall have that license reinstated until such person has participated in and successfully completed a substance abuse traffic offender program defined in section 577.001, [except] **or a program determined to be comparable by the department or the court [may waive such requirement upon completion of a comparable program or upon good cause shown or the court may waive such requirement upon good cause shown. The court in making this determination shall consider the person's driving record, the circumstances surrounding the offense and the likelihood of the person committing a like offense in the future].** Assignment recommendations, based upon the needs assessment as described in subdivision (21) of section 302.010, RSMo, shall be delivered in writing to the person with written notice that the person is entitled to have such assignment recommendations reviewed by the court if the person objects to the recommendations. The person may file a motion in the associate division of the circuit court, on a printed form provided by the state courts administrator, to have the court hear and determine such motion pursuant to the provisions of chapter 517, RSMo[, after reviewing such assessment]. The motion shall name the person or entity making the needs assessment as the respondent and a copy of the motion shall be served upon the respondent in any manner allowed by law. [Such assessment and] **Upon hearing the motion, the court may modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person's driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future, except that the court may modify but may not waive the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in section 577.023, RSMo, or of a person determined to have operated a motor vehicle with fifteen-hundredths of one percent or more by weight in such persons' blood.** Compliance with the court determination of the motion shall satisfy the provisions of this section for the purpose of reinstating such person's license to operate a motor vehicle. The respondent's personal appearance at any hearing conducted pursuant to this subsection shall not be necessary unless directed by the court.

8. The fees for the substance abuse traffic offender program, or a portion thereof to be determined by the division of alcohol and drug abuse of the department of mental health, shall be paid by the person enrolled in the program. Any person who is enrolled in the program shall pay, in addition to any fee charged for the program, a supplemental fee of sixty dollars. The administrator of the program shall remit to the division of alcohol and drug abuse of the department of mental health the supplemental fee for all persons enrolled in the program, less two percent for administrative costs. The supplemental fees received by the department of mental health pursuant to this section shall be deposited in the mental health earnings fund which is created in section 630.053, RSMo.

Any person required to use an ignition interlock device shall comply with the court order, subject to the penalties provided by [sections 577.600 to 577.614] **this section.**

2. No person shall knowingly rent, lease or lend a motor vehicle to a person known to have had [his] **that person's** driving privilege restricted as provided in subsection 1 of this section, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person whose driving privilege is restricted as provided in subsection 1 of this section shall notify any other person who rents, leases or loans a motor vehicle to [him] **that person** of the driving restriction imposed [under] **pursuant to** this section.

3. Any person convicted of a violation of this section shall be guilty of a class A misdemeanor.

577.602. COST OF INTERLOCK DEVICE MAY REDUCE AMOUNT OF FINE — VEHICLES AFFECTED — PROOF OF COMPLIANCE, WHEN, REPORT — MAINTENANCE COST — CALIBRATION CHECKS. — 1. [No court shall require the use of an ignition interlock device until it has made an affirmative finding that such a requirement will not impose any undue hardship by reason of the cost of the device or by reason of the difficulties associated with any necessary installation, testing, calibration, servicing or removal of the device. No court shall be required to require a person who is found guilty of or pleads guilty to a second intoxication-related traffic offense, as defined in section 577.023, to use an ignition interlock device as a condition of a limited driving privilege if such a device cannot be installed within fifty miles of the county seat of such person's county of residence; however, the court in such case may, in its discretion, require the use of such a device.

2.] If a court imposes a fine and requires the use of an ignition interlock device for the same offense, the amount of the fine may be reduced by the cost of the ignition interlock device.

[3.] **2.** If the court requires the use of an ignition interlock device, it shall order the installation of the device on any vehicle which the [probationer] **offender** operates during the period of probation or limited driving privilege.

[4.] **3.** If the court imposes the use of an ignition interlock device on a person having full or limited driving privileges, the court shall require the person to provide proof of compliance with the order to the court or the probation officer within thirty days of this court's order or sooner, as required by the court. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is entered in the court record, the court shall revoke or terminate the person's probation or limited driving privilege.

[5.] **4.** Nothing in sections 577.600 to 577.614 shall be construed to authorize a person to operate a motor vehicle whose driving privileges have been suspended or revoked, unless the person has obtained a limited driving privilege or restricted driving privilege under other provisions of law.

[6.] **5.** The person whose driving privilege is restricted pursuant to section 577.600 shall report to the court or the probation officer at least once annually, or more frequently as the court

may order, on the operation of each ignition interlock device in the person's vehicle or vehicles. Such person shall be responsible for the cost and maintenance of the ignition interlock device. If such device is broken, destroyed or stolen, such person shall also be liable for the cost of replacement of the device.

[7.] **6.** The court may require a person whose driving privilege is restricted under section 577.600 to report to any officer appointed by the court in lieu of a probation officer.

[8.] **7.** The court shall require periodic calibration checks that are needed for the proper operation of the ignition interlock device.

(2) No supervisor or individual with authority to hire or fire in a hospital or ambulatory surgical center shall use or threaten to use his or her supervisory authority to knowingly discriminate against, dismiss, penalize or in any way retaliate against or harass an employee because the employee in good faith reported or disclosed any information pursuant to subsection 2 of this section, or in any way attempt to dissuade, prevent or interfere with an employee who wishes to report or disclose such information;

(3) Establish a program to identify a compliance officer who is a designated person responsible for administering the reporting and investigation process and an alternate person should the primary designee be implicated in the report.

2. This section shall apply to information disclosed or reported in good faith by an employee concerning:

All information disclosed, collected and maintained pursuant to this subsection and pursuant to the written policy requirements of this section shall be accessible to the department of health at all times and shall be reviewed by the department of health at least annually. Complainants shall be notified of the department of health's access to such information and of the complainant's right to [appeal to the department of health] **notify the department of health of any information concerning alleged violations of applicable federal or state laws or administrative rules concerning patient care, patient safety or facility safety.**

5. Reports made to the department of health shall be subject to the provisions of section 197.477, provided that the restrictions of section 197.477 shall not be construed to limit the employee's ability to subpoena from the original source the information reported to the department pursuant to this section.

6. Each written policy shall allow employees making a report who wish to remain anonymous to do so, and shall include safeguards to protect the confidentiality of the employee making the report, the confidentiality of patients and the integrity of data, information and medical records.

354.603. SUFFICIENCY OF HEALTH CARRIER NETWORK, REQUIREMENTS — ACCESS PLAN FILED WITH THE DEPARTMENT, WHEN. — 1. A health carrier shall maintain a network that is sufficient in number and types of providers to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to, provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating providers, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating provider, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care providers in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity, [financial capability] and legal authority of its providers to furnish all contracted benefits to enrollees. **The provisions of this subdivision shall not be construed to require any health care provider to submit copies of such health care provider's income tax returns to a health carrier. A health carrier may require a health care provider to obtain audited financial statements if such health care provider received ten percent or more of the total medical expenditures made by the health carrier.**

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. [Beginning July 1, 1998,] A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the **health** carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The **health** carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

- (1) The health carrier's network;
- (2) The health carrier's procedures for making referrals within and outside its network;
- (3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;
- (4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;

(5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to, the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;

(6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;

(7) The health carrier's process for enabling enrollees to change primary care professionals;

(8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating providers, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other [providers] **health care professionals** in a timely manner; and

(9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

354.606. PROVIDERS NOTIFIED OF SPECIFIC COVERED SERVICES, WHEN — HOLD HARMLESS PROVISION — CESSATION OF OPERATIONS PROCEDURE — SELECTION STANDARDS FOR HEALTH CARE PROFESSIONALS, FILING WITH THE DEPARTMENT. — 1. A health carrier shall establish a mechanism by which the participating provider shall be notified on an ongoing basis of the specific covered health services for which the provider shall be responsible, including any limitations or conditions on services.

2. Every contract between a health carrier and a participating provider shall set forth a hold harmless provision specifying protection for enrollees. This requirement shall be met by including a provision substantially similar to the following:

"Provider agrees that in no event, including but not limited to nonpayment by the health carrier or intermediary, insolvency of the health carrier or intermediary, or breach of this agreement, shall the provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against an enrollee or a person, other than the health carrier or intermediary, acting on behalf of the enrollee for services provided pursuant to this agreement. This agreement shall not prohibit the provider from collecting coinsurance, deductibles or co-payments, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to enrollees. This agreement shall not prohibit a provider, except for a health care professional who is employed full time on the staff of a health carrier and has agreed to provide service exclusively to that health carrier's enrollees and no others, and an enrollee from agreeing to continue services solely at the expense of the enrollee, as long as the provider has clearly informed the enrollee that the health carrier may not cover or continue to cover a specific service or services. Except as provided herein, this agreement does not prohibit the provider from pursuing any available legal remedy; including, but not limited to, collecting from any insurance carrier providing coverage to a covered person."

3. Every contract between a health carrier and a participating provider shall set forth that in the event of a health carrier's or intermediary's insolvency or other cessation of operations, covered services to enrollees shall continue through the period for which a premium has been paid to the health carrier on behalf of the enrollee or until the enrollee's discharge from an inpatient facility, whichever time is greater.

4. The contract provisions satisfying the requirements of subsections 2 and 3 of this section shall:

- (1) Be construed in favor of the enrollee;
-

(2) Survive the termination of the contract regardless of the reason for termination, including the insolvency of the health carrier; and

(3) Supersede any oral or written contrary agreement between a provider and an enrollee or the representative of an enrollee if the contrary agreement is inconsistent with the hold harmless and continuation of covered services provisions required by subsections 2 and 3 of this section.

5. In no event shall a participating provider collect or attempt to collect from an enrollee any money owed to the provider by the health carrier nor shall a participating provider collect or attempt to collect from an enrollee any money in excess of the coinsurance, co-payments or deductibles. Failure of a health carrier to make timely payment of an amount owed to a provider in accordance with the provider's contract shall constitute an unfair claims settlement practice subject to sections 375.1000 to 375.1018, RSMo.

6. (1) A health carrier shall develop selection standards for participating primary care professionals and each participating health care professional specialty. Such standards shall be in writing and used in determining the selection of health care professionals by the health carrier, its intermediaries and any provider networks with which it contracts. Selection criteria shall not be established in a manner that will:

(a) Allow a health carrier to avoid a high-risk population by excluding a provider because such provider is located in a geographic area that contains a population presenting a risk of higher than average claims, losses or health services utilization; or

(b) Exclude a provider because such provider treats or specializes in treating a population presenting a risk of higher than average claims, losses or health services utilization.

(2) Paragraphs (a) and (b) of subdivision (1) of this subsection shall not be construed to prohibit a health carrier from declining to select a provider who fails to meet the other legitimate selection criteria of the health carrier developed in compliance with sections 354.600 to 354.636.

(3) The provisions of sections 354.600 to 354.636 shall not require a health carrier, its intermediaries or the provider networks with which it contracts, to employ specific providers or types of providers, or to contract with or retain more providers or types of providers than are necessary to maintain an adequate network.

7. A health carrier shall file its selection standards for participating providers with the director. A health carrier shall also file any subsequent changes to its selection standards with the director. The selection standards shall be made available to licensed health care providers.

8. A health carrier shall notify a participating provider of the provider's responsibilities with respect to the health carrier's applicable administrative policies and programs, including but not limited to payment terms, utilization review, quality assessment and improvement programs, credentialing, grievance procedures, data reporting requirements, confidentiality requirements and any applicable federal or state programs.

9. No contract between a health carrier and a provider for the delivery of health care service, entered into or renewed after August 28, 2001, shall require the mandatory use of a hospitalist. For purposes of this subsection, "hospitalist" means a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to that participating provider at the end of hospitalization.

[9.] 10. A health carrier shall not offer an inducement under the managed care plan to a provider to provide less than medically necessary services to an enrollee.

[10.] 11. A health carrier shall not prohibit a participating provider from advocating in good faith on behalf of enrollees within the utilization review or grievance processes established by the health carrier or a person contracting with the health carrier.

[11.] 12. A health carrier shall require a provider to make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of enrollees, and to

comply with the applicable state and federal laws related to the confidentiality of medical or health records.

[12.] **13.** The rights and responsibilities of a provider under a contract between a health carrier and a participating provider shall not be assigned or delegated by the provider without the prior written consent of the health carrier.

[13.] **14.** A health carrier shall be responsible for ensuring that a participating provider furnishes covered benefits to all enrollees without regard to the enrollee's enrollment in the plan as a private purchaser of the plan or as a participant in a publicly financed program of health care service.

[14.] **15.** A health carrier shall notify the participating providers of their obligations, if any, to collect applicable coinsurance, co-payments or deductibles from enrollees pursuant to the evidence of coverage, or of the providers' obligations, if any, to notify enrollees of their personal financial obligations for noncovered services.

[15.] **16.** A health carrier shall not penalize a provider because the provider, in good faith, reports to state or federal authorities any act or practice by the health carrier that may jeopardize patient health or welfare.

[16.] **17.** A health carrier shall establish a mechanism by which a participating provider may determine in a timely manner whether a person is covered by the carrier.

[17.] **18.** A health carrier shall not discriminate between health care professionals when selecting such professionals for enrollment in the network or when referring enrollees for health care services to be provided by such health care professional who is acting within the scope of his professional license.

[18.] **19.** A health carrier shall establish procedures for resolution of administrative, payment or other disputes between providers and the health carrier.

[19.] **20.** A contract between a health carrier and a provider shall not contain definitions or other provisions that conflict with the definitions or provisions contained in the managed care plan or sections 354.600 to 354.636.

376.383. HEALTH CARE CLAIMS FOR REIMBURSEMENT, HOW PAID, WHEN — DEFINITIONS — INTEREST ON UNPAID CLAIMS — EFFECTIVE, WHEN — PENALTIES FOR UNPAID CLAIMS, WHEN — FRAUDULENT CLAIMS, NOTIFICATION TO THE DEPARTMENT, PROCEDURE — REQUESTS FOR ADDITIONAL INFORMATION, CONTENTS. — 1. For purposes of this section and section 376.384, the following terms shall mean:

(1) "Claimant", any individual, corporation, association, partnership or other legal entity asserting a right to payment arising out of a contract or a contingency or loss covered under a health benefit plan as defined in section 376.1350;

(2) "Deny" or "denial", when the health carrier refuses to reimburse all or part of the claim;

(3) "Health carrier", health carrier as defined in section 376.1350, except that health carrier shall not include a workers' compensation carrier providing benefits to an employee pursuant to chapter 287, RSMo;

(5) "Health care services" health care services as defined in section 376.1350;

(6) "Processing days", number of days the health carrier has the claim in its possession. Processing days shall not include days in which the health carrier is waiting for a response to a request for additional information;

(7) "Request for additional information", when the health carrier requests information from the claimant to determine if all or part of the claim will be reimbursed;

(8) "Suspends the claim", giving notice to the claimant specifying the reason the claim is not yet paid, including but not limited to grounds as listed in the contract between the claimant and the health carrier; and

(9) "Third party contractor", a third party contracted with the health carrier to receive or process claims for reimbursement of health care services.

2. Within ten working days after receipt of a claim by a health carrier or a third party contractor, a health carrier shall:

- (1) Send an acknowledgment of the date of receipt; or
- (2) Send notice of the status of the claim that includes a request for additional information.

If a health carrier pays the claim, subdivisions (1) and (2) shall not apply.

3. Within fifteen days after receipt of additional information by a health carrier or a third party contractor, a health carrier shall pay the claim or any undisputed part of the claim in accordance with this section or send a notice of receipt and status of the claim:

- (1) That denies all or part of the claim and specifies each reason for denial; or
- (2) That makes a final request for additional information.

4. Within fifteen days after the day on which the health carrier or a third party contractor receives the additional requested information in response to a final request for information, it shall pay the claim or any undisputed part of the claim or deny or suspend the claim.

5. If the health carrier has not paid the claimant on or before the forty-fifth day from the date of receipt of the claim, the health carrier shall pay the claimant one percent interest per month. The interest shall be calculated based upon the unpaid balance of the claim. The interest paid pursuant to this subsection shall be included in any late reimbursement without the necessity for the person that filed the original claim to make an additional claim for that interest. A health carrier may combine interest payments and make payment once the aggregate amount reaches five dollars.

6. If a health carrier fails to pay, deny or suspend the claim within forty processing days, and has received, on or after the fortieth day, notice from the health care provider that such claim has not been paid, denied or suspended, the health carrier shall, in addition to monthly interest due, pay to the claimant per day an amount of fifty percent of the claim but not to exceed twenty dollars for failure to pay all or part of a claim or interest due thereon or deny or suspend as required by this section. Such penalty shall not accrue for more than thirty days unless the claimant provides a second written or electronic notice on or after the thirty days to the health carrier that the claim remains unpaid and that penalties are claimed to be due pursuant to this section. Penalties shall cease if the health carrier pays, denies or suspends the claim. Said penalty shall also cease to accrue on the day after a petition is filed in a court of competent jurisdiction to recover payment of said claim. Upon a finding by a court of competent jurisdiction that the health carrier failed to pay a claim, interest or penalty without reasonable cause, the court shall enter judgment for reasonable attorney fees for services necessary for recovery. Upon a finding that a provider filed suit without reasonable grounds to recover a claim, the court shall award the health carrier reasonable attorney fees necessary to the defense.

7. The department of insurance shall monitor suspensions and determine whether the health carrier acted reasonably.

8. If a health carrier or third party contractor has reasonable grounds to believe that a fraudulent claim is being made, the health carrier or third party contractor shall notify the department of insurance of the fraudulent claim pursuant to sections 375.991 to 375.994.

(3) Not request a refund or offset against a claim more than twelve months after a health carrier has paid a claim except in cases of fraud or misrepresentation by the health care provider;

(4) Issue within one working day a confirmation of receipt of an electronically filed claim.

2. On or after January 1, 2003, all claims for reimbursement for a health care service provided in this shall be submitted in an electronic format consistent with federal administrative simplification standards adopted pursuant to the Health Insurance Portability and Accountability Act of 1996. Any claim submitted by a health care provider after January 1, 2003, in a non- electronic format shall not be subject to the provisions of section 376.383. Any health carrier shall provide readily accessible electronic filing after this date to health care providers.

3. On or after January 1, 2002, the director of the department of insurance shall monitor health carrier compliance with the provisions of sections 376.383 and 376.384. Examinations, which may be based upon statistical samplings, to determine compliance may be conducted by the department or the director may contract with a qualified private entity. Compliance shall be defined as properly processing and paying ninety-five percent of all claims received in a given calendar year in accordance with the provisions of sections 376.383 and 376.384. The director may assess an administrative penalty in addition to the penalties outlined in section 376.383 of up to twenty-five dollars per claim for the percentage of claims found to be in noncompliance, but not to exceed an annual aggregate penalty of two hundred fifty thousand dollars, for any health carrier deemed to be not in compliance with sections 376.383 and 376.384. Any penalty assessed pursuant to this subsection shall be assessed in addition to penalties provided for pursuant to sections 375.1012 and 375.942.

The director is also authorized to assess a monetary penalty, payable to the state of Missouri, in a sum not to exceed twenty-five percent of the unpaid interest payment against health carriers.

5. A health carrier may request a waiver of the requirements of sections 376.383 and 376.384 if the basis for the request is an act of God or other good cause as determined by the director.

6. The director shall develop a method by which health care providers may submit complaints to the department identifying violations of sections 376.383 and 376.384 by a health carrier. The director shall consider such complaints when determining whether to examine a health carrier's compliance. Prior to filing a complaint with the department, health care providers who believe that a health carrier has not paid a claim in accordance

with section 376.383 and this section shall first contact the health carrier to determine the status of the claim to ensure that sufficient documentation supporting the claim has been provided and to determine whether the claim is considered to be complete. - (1) The health care provider's name, address, and day-time phone number;
- (2) The health carrier's name;

The uniform format and the standard medical code sets shall be promulgated by the department of insurance through rules consistent with but no more stringent than the federal administrative simplification standards adopted pursuant to the Health Insurance Portability and Accountability Act of 1996.

8. The department shall have authority to promulgate rules for the implementation of section 376.383 and this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and if applicable, sections 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

149.015. RATE OF TAX — HOW STAMPED — SAMPLES, HOW TAXED — TAX IMPACT TO BE ON CONSUMER — FAIR SHARE SCHOOL FUND, DISTRIBUTION. — 1. A tax shall be levied upon the sale of cigarettes at an amount equal to eight and one-half mills per cigarette, until such time as the general assembly appropriates an amount equal to twenty-five percent of the net federal reimbursement allowance to the health initiatives fund, then the tax shall be six and one-half mills per cigarette beginning July first of the fiscal year immediately after such appropriation. As used in this section, "net federal reimbursement allowance" shall mean that amount of the federal reimbursement allowance in excess of the amount of state matching funds necessary for the state to make payments required by subsection 1 of section 208.471, RSMo, or, if the payments exceed the amount so required, the actual payments made for the purposes specified in subsection 1 of section 208.471, RSMo.

2. The tax shall be evidenced by stamps which shall be furnished by and purchased from the director or by an impression of the tax by the use of a metering machine when authorized by the director as provided in this chapter, and the stamps or impression shall be securely affixed to one end of each package in which cigarettes are contained. All cigarettes must be stamped before being sold in this state.

3. Cigarette tax stamps shall be purchased only from the director. All stamps shall be purchased by the director in proper denominations, shall contain such appropriate wording as the director may prescribe, and shall be of such design, character, color combinations, color changes, sizes and material as the director may, by [his] rules and regulations, determine to afford the greatest security to the state. It shall be the duty of the director to manufacture or contract for revenue stamps required by this chapter; provided that if the stamps are contracted for, the manufacturer thereof shall be within the jurisdiction of the criminal and civil courts of this state, unless the stamps cannot be obtained in this state at a fair price or of acceptable quality. If stamps are manufactured outside of the state, the director shall take any precautions which he deems necessary to safeguard the state against forgery and misdelivery of any stamps. The director may require of the manufacturer from whom stamps are purchased a bond in an amount to be determined by him commensurate with the monetary value of the stamps, containing such conditions as he may deem necessary in order to protect the state against loss.

4. It shall be the intent of this chapter that the impact of the tax levied hereunder be absorbed by the consumer or user and when the tax is paid by any other person, the payment shall be considered as an advance payment and shall thereafter be added to the price of the cigarettes and recovered from the ultimate consumer or user with the person first selling the cigarettes acting as an agent of the state for the payment and collection of the tax to the state,

except that in furtherance of the intent of this chapter no refund of any tax collected and remitted by a retailer upon gross receipts from a sale of cigarettes subject to tax [under] **pursuant to** this chapter shall be claimed [under] **pursuant to** chapter 144, RSMo, for any amount illegally or erroneously overcharged or overcollected as a result of imposition of sales tax by the retailer upon amounts representing the tax imposed [under] **pursuant to** this chapter **and any such tax shall either be refunded to the person who paid such tax or paid to the director. The director may recoup from any retailer any tax illegally or erroneously overcharged or overcollected unless such tax has been refunded to the person who paid such tax.**

5. In making sales of cigarettes in the state, a wholesaler shall keep a record of the amount of tax on his gross sales. The tax shall be evidenced by appropriate stamps attached to each package of cigarettes sold. **Notwithstanding any other law to the contrary, no tax stamp need be attached to a package of cigarettes transported in the state between wholesalers or distributors unless and until such package is sold to a retailer or consumer.**

6. The tax on any cigarettes contained in packages of four, ten, twenty or similar quantities to be used solely for distribution as samples shall be computed on a per cigarette basis at the rate set forth in this section, and payment of the tax shall be remitted to the director at such time and in such manner as he may prescribe.

7. The revenue generated by the additional two mills tax imposed effective August 13, 1982, less any three percent reduction allowed [under] **pursuant to** the provisions of section 149.021, shall be placed in a separate fund entitled "The Fair Share Fund". Such moneys in the fair share fund shall be distributed to the schools in this state on an average daily attendance basis, except as provided in section 163.031, RSMo.

8. The revenue generated by the additional two mills tax imposed effective October 1, 1993, less any three percent reduction allowed [under] **pursuant to** the provisions of section 149.021, shall be deposited in the health initiatives fund created in section 191.831, RSMo. When the general assembly appropriates an amount equal to twenty-five percent of the net federal reimbursement allowance to the health initiatives fund, this subsection shall expire. The additional two mills tax levied [under] **pursuant to** this section shall not apply to an amount of stamped cigarettes in the possession of licensed wholesalers on October 1, 1993, up to thirty-five percent of the total cigarette sales made by such licensed wholesaler during the six months immediately preceding October 1, 1993.

SECTION A. ENACTING CLAUSE. — Section 214.030, RSMo 2000, is repealed and two new sections enacted in lieu thereof, to be known as sections 214.030 and 214.035, to read as follows:

214.030. CEMETERY LOTS, CONVEYED BY DEED. — The cemetery lots owned by such county, city, town or village shall be conveyed by deed signed by the mayor or **presiding commissioner** of said county, city, town or village, duly attested by the [city] clerk of such county, city, town or village, or other officer performing the duties of clerk, and shall vest in the purchaser, his or her heirs and assigns, a right in fee simple to such lot for the sole purpose of interment [under] **pursuant to** the regulations of the council or commission, **except that such fee simple right may be revested in the county, city, town or village pursuant to section 214.035.**

214.035. CONVEYANCE OF CEMETERY PROPERTY TO POLITICAL SUBDIVISION, WHEN — NOTICE OF TRANSFER. — **1.** For purposes of this section, the term "lot owner" means the purchaser of the cemetery lot or such purchaser's heirs, administrators, trustees, legatees, devisees, or assigns.

2. Whenever a county, city, town or village has acquired real estate for the purpose of maintaining a cemetery or has acquired a cemetery from a cemetery association, and such county, city, town or village or its predecessor in title has conveyed any platted lot or designated piece of ground within the area of such cemetery, and the governing body of such county, city, town or village is the governing body of such cemetery pursuant to section 214.010, the title to any conveyed platted lots or designated pieces of ground, other than ground in which dead human remains are actually buried and all ground within two feet thereof, may be revested in the county, city, town or village in the following manner and subject to the following conditions:

(1) No interment shall have been made in the lot and the title to such lot shall have been vested in the present owner for a period of at least fifty years prior to the commencement of any proceedings pursuant to this section;

(2) If the lot owner of any cemetery lot is a resident of the county where the cemetery is located, the governing body shall cause to be served upon such lot owner a notice that proceedings have been initiated to revest the title of such lot in the county, city, town or village and that such lot owner may within the time provided by the notice file with the clerk or other officer performing the duties of clerk of such county, city, town or village, as applicable, a statement in writing explaining how rights in the cemetery lot were acquired and such person's desire to claim such rights in the lot. The notice shall be served in the manner provided for service of summons in a civil case and shall provide a period of not less than thirty days in which the statement can be filed. If the governing body ascertains that the statement filed by the lot owner is correct and the statement contains a claim asserting the rights of the lot owner in the lot, all proceedings by the governing body to revest title of the lot in the county, city, town or village shall be null and void and such proceedings shall be summarily terminated by the governing body as to the lots identified in the statement;

(3) If it is determined by the return of the sheriff of the county in which the cemetery is located that the lot owner is not a resident of the county and cannot be found in the county, the governing body may cause the notice required by subdivision (2) of this subsection to be published once each week for two consecutive weeks in a newspaper of general circulation within the county, city, town or village. Such notice shall contain a general description of the title revestment proceedings to be undertaken by the governing body pursuant to this section, lot numbers and descriptions and lot owners' names. In addition, the notice shall notify the lot owner that such lot owner may, within the time provided, file with the clerk or other officer performing the duties of a clerk a statement

setting forth how such lot owner acquired rights in the cemetery lot and that such lot owner desires to assert such rights. If the governing body ascertains that the statement filed by the lot owner is correct and the statement contains a claim asserting the rights of the lot owner in the lot, all proceedings by the governing body to revest title to the lot in the county, city, town or village shall be null and void and such proceedings shall be summarily terminated by the governing body as to the lots identified in the statement;

(4) All notices, with proofs of service, mailing and publication of such notices, and all ordinances or other resolutions adopted by the governing body relative to these revestment proceedings shall be made a part of the records of such governing body;

(5) Upon expiration of the period of time allowed for the filing of statements by lot owners as contained in the notice served personally, by mail or published, all parties who fail to file with the clerk, or other officer performing the duties of clerk in such county, city, town or village, their statement asserting their rights in the cemetery lots shall be deemed to have abandoned their rights and claims in the lot, and the governing body may bring an action in the circuit court of the county in which the cemetery is located against all lot owners in default, joining as many parties so in default as it may desire in one action, to have the rights of the parties in such lots or parcels terminated and the property restored to the governing body of such cemetery free of any right, title or interest of all such defaulting parties or their heirs, administrators, trustees, legatees, devisees or assigns. Such action in all other respects shall be brought and determined in the same manner as ordinary actions to determine title to real estate;

(6) In all such cases the fact that the grantee, holder or lot owner has not, for a term of more than fifty successive years, had occasion to make an interment in the cemetery lot and the fact that such grantee, holder or lot owner did not upon notification assert a claim in such lot, pursuant to this section, shall be prima facie evidence that the party has abandoned any rights such party may have had in such lot;

(7) A certified copy of the judgments in such actions quieting title may be filed in the office of the recorder of deeds in and for the county in which the cemetery is situated;

(8) All notices and all proceedings pursuant to this section shall distinctly describe the portion of such cemetery lot unused for burial purposes and the county, city, town or village shall leave sufficient ingress to, and egress from, any grave upon the lot, either by duly dedicated streets or alleys in the cemetery, or by leaving sufficient amounts of the unused portions of the cemetery for such purposes;

(9) This section shall not apply to any lot in any cemetery where a perpetual care contract has been entered into between such cemetery, the county, city, town or village and the owner of such lot;

(10) Compliance with the terms of this section shall as fully revest the county, city, town or village with, and divest the lot owner of record of, the title to such portions of such cemetery lot unused for burial purposes as though the lot had never been conveyed to any person, and such county, city, town or village, shall have, hold and enjoy such unclaimed portions of such lots for its own uses and purposes, subject to the laws of this state, and to the charter, ordinances and rules of such cemetery and the county, city, town or village.

Except as provided in sections 319.030 and 319.050, a person shall not make or begin any excavation in any public street, road or alley, right-of-way dedicated to the public use or utility easement of record or within any private street or private property without first[, when necessary to determine proximity to underground facilities,] giving notice to and obtaining information concerning the possible location of any underground facilities which may be affected by said excavation from each and every owner and operator of underground facilities whose name appears on the current list of [the recorder of deeds in and for the county in which the excavation is to be made] **participants in the notification center. Prior to January 1, 2003, a person shall not make or begin any excavation pursuant to this subsection without also making notice to owners or operators of underground facilities which do not participate in a notification center and whose name appears on the current list of the recorder of deeds in and for the county in which the excavation is to occur. Beginning January 1, 2003, notice to the notification center of proposed excavation shall be deemed notice to all owners and operators of underground facilities.** The notice referred to [herein] **in this section** shall comply with the provisions of section 319.026.

2. [An excavator's notice to a notification center shall be deemed notice to all owners and operators of underground facilities represented by such notification center.] An excavator's notice to owners and operators of underground facilities [who are represented by a notification center according to the current list of the recorder of deeds] **participating in the notification center pursuant to section 319.022** is ineffective for purposes of subsection 1 of this section unless given to such notification center. **Prior to January 1, 2003,** the notice required by subsection 1 of this section shall be given directly to owners or operators of underground facilities who are not represented by a notification center.

3. If the excavator is engaged in trenching, ditching, drilling, well-drilling or -driving, **augering or boring** and, if upon notification by the excavator [as provided under] **pursuant to** section 319.026, the owner or operator notifies the excavator that the area of excavation cannot be determined from the description provided by the excavator, the excavator shall mark the proposed area of excavation prior to marking of location by the owner or operator of the facility. **For any excavation, as defined in section 319.015, if the owner or operator notifies the excavator that the area of excavation cannot be determined from the description provided by the excavator through the notice required by this section, the owner or operator may require the excavator to provide project plans to the owner or operator, or meet on the site of the excavation with representatives of the owner or operator as provided by subsection 1 of section 319.030. The provisions of this subsection shall not apply to owners of residential property performing excavations on their own property.**

319.026. NOTICE OF EXCAVATOR, FORM OF — WRITTEN RECORD MAINTAINED — INCORRECT LOCATION OF FACILITY, DUTY OF EXCAVATOR — VISIBLE MARKINGS NECESSARY TO CONTINUE WORK. — 1. An excavator shall serve notice of intent to excavate to the notification center by toll-free telephone number operated on a twenty-four hour per day, seven day per week basis or, **prior to January 1, 2003,** to individual nonparticipant owners or

operators at least two [full] working days, but not more than ten working days, before commencing the excavation activity. The notification center receiving such notice shall inform the excavator of all owners, operators and other persons to whom such notice will be transmitted and shall promptly transmit such notice to every public utility, municipal corporation and all persons owning or operating an underground facility in the area of excavation and which are participants in and have registered their locations with the notification center. **The notification center receiving such notice shall solicit all information required in subsection 2 of this section from the excavator and shall transmit all details of such notice as required by this section.**

2. Each notice of intent to excavate given [hereunder] **pursuant to this section** shall contain the name, address and telephone number **and facsimile number, if any**, of the person filing the notice of intent, the name, address and telephone number of the excavator, the date the excavation activity is to commence, the depth of planned excavation and, if applicable, that the use of explosives is anticipated on the excavation site, and the type of excavation being planned, including whether the excavation involves tunneling or horizontal boring. **The notice shall state whether someone is available between 8:00 a.m. and 5:00 p.m. on working days at the telephone number given and whether the excavator's telephone is equipped with a recording device.** The notice shall also specify the location of the excavation by any one or more of the following means: by reference to a specific street address, [or by reference to platted lot number of record,] or by reference to specific quarter section, and shall state whether excavation is to take place within the city limits. **The notice shall also include a description of the location or locations of the excavation at the site described by direction and approximate distance in relation to prominent features of the site, such as existing buildings or roadways. For excavations occurring outside the limits of an incorporated city, the following additional information shall be provided: the location of the excavation in relation to the nearest numbered, lettered or named state or county road which is posted on a road sign, including the approximate distance from the nearest intersection or prominent landmark; and, if the excavation is not on or near a posted numbered, lettered or named state or county road, directions as to how to reach the site of the excavation from the nearest such road. The notification center receiving such notice shall solicit all information required in this subsection and shall require the excavator to provide all such information before notice by the excavator is deemed to be completed pursuant to sections 319.015 to 319.050. The notification center shall transmit all details of such notice as required in subsection 1 of this section.**

3. A written record of each notice of intent to excavate shall be maintained by the notification center or, **prior to January 1, 2003, by the** nonmember owner or operator receiving direct notifications for a period of five years. The record shall include the date the notice was received and all information required by subsection 2 of this section which was provided by the excavator. If the recipient creates a record of the notice by computer or telephonic recording, such record of the original notice shall be maintained for one year from the date of receipt. Persons holding records of notices of intent to excavate and records of information provided to the excavator by the notification center or owner or operator of the facility, shall make copies of such records available for a reasonable copying fee upon the request of the owner or operator of the underground facilities or the excavator filing the notice.

4. If in the course of excavation the person responsible for the excavation operations discovers that the owner or operator of the underground facility **who is a participant in a notification center** has incorrectly located the underground facility, he **or she** shall notify the **notification center which shall inform the participating** owner or operator. **If the owner or operator of the underground facility is not a participant in a notification center prior to the January 1, 2003, effective date for mandatory participation pursuant to section 319.022, the person responsible for the excavation shall notify the owner.** The person responsible for maintaining records of the location of underground facilities for the owner or

operator shall correct such records to show the actual location of such facilities, if current records are incorrect.

5. Notwithstanding the fact that a project is a preengineered project or a permitted project, excavators connected therewith shall be required to give notification in accordance with this section prior to commencement of [construction or excavation, whichever event first occurs] excavation.

6. When markings have been provided in response to a notice of intent to excavate, excavators may continue to work within the area described in the notice so long as the markings are visible. If markings become unusable due to weather, construction or other cause, the excavator shall contact the notification center to request remarking. Such notice shall be given in the same manner as original notice of intent to excavate, and the owner or operator shall remark the site in the same manner, within the same time, as required in response to an original notice of intent to excavate. Each excavator shall exercise reasonable care not to unnecessarily disturb or obliterate markings provided for location of underground facilities. If remarking is required due to the excavator's failure to exercise reasonable care, or if repeated unnecessary requests for remarking are made by an excavator even though the markings are visible and usable, the excavator may be liable to the owner or operator for the reasonable cost of such remarking.

319.028. PARTICIPATION IN NOTIFICATION CENTER REQUIRED, EXCEPTIONS — WITHDRAWAL FROM NOTIFICATION CENTER INADMISSIBLE IN COURT PROCEEDINGS. — 1. On or after January 1, 2003, an owner or operator of underground facilities, who has become a participant in the notification center as required in section 319.022, will maintain participation in the notification center, unless it is determined that the inaccuracy rate of the notification center reaches fifteen percent. The accuracy rate shall be determined by the number of notifications of an excavation, where the owner or operator has no underground facilities at the excavation site, as described in the excavators notification, divided by the total number of notifications to an owner or operator of underground facilities during any twelve month period.

2. Once the notification center has an inaccuracy rate of fifteen percent or higher for any owner or operator of underground facilities, then any such owner or operator may withdraw from participation in the notification center by providing written notice to the notification center of its withdrawal. The owner or operator shall then file with the Recorder of Deeds for each County it has underground facilities, a statement that it has underground facilities and a name and phone number of a contact person that excavators shall contact and notify of its intent to excavate. The owner or operator shall also publish, at least quarterly, in a newspaper or other publication of general circulation in counties that have underground facilities a statement that the owner or operator has underground facilities and who the excavator shall contact regarding its intent to excavate.

3. After January 1, 2003, in the event that an owner or operator withdraws from the notification center no party may use in an any legal proceeding the fact that an owner or operator has withdrawn from the notification center as evidence to establish negligence, recklessness, lack of adherence to industry standards, or any other manner which would suggest that the owner or operator failed to comply with any standard of care.

319.030. NOTIFICATION OF LOCATION OF UNDERGROUND FACILITY, WHEN, HOW — EXCEPTION, NOTIFICATION CENTERS — FAILURE TO PROVIDE NOTICE OF LOCATION, EFFECT. — 1. Every person owning or operating an underground facility to whom notice of intent to excavate is required to be given [hereunder through a notification center or directly] shall, upon receipt of such notice as provided [herein] **in this section** from a person intending to commence an excavation, inform the excavator as promptly as practical, but not in excess of two working days from receipt of the notice, unless otherwise mutually agreed, of the

approximate location of underground facilities in or near the area of the excavation so as to enable the person engaged in the excavation work to locate the facilities in advance of and during the excavation work. **If the information available to the owner or operator of a pipeline facility or an underground electric or communications cable discloses that valves, vaults or other appurtenances are located in or near the area of excavation, the owner or operator shall either inform the excavator of the approximate location of such appurtenances at the same time and in the same manner as the approximate location of the remainder of the facility is provided, or shall at such time inform the excavator that appurtenances exist in the area and provide a telephone number through which the excavator may contact a representative of the owner or operator who will meet at the site within one working day after request from the excavator and at such meeting furnish the excavator with the available information about the location and nature of such appurtenances.** If the excavator states in the notice of intent to excavate that the excavation will involve tunneling or horizontal boring, the owner or operator shall inform the excavator of the depth, to the best of his or her knowledge or ability, of the facility according to the records of the owner or operator. The owner or operator shall provide the approximate location of underground facilities by use of [marking or any other usual and customary means of providing the approximate location. Upon agreement of the excavator and the owner or operator of the underground facility, location may be provided by an alternative means such as an on-site meeting or other conference between representatives of the excavator and the owner or operator. If the owner or operator determines that marking is not feasible due to terrain or other physical conditions at the site, he shall notify the excavator that marking cannot be used and advise the excavator of another means of location which will be used. If location is not marked, the excavator may request additional information in locating the facility if needed to avoid damage to the facility and the same shall be provided by the owner or operator within twenty-four hours of such request] **markings.** If stakes are used, staking shall be consistent with the color code and other standards for ground markings. Persons representing the excavator and the owner or operator shall meet on the site of excavation within [forty-eight hours] **two working days** of a request by either person for such meeting for the purpose of clarifying [ground] markings, or upon agreement of the excavator and owner or operator, such meeting may be an alternate means of providing the location of facilities **by originally marking the approximate location of the facility at the time of the meeting.** If upon receipt of a notice of intent to excavate, an owner or operator determines that [no] **he or she neither owns or operates** underground facilities [are located] in or near the area of excavation, the owner or operator shall within two working days after receipt of the notice, inform the excavator that **the owner or operator has** no facilities [are] located in the area **of the proposed excavation.** **If the notice of intent to excavate provided to the owner or operator of the underground facility by the notification center states that a person is available at the telephone number given in the notice between 8:00 a.m. and 5:00 p.m. on each working day or that the excavator's telephone is equipped with a recording device, or states a facsimile number for the excavator, the owner or operator shall make actual notice of no facilities in the area of the excavation described in the notice by one or more of the following methods: calling the telephone number given between 8:00 a.m. and 5:00 p.m. on a working day; leaving a message on the excavator's recording device; transmitting a facsimile message to the excavator; marking "no facilities" or "clear" at the site of excavation; or verbally informing the excavator at the site of excavation.** **If the notice of intent to excavate provided to the owner or operator does not indicate that a person is available at the telephone number given in the notice between 8:00 a.m. and 5:00 p.m. on each working day or that the excavator's telephone is equipped with a recording device or that a facsimile number is provided for receiving facsimile messages, then the owner or operator may attempt to notify the excavator of no facilities in the area of excavation by any of the methods indicated above; however, two documented attempts by the owner or operator to reach such an excavator by telephone**

shall constitute compliance with this subsection. A record of the date and means of informing the excavator that no facilities were located by the owner or operator, shall be included in the written records required by subsection 3 of section 319.026.

2. Owners and operators of underground facilities who are [represented by a] **participants in the notification center** according to the current list [of the recorder of deeds] **maintained in the offices of the notification center** shall be relieved of the responsibility to respond to notices of intent to excavate received directly from the person intending to commence an excavation, except for requests for clarification of [ground] markings through on-site meetings and requests for locations at the time of an emergency as provided by section 319.050.

3. In the event that a person owning or operating an underground facility fails to comply with the provisions of subsection 1 of this section after notice given by an excavator in compliance with section 319.026, the excavator, prior to commencing the excavation, shall [directly contact the appropriate owners or operators of underground facilities to obtain location information or special instructions for proceeding with the excavation at that location] **give a second notice to the same entity to whom the original notice was made as required by section 319.026.** If, after the receipt of the [direct contact by the excavator] **second notice**, the owner or operator of an underground facility fails to provide the excavator with location information [or special instructions] during the next working day, the excavator may commence the excavation. Nothing in this subsection shall excuse the excavator from exercising the degree of care in making the excavation as is otherwise required by law.

4. **For purposes of this section, a period of two working days begins upon receipt of the excavator's notice of intent to excavate or upon receipt of a request for a meeting and shall end on the second working day thereafter at the same time of day. If the excavator's notice of intent to excavate or a request for a meeting is received on a working day before 8:00 a.m., such period of time shall begin at 8:00 a.m. of that day. If the excavator's notice of intent to excavate or a request for a meeting is received after 5:00 p.m. on a working day, or at any time on a day that is not a working day, then such period of time shall begin at 8:00 a.m. of the first working day after the day of actual receipt.**

319.036. EXCEPTION TO EXCAVATION NOTIFICATION REQUIREMENTS FOR AGRICULTURAL PROPERTY, WHEN. — Any person owning or leasing agricultural property shall not be required to make notice of excavation required by section 319.022 for excavations on such property, if such excavation is not in the proximity of an underground facility which is marked with an aboveground placard or line marker and is not in the proximity of a utility easement known to that person. For purposes of this section agricultural property means any property used to produce an agricultural product as defined by section 348.400, RSMo, or defined as agricultural property by that section.

319.037. EXCAVATION SITES INCLUDED IN REQUIREMENTS — EQUIPMENT PROHIBITED AT SUCH SITES. — 1. Notwithstanding any other provision of law to the contrary, the procedures and requirements set forth in this section shall apply on the site of any excavation involving horizontal boring, including directional drilling, where the approximate location of underground facilities has been marked in compliance with section 319.030 and where any part of the walls of the intended bore are within the marked approximate location of the underground facility.

2. The excavator shall not use power-driven equipment for horizontal boring, including directional drilling, within the marked approximate location of such underground facilities until the excavator has made careful and prudent efforts to confirm the horizontal and vertical location thereof in the vicinity of the proposed excavation through methods appropriate to the geologic and weather conditions, and the nature of the facility, such as the use of electronic locating devices, hand digging, pot holing when practical, soft digging, vacuum methods, use of pressurized air or water, pneumatic hand

tools or other noninvasive methods as such methods are developed. Such methods of confirming location shall not violate established safety practices. Nothing in this subsection shall authorize any person other than the owner or operator of a facility to attach an electronic locating device to any underground facility. For excavations paralleling the underground facility, such efforts to confirm the location of the facility shall be made at careful and prudent intervals. The excavator shall also make careful and prudent efforts by such means as are appropriate to the geologic and weather conditions and the nature of the facility, to confirm the horizontal and vertical location of the boring device during boring operations. Notwithstanding the foregoing, the excavator shall not be required to confirm the horizontal or vertical location of the underground facilities if the excavator, using the methods described in this section, excavates a hole over the underground facilities to a depth two feet or more below the planned boring path and then carefully and prudently monitors the horizontal and vertical location of the boring device in a manner calculated to enable the device to be visually observed by the excavator as it crosses the entire width of the marked approximate location of the underground facilities.

319.041. SAFE AND PRUDENT EXCAVATION REQUIRED — NO ABROGATION OF CONTRACTUAL OBLIGATIONS WITH RAILROADS. — Nothing in the foregoing shall relieve an excavator from the obligation to excavate in a safe and prudent manner, nor shall it absolve an excavator from liability for damage to legally installed facilities. Notwithstanding any provision of law to the contrary, nothing in this chapter shall abrogate any contractual provisions entered into between any railroad and any other party owning or operating an underground facility within the railroad's right-of-way.

319.045. NOTICE IF UNDERGROUND FACILITY DISTURBED, TO WHOM, WHEN — DUTIES OF EXCAVATOR — CIVIL PENALTIES — ATTORNEY GENERAL MAY BRING ACTION. — 1. In the event of any damage or dislocation or disturbance of any underground facility in connection with any excavation, the person responsible for the excavation operations shall immediately notify the notification center and the owner or operator of the facility or the owner or operator, **if known**, if it is not a participant in the notification center **prior to January 1, 2003. On or after January 1, 2003, the responsible party shall notify the notification center only.**

2. In the event of any damage or dislocation or disturbance to any underground facility in advance of or during the excavation work, the person responsible for the excavation operations shall not conceal or attempt to conceal such damage or dislocation or disturbance, nor shall that person attempt or make repairs to the facility unless authorized by the owner or operator of the facility. In the case of sewer lines or facilities, emergency temporary repairs may be made by the excavator after notification without the owners' or operators' authorization to prevent further damage to the facilities. Such emergency repairs shall not relieve the excavator of responsibility to make notification as required by subsection 1 of this section.

3. Any person who violates in any material respect the provisions of section 319.022, 319.023, 319.025, 319.026, 319.030, **310.037** or 319.045 [of this chapter] or who willfully damages an underground facility shall be liable to the state of Missouri for a civil penalty of up to ten thousand dollars for each violation for each day such violation persists, except that the maximum penalty for violation of the provisions of sections 319.010 to 319.050 shall not exceed five hundred thousand dollars for any related series of violations. An action to recover such civil penalty may be brought by the attorney general or a prosecuting attorney on behalf of the state of Missouri in any appropriate circuit court of this state. Trial thereof shall be before the court, which shall consider the nature, circumstances and gravity of the violation, and with respect to the person found to have committed the violation, the degree of culpability, the absence or existence of prior violations, whether the violation was a willful act, the effect on ability to continue to do business, any good faith in attempting to achieve compliance, ability to pay the

penalty, and such other matters as justice may require in determining the amount of penalty imposed.

4. The attorney general may bring an action in any appropriate circuit court of this state for equitable relief to redress or restrain a violation by any person of any provision of sections 319.010 to 319.050. The court may grant such relief as is necessary or appropriate, including mandatory or prohibitive injunctive relief, temporary or permanent.

319.050. EXEMPTIONS FROM REQUIREMENT TO OBTAIN INFORMATION. — The provisions of sections 319.025 and 319.026 shall not apply **to any utility which is repairing or replacing any of its facilities due to damage caused during an unexpected occurrence** or when making an excavation at times of emergency [involving danger to life, health or property,] **resulting from a sudden, unexpected occurrence, and presenting a clear and imminent danger demanding immediate action to prevent or mitigate loss or damage to life, health, property or essential public services.** "Unexpected occurrence" includes, but is not limited to, **thunderstorms, high winds, ice or snow storms, fires, floods, earthquakes, or other soil or geologic movements, riots, accidents, water pipe breaks, vandalism or sabotage which cause damage to surface or subsurface facilities requiring immediate repair.** An excavator or utility may proceed regarding such emergency, provided all reasonable precautions have been taken to protect the underground facilities. In any such case, the excavator **or utility** shall give notification, substantially in compliance with section 319.026, as soon as practical, and upon being notified that an emergency exists, each owner and operator of an underground facility in the area shall immediately provide all location information reasonably available to any excavator who requests the same.

Such reproducing material shall be of durable material and the device used to reproduce the records shall be such as to accurately reproduce and perpetuate the original records in all details and ensure their proper retention and integrity in accordance with standards established by the state records commission.

2. The cost of reproduction of closed files of the several courts of record as provided herein shall be chargeable to the county and paid out of the county treasury wherein the court is situated.

readily available in the recorder's office together with suitable equipment for viewing the record by projection to a size not smaller than the original and for reproducing copies of the recorded or filmed documents for any person entitled thereto. (3) Cooperate with the director in the conduct of surveys made by the director pursuant to the provisions of sections 109.200 to 109.310;

(4) When files in the custody of a local governmental agency are microfilmed or otherwise reproduced through photographic, video, electronic, or other reproduction processes, **including a computer-generated electronic or digital retrieval system**, the public official having custody of the reproduced records shall, before disposing of the originals, certify to the director that the official has made provisions for preserving the microfilms or electronically created records for viewing and recalling images to paper or original form, as appropriate, and that the official has done so in a manner guaranteeing the proper retention and integrity of the records in accordance with standards established by the local records board. 135.230. TAX CREDITS AND EXEMPTIONS, MAXIMUM PERIOD GRANTED — CALCULATION FORMULA — EMPLOYEE REQUIREMENTS, WAIVED OR REDUCED, WHEN — MOTOR CARRIER, TAX CREDITS, CONDITIONS — EXPANSION OF BOUNDARIES OF ENTERPRISE ZONE — PETITION FOR ADDITIONAL PERIOD, QUALIFICATIONS. — 1. The exemption or credit established and allowed by section 135.220 and the credits allowed and established by subdivisions (1), (2), (3) and (4) of subsection 1 of section 135.225 shall be granted with respect to any new business facility located within an enterprise zone for a vested period not to exceed ten years following the date upon which the new business facility commences operation within the enterprise zone and such exemption shall be calculated, for each succeeding year of eligibility, in accordance with the formulas applied in the initial year in which the new business facility is certified as such, subject, however, to the limitation that all such credits allowed in sections 135.225 and 135.235 and the exemption allowed in section 135.220 shall be removed not later than fifteen years after the enterprise zone is designated as such. No credits shall be allowed pursuant to subdivision (1), (2), (3) or (4) of subsection 1 of section 135.225 or section 135.235 and no exemption shall be allowed pursuant to section 135.220 unless the number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two or the new business facility is a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200. In order to qualify for either the exemption pursuant to section 135.220 or

the credit pursuant to subdivision (4) of subsection 1 of section 135.225, or both, it shall be required that at least thirty percent of new business facility employees, as determined by subsection 4 of section 135.110, meet the criteria established in section 135.240 or are residents of an enterprise zone or some combination thereof, except taxpayers who establish a new business facility by operating a revenue-producing enterprise as defined in paragraph (d) of subdivision (6) of section 135.200 or any taxpayer that is an insurance company that established a new business facility satisfying the requirements of subdivision (8) of section 135.100 located within an enterprise zone after June 30, 1993, and before December 31, 1994, and that employs in excess of three hundred fifty new business facility employees at such facility each tax period for which the credits allowable pursuant to subdivisions (1) to (4) of subsection 1 of section 135.225 are claimed shall not be required to meet such requirement. A new business facility described as SIC 3751 shall be required to employ fifteen percent of such employees instead of the required thirty percent. For the purpose of satisfying the thirty-percent requirement, residents must have lived in the enterprise zone for a period of at least one full calendar month and must have been employed at the new business facility for at least one full calendar month, and persons qualifying because they meet the requirements of section 135.240 must have satisfied such requirement at the time they were employed by the new business facility and must have been employed at the new business facility for at least one full calendar month. The director may temporarily reduce or waive this requirement for any business in an enterprise zone with ten or less full-time employees, and for businesses with eleven to twenty full-time employees this requirement may be temporarily reduced. No reduction or waiver may be granted for more than one tax period and shall not be renewable. The exemptions allowed in sections 135.215 and 135.220 and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245 shall not be allowed to any "public utility", as such term is defined in section 386.020, RSMo. **For the purposes of achieving the fifteen percent employment requirement set forth in this subsection, a new business facility described as NAICS 336991 may count employees who were residents of the enterprise zone at the time they were employed by the new business facility and for at least ninety days thereafter, regardless of whether such employees continue to reside in the enterprise zone, so long as the employees remain employed by the new business facility and residents of the state of Missouri.**

2. Notwithstanding the provisions of subsection 1 of this section, motor carriers, barge lines or railroads engaged in transporting property for hire or any interexchange telecommunications company that establish a new business facility shall be eligible to qualify for the exemptions allowed in sections 135.215 and 135.220, and the credits allowed in sections 135.225 and 135.235 and the refund established and authorized in section 135.245, except that trucks, truck-trailers, truck semitrailers, rail or barge vehicles or other rolling stock for hire, track, switches, bridges, barges, tunnels, rail yards and spurs shall not constitute new business facility investment nor shall truck drivers or rail or barge vehicle operators constitute new business facility employees.

3. Notwithstanding any other provision of sections 135.200 to 135.256 to the contrary, motor carriers establishing a new business facility on or after January 1, 1993, but before January 1, 1995, may qualify for the tax credits available pursuant to sections 135.225 and 135.235 and the exemption provided in section 135.220, even if such new business facility has not satisfied the employee criteria, provided that such taxpayer employs an average of at least two hundred persons at such facility, exclusive of truck drivers and provided that such taxpayer maintains an average investment of at least ten million **dollars** at such facility, exclusive of rolling stock, during the tax period for which such credits and exemption are being claimed.

4. Any governing authority having jurisdiction of an area that has been designated an enterprise zone may petition the department to expand the boundaries of such existing enterprise zone. The director may approve such expansion if the director finds that:

(1) The area to be expanded meets the requirements prescribed in section 135.207 or 135.210, whichever is applicable;

(2) The area to be expanded is contiguous to the existing enterprise zone; **and**

(3) The number of expansions do not exceed three after August 28, 1994.

5. Notwithstanding the fifteen-year limitation as prescribed in subsection 1 of this section, any governing authority having jurisdiction of an area that has been designated as an enterprise zone by the director, except one designated pursuant to this subsection, may file a petition, as prescribed by the director, for redesignation of such area for an additional period not to exceed seven years following the fifteenth anniversary of the enterprise zone's initial designation date; provided:

(1) The petition is filed with the director within three years prior to the date the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 are required to be removed pursuant to subsection 1 of this section;

(2) The governing authority identifies and conforms the boundaries of the area to be designated a new enterprise zone to the political boundaries established by the latest decennial census, unless otherwise approved by the director;

(3) The area satisfies the requirements prescribed in subdivisions (3), (4) and (5) of section 135.205 according to the latest decennial census or other appropriate source as approved by the director;

(4) The governing authority satisfies the requirements prescribed in sections 135.210, 135.215 and 135.255;

(5) The director finds that the area is unlikely to support reasonable tax assessment or to experience reasonable economic growth without such designation; and

(6) The director's recommendation that the area be designated as an enterprise zone, is approved by the joint committee on economic development policy and planning, as otherwise required in subsection 3 of section 135.210.

6. Any taxpayer having established a new business facility in an enterprise zone except one designated pursuant to subsection 5 of this section, who did not earn the tax credits authorized in sections 135.225 and 135.235 and the exemption allowed in section 135.220 for the full ten-year period because of the fifteen-year limitation as prescribed in subsection 1 of this section, shall be granted such benefits for ten tax years, less the number of tax years the benefits were claimed or could have been claimed prior to the expiration of the original fifteen-year period, except that such tax benefits shall not be earned for more than seven tax periods during the ensuing seven-year period, provided the taxpayer continues to operate the new business facility in an area that is designated an enterprise zone pursuant to subsection 5 of this section. Any taxpayer who establishes a new business facility subsequent to the commencement of the ensuing seven-year period, as authorized in subsection 5 of this section, may qualify for the tax credits authorized in sections 135.225 and 135.235, and the exemptions authorized in sections 135.215 and 135.220, pursuant to the same terms and conditions as prescribed in sections 135.100 to 135.256. The designation of any enterprise zone pursuant to subsection 5 of this section shall not be subject to the fifty enterprise zone limitation imposed in subsection 4 of section 135.210.

196.367. MANUFACTURER'S EXEMPTION, CONDITIONS. — Effective July 1, 2005, any manufacturer or distributor shall be exempted from the provisions of sections 196.365 to 196.445 if the manufacturer satisfies all applicable Food and Drug Administration regulations.

292.606. FEES, CERTAIN EMPLOYERS, HOW MUCH — DEDUCTIONS — EXCESS CREDITED WHEN — AGENCIES RECEIVING FUNDS, DUTIES — USE OF FUNDS, COMMISSION TO ESTABLISH CRITERIA. — 1. Fees shall be collected for a period of [ten] **twenty years from August 28, 1992. [The commission shall review the adequacy of the fees imposed in this section**

and shall present its assessment to affected departments and the respective committees of jurisdiction of the house and senate before December 1, 1994.]

2. (1) Any employer required to report under subsection 1 of section 292.605, except local governments and family-owned farm operations shall submit an annual fee to the commission of one hundred dollars along with the Tier II form. Owners or operators of petroleum retail facilities shall pay a fee of no more than fifty dollars for each such facility. Any person, firm or corporation selling, delivering or transporting petroleum or petroleum products and whose primary business deals with petroleum products or who is covered by the provisions of chapter 323, RSMo, if such person, firm or corporation is paying fees under the provisions of the federal hazardous materials transportation registration and fee assessment program, shall deduct such federal fees from those fees owed to the state under the provisions of this subsection. If the federal fees exceed or are equal to what would otherwise be owed under this subsection, such employer shall not be liable for state fees under this subsection. In relation to petroleum products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum products. For the purpose of calculating fees, all grades of gasoline are considered to be one product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and all other heavy distillate products except for grades of gasoline, are considered to be one product, and all varieties of motor lubricating oil are considered to be one product. For the purposes of this section "facility" shall mean all buildings, equipment, structures and other stationary items that are located on a single site or on contiguous or adjacent sites and which are owned or operated by the same person. If more than three hazardous substances or mixtures are reported on the Tier II form, the employer shall submit an additional twenty-dollar fee for each hazardous substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, whichever is less, or for explosives or blasting agents on hand at any one time in excess of one hundred pounds. However, no employer shall pay more than ten thousand dollars per year in fees. Except moneys acquired through litigation shall not apply to this cap;

(2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate;

(3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission;

(4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235, RSMo, exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under section 260.394, RSMo, sections 292.602, 292.604, 292.605, 292.606, 292.615 and section 640.235, RSMo, shall provide to the commission an annual report of expenditures and activities.

4. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving

and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

5. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

319.129. There is hereby created a special trust fund to be known as the "Petroleum Storage Tank Insurance Fund" within the state treasury which shall be the successor to the underground storage tank insurance fund. Moneys in such special trust fund shall not be deemed to be state funds. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund shall not be transferred to general revenue at the end of each biennium.

2. The owner or operator of any underground storage tank, including the state of Missouri and its political subdivisions and public transportation systems, in service on August 28, 1989, shall submit to the department a fee of one hundred dollars per tank on or before December 31, 1989. The owner or operator of any underground storage tank who seeks to participate in the petroleum storage tank insurance fund, including the state of Missouri and its political subdivisions and public transportation systems, and whose underground storage tank is brought into service after August 28, 1998, shall transmit one hundred dollars per tank to the board with his or her initial application. Such amount shall be a one-time payment, and shall be in addition to the payment required by section 319.133. The owner or operator of any aboveground storage tank regulated by this chapter, including the state of Missouri and its political subdivisions and public transportation systems, who seeks to participate in the petroleum storage tank insurance fund, shall transmit one hundred dollars per tank to the board with his or her initial application. Such amount shall be a one-time payment and shall be in addition to the payment required by section 319.133. Moneys received pursuant to this section shall be transmitted to the director of revenue for deposit in the petroleum storage tank insurance fund.

3. The state treasurer may deposit moneys in the fund in any of the qualified depositories of the state. All such deposits shall be secured in a manner and upon the terms as are provided by law relative to state deposits. Interest earned shall be credited to the petroleum storage tank insurance fund.

4. The general administration of the fund and the responsibility for the proper operation of the fund, including all decisions relating to payments from the fund, are hereby vested in a board of trustees. The board of trustees shall consist of the commissioner of administration or the commissioner's designee, the director of the department of natural resources or the director's designee, the director of the department of agriculture or the director's designee, and eight citizens appointed by the governor with the advice and consent of the senate. Three of the appointed members shall be owners or operators of retail petroleum storage tanks, including one tank owner or operator of greater than one hundred tanks; one tank owner or operator of less than one hundred tanks; and one aboveground storage tank owner or operator. One appointed trustee shall represent a financial lending institution, and one appointed trustee shall represent the insurance underwriting industry. One appointed trustee shall represent industrial or commercial users of petroleum. The two remaining appointed citizens shall have no petroleum-related business interest, and shall represent the nonregulated public at large. The members appointed by the governor shall serve four-year terms except that the governor shall designate two of the original appointees to be appointed for one year, two to be appointed for two years, two to be

appointed for three years and two to be appointed for four years. Any vacancies occurring on the board shall be filled in the same manner as provided in this section.

5. The board shall meet in Jefferson City, Missouri, within thirty days following August 28, 1996. Thereafter, the board shall meet upon the written call of the chairman of the board or by the agreement of any six members of the board. Notice of each meeting shall be delivered to all other trustees in person or by registered mail not less than six days prior to the date fixed for the meeting. The board may meet at any time by unanimous mutual consent. There shall be at least one meeting in each quarter.

6. Six trustees shall constitute a quorum for the transaction of business, and any official action of the board shall be based on a majority vote of the trustees present.

7. The trustees shall serve without compensation but shall receive from the fund their actual and necessary expenses incurred in the performance of their duties for the board.

8. All staff resources for the Missouri petroleum storage tank insurance fund shall be provided by the department of natural resources or another state agency as otherwise specifically determined by the board. The fund shall compensate the department of natural resources or other state agency for all costs of providing staff required by this subsection. Such compensation shall be made pursuant to contracts negotiated between the board and the department of natural resources or other state agency.

9. In order to carry out the fiduciary management of the fund, the board may select and employ, or may contract with, persons experienced in insurance underwriting, accounting, the servicing of claims and rate making, and legal counsel to defend third-party claims, who shall serve at the board's pleasure. **Invoices for such services shall be presented to the board in sufficient detail to allow a thorough review of the costs of such services.**

10. At the first meeting of the board, the board shall elect one of its members as chairman. The chairman shall preside over meetings of the board and perform such other duties as shall be required by action of the board.

11. The board shall elect one of its members as vice chairman, and the vice chairman shall perform the duties of the chairman in the absence of the latter or upon the chairman's inability or refusal to act.

12. The board shall determine and prescribe all rules and regulations as they relate to fiduciary management of the fund, pursuant to the purposes of sections 319.100 to 319.137. In no case shall the board have oversight regarding environmental cleanup standards for petroleum storage tanks.

13. No trustee or staff member of the fund shall receive any gain or profit from any moneys or transactions of the fund. This shall not preclude any eligible trustee from making a claim or receiving benefits from the petroleum storage tank insurance fund as provided by sections 319.100 to 319.137.

14. The board may reinsure all or a portion of the fund's liability. Any insurer who sells environmental liability insurance in this state may, at the option of the board, reinsure some portion of the fund's liability.

15. The petroleum storage tank insurance fund shall expire on December 31, [2003] **2010**, or upon revocation of federal regulation 40 CFR Parts 280 and 285, whichever occurs first, unless extended by action of the general assembly. **After December 31, 2010, the board of trustees may continue to function for the sole purpose of completing payment of claims made prior to December 31, 2010.**

16. **The board shall annually commission an independent financial audit of the petroleum storage tank insurance fund. The board shall biennially commission an actuarial analysis of the petroleum storage tank insurance fund. The results of the financial audit and the actuarial analysis shall be made available to the public. The board may contract with third parties to carry out the requirements of this subsection.**

319.131. OWNERS OF TANKS CONTAINING PETROLEUM PRODUCTS MAY ELECT TO PARTICIPATE — ADVISORY COMMITTEE, MEMBERS, DUTIES, APPLICATIONS, CONTENT, STANDARDS AND TESTS — FINANCIAL RESPONSIBILITY — DEDUCTIBLE — FUND NOT LIABILITY OF STATE — INELIGIBLE SITES — TANKS OWNED BY CERTAIN SCHOOL DISTRICTS — DAMAGES COVERED, LIMITATION — DEFENSE OF THIRD-PARTY CLAIMS. — 1. Any owner or operator of one or more petroleum storage tanks may elect to participate in the petroleum storage tank insurance fund to partially meet the financial responsibility requirements of sections 319.100 to 319.137. **Subject to regulations of the board of trustees, owners or operators may elect to continue their participation in the fund subsequent to the transfer of their property to another party.** Current or former refinery sites or petroleum pipeline or marine terminals are not eligible for participation in the fund.

2. The board shall establish an advisory committee which shall be composed of insurers and owners and operators of petroleum storage tanks. The advisory committee established pursuant to this subsection shall report to the board. The committee shall monitor the fund and recommend statutory and administrative changes as may be necessary to assure efficient operation of the fund. The committee, in consultation with the board and the department of insurance, shall annually report to the general assembly on the availability and affordability of the private insurance market as a viable method of meeting the financial responsibilities required by state and federal law in lieu of the petroleum storage tank insurance fund.

3. (1) Except as otherwise provided by this section, any person seeking to participate in the insurance fund shall submit an application to the board of trustees and shall certify that the petroleum tanks meet or exceed and are in compliance with all technical standards established by the United States Environmental Protection Agency, **except those standards and regulations pertaining to spill prevention control and counter-measure plans, and** rules established by the Missouri department of natural resources and the Missouri department of agriculture. The applicant shall submit proof that the applicant has a reasonable assurance of the tank's integrity. Proof of tank integrity may include but not be limited to any one of the following: tank tightness test, electronic leak detection, monitoring wells, daily inventory reconciliation, vapor test or any other test that may be approved by the director of the department of natural resources or the director of the department of agriculture. The applicant shall submit evidence that the applicant can meet all applicable financial responsibility requirements of this section.

(2) A creditor, specifically a person who, without participating in and not otherwise primarily engaged in petroleum production, refining, and marketing, holds indicia of ownership primarily for the purpose of, or in connection with, securing payment or performance of a loan or to protect a security interest in or lien on the tank or the property where the tank is located, or serves as trustee or fiduciary upon transfer or receipt of the property, may be a successor in interest to a debtor pursuant to this section, provided that the creditor gives notice of the interest to the insurance fund by certified mail, return receipt requested. Part of such notice shall include a copy of the lien, including but not limited to a security agreement or a deed of trust as appropriate to the property. The term "successor in interest" as provided in this section means a creditor to the debtor who had qualified real property in the insurance fund prior to the transfer of title to the creditor, and the term is limited to access to the insurance fund. The creditor may cure any of the debtor's defaults in payments required by the insurance fund, provided the specific real property originally qualified pursuant to this section. The creditor, or the creditor's subsidiary or affiliate, who forecloses or otherwise obtains legal title to such specific real property held as collateral for loans, guarantees or other credit, and which includes the debtor's aboveground storage tanks or underground storage tanks, or both such tanks shall provide notice to the fund of any transfer of creditor to subsidiary or affiliate. Liability pursuant to sections 319.100 to 319.137 shall be confined to such creditor or such creditor's subsidiary or affiliate. A creditor shall apply for a transfer of coverage and shall present evidence indicating, a lien, contractual right, or operation of law permitting such transfer, and may utilize the creditor's

affiliate or subsidiary to hold legal title to the specific real property taken in satisfaction of debts. Creditors may be listed as insured or additional insured on the insurance fund, and not merely as mortgagees, and may assign or otherwise transfer the debtor's rights in the insurance fund to the creditor's affiliate or subsidiary, notwithstanding any limitations in the insurance fund on assignments or transfer of the debtor's rights.

(3) Any person participating in the fund shall annually submit an amount established pursuant to subsection 1 of section 319.133 which shall be deposited to the credit of the petroleum storage tank insurance fund.

4. [The owner or operator] **Any person** making a claim pursuant to this section and sections 319.129 and 319.133 shall be liable for the first ten thousand dollars of the cost of cleanup associated with a release from a petroleum storage tank without reimbursement from the fund. The petroleum storage tank insurance fund shall assume all costs, except as provided in subsection 5 of this section, which are greater than ten thousand dollars but less than one million dollars per occurrence or two million dollars aggregate per year. The liability of the petroleum storage tank insurance fund is not the liability of the state of Missouri. The provisions of sections 319.100 to 319.137 shall not be construed to broaden the liability of the state of Missouri beyond the provisions of sections 537.600 to 537.610, RSMo, nor to abolish or waive any defense which might otherwise be available to the state or to any person. The presence of existing contamination at a site where a person is seeking insurance in accordance with this section shall not affect that person's ability to participate in this program, provided the person meets all other requirements of this section. Any person who qualifies pursuant to sections 319.100 to 319.137 and who has requested approval of a project for remediation from the fund, which request has not yet been decided upon shall annually be sent a status report including an estimate of when the project may expect to be funded and other pertinent information regarding the request.

5. The fund shall provide coverage for third-party claims involving property damage or bodily injury caused by leaking petroleum storage tanks whose owner or operator is participating in the fund at the time the release occurs or is discovered. Coverage for third-party bodily injury shall not exceed one million dollars per occurrence. Coverage for third-party property damage shall not exceed one million dollars per occurrence. The fund shall not compensate an owner or operator for repair of damages to property beyond that required to contain and clean up a release of a regulated substance or compensate an owner or operator or any third party for loss or damage to other property owned or belonging to the owner or operator, or for any loss or damage of an intangible nature, including, but not limited to, loss or interruption of business, pain and suffering of any person, lost income, mental distress, loss of use of any benefit, or punitive damages.

6. The fund shall, within limits specified in this section, assume costs of third-party claims and cleanup of contamination caused by releases from petroleum storage tanks. The fund shall provide the defense of eligible third-party claims including the negotiations of any settlement.

7. Nothing contained in sections 319.100 to 319.137 shall be construed to abrogate or limit any right, remedy, causes of action, or claim by any person sustaining personal injury or property damage as a result of any release from any type of petroleum storage tank, nor shall anything contained in sections 319.100 to 319.137 be construed to abrogate or limit any liability of any person in any way responsible for any release from a petroleum storage tank or any damages for personal injury or property damages caused by such a release.

8. (1) The fund shall provide moneys for cleanup of contamination caused by releases from petroleum storage tanks, the owner or operator of which is participating in the fund or the owner or operator of which has made application for participation in the fund by December 31, 1997, regardless of when such release occurred, provided that those persons who have made application are ultimately accepted into the fund. Applicants shall not be eligible for fund benefits until they are accepted into the fund. This section shall not preclude the owner or operator of petroleum storage tanks coming into service after December 31, 1997, from making application to and participating in the petroleum storage tank insurance fund.

(2) Notwithstanding the provisions of section 319.100 and the provisions of subdivision (1) of this section, the fund shall provide moneys for cleanup of contamination caused by releases from petroleum storage tanks owned by school districts all or part of which are located in a county of the third classification without a township form of government and having a population of more than ten thousand seven hundred but less than eleven thousand inhabitants, and which make application for participation in the fund by August 28, 1999, regardless of when such release occurred. Applicants shall not be eligible for fund benefits until they are accepted into the fund, and costs incurred prior to that date shall not be eligible expenses.

9. (1) The fund shall provide moneys for cleanup of contamination caused by releases from underground storage tanks which contained petroleum and which have been taken out of use prior to December 31, 1997, provided such sites have been documented by or reported to the department of natural resources prior to December 31, 1997, and provided further that the fund shall make no reimbursements for expenses incurred prior to August 28, 1995. The fund shall also provide moneys for cleanup of contamination caused by releases from underground storage tanks which contained petroleum and which have been taken out of use prior to December 31, 1985, if the current owner of the real property where the tanks are located purchased such property before December 31, 1985, provided such sites are reported to the fund on or before June 30, 2000. The fund shall make no payment for expenses incurred at such sites prior to August 28, 1999. Nothing in sections 319.100 to 319.137 shall affect the validity of any underground storage tank fund insurance policy in effect on August 28, 1996.

(2) An owner or operator who submits a request as provided in this subsection is not required to bid the costs and expenses associated with professional environmental engineering services. The board may disapprove all or part of the costs and expenses associated with the environmental engineering services if the costs are excessive based upon comparable service costs or current market value of similar services. The owner or operator shall solicit bids for actual remediation and cleanup work as provided by rules of the board.

10. The fund shall provide moneys for cleanup of contamination caused by releases from aboveground storage tanks utilized for the sale of products regulated by chapter 414, RSMo, which have been taken out of use prior to December 31, 1997, provided such sites have been documented by or reported to the department of natural resources prior to December 31, 1997, and provided further that the fund shall make no reimbursements for expenses incurred prior to July 1, 1997.

319.132. BOARD OF TRUSTEES TO ASSESS SURCHARGE ON PETROLEUM PRODUCTS PER TRANSPORT LOAD, EXCEPTIONS, DEPOSIT IN FUND, REFUND PROCEDURE — RATE OF SURCHARGE — SUSPENSION OF FEES, WHEN. — 1. The board shall assess a surcharge on all petroleum products within this state which are enumerated by section 414.032, RSMo. Except as specified by this section, such surcharge shall be administered pursuant to the provisions of [sections] **subsections 1 to 3 of section 414.102, RSMo, and subsections 1 and 2 of section 414.152, RSMo.** Such surcharge shall be imposed upon such petroleum products within this state and shall be assessed on each transport load, or the equivalent of an average transport load if moved by other means. All revenue generated by the assessment of such surcharges shall be deposited to the credit of the special trust fund known as the petroleum storage tank insurance fund.

2. Any person who claims to have paid the surcharge in error may file a claim for a refund with the board within three years of the payment. The claim shall be in writing and signed by the person or the person's legal representative. The board's decision on the claim shall be in writing and may be delivered to the person by first class mail. Any person aggrieved by the board's decision may seek judicial review by bringing an action against the board in the circuit court of Cole County pursuant to section 536.150, RSMo, no later than sixty days following the date the board's decision was mailed. The department of revenue shall not be a party to such proceeding.

[2.] **3.** The board shall assess and annually reassess the financial soundness of the petroleum storage tank insurance fund.

[3.] **4. (1)** The board shall set, [by rule,] **in a public meeting with an opportunity for public comment**, the rate of the surcharge that is to be assessed on each such transport load or equivalent but such rate shall be no more than [twenty-five] **sixty** dollars per transport load or an equivalent thereof. A transport load shall be deemed to be eight thousand gallons.

(2) The board may increase or decrease the surcharge, up to a maximum of sixty dollars, only after giving at least sixty days notice of its intention to alter the surcharge; provided however, the board shall not increase the surcharge by more than fifteen dollars in any year. The board must coordinate its actions with the department of revenue to allow adequate time for implementation of the surcharge change.

(3) If the fund's cash balance on the first day of any month exceeds the sum of its liabilities, plus ten percent, the transport load fee shall automatically revert to twenty-five dollars per transport load on the first day of the second month following this event.

(4) Moneys generated by this surcharge shall not be used for any purposes other than those outlined in sections 319.129 through 319.133 and section 319.138. Nothing in this subdivision shall limit the board's authority to contract with the department of natural resources pursuant to section 319.129 to carry out the purposes of the fund as determined by the board.

[4.] **5.** The board shall ensure that the fund retain a balance of at least twelve million dollars but not more than one hundred million dollars. If, at the end of any quarter, the fund balance is above one hundred million dollars, the treasurer shall notify the board thereof. The board shall suspend the collection of fees [under] **pursuant to** this section beginning on the first day of the first quarter following the receipt of notice. If, at the end of any quarter, the fund balance is below twenty million dollars, the treasurer shall notify the board thereof. The board shall reinstate the collection of fees [under] **pursuant to** this section beginning on the first day of the first quarter following the receipt of notice.

[5.] **6.** Railroad corporations as defined in section 388.010, RSMo, and airline companies as defined in section 155.010, RSMo, shall not be subject to the load fee described in this chapter nor permitted to participate in or make claims against the petroleum storage tank insurance fund created in section 319.129.

2. Each participant shall annually pay an amount which shall be at least one hundred dollars per year but not more than three hundred dollars per year for any tank, as established by the board by rule.

3. No new registration [or participation] fee is required for a change of ownership of a petroleum storage tank. [The new owner shall pay the registration or participation fee at the next due date to continue eligibility.]

4. The board shall establish procedures where persons owning fifty or more petroleum storage tanks may pay any fee established pursuant to subsection 1 of this section in installments.

5. All rules applicable to the former underground storage tank insurance fund not inconsistent with the provisions of sections 319.100 to 319.137 shall apply to the petroleum storage tank insurance fund as of August 28, 1996.

- (1) "B-20", a blend of twenty percent by volume biodiesel fuel and eighty percent by volume petroleum-based diesel fuel;
- (2) "Biodiesel", fuel as defined in ASTM Standard PS121;
- (3) "EPAct", the federal Energy Policy Act, 42 U.S.C. 13201, et seq.;
- (4) "EPAct credit", a credit issued pursuant to EPAct;
- (5) "Fund", the biodiesel fuel revolving fund;
- (6) "Incremental cost", the difference in cost between biodiesel fuel and conventional petroleum-based diesel fuel at the time the biodiesel fuel is purchased.

2. The department, in cooperation with the department of agriculture, shall establish and administer an EPAct credit banking and selling program to allow state agencies to use moneys generated by the sale of EPAct credits to purchase biodiesel fuel for use in state vehicles. Each state agency shall provide the department with all vehicle fleet

information necessary to determine the number of EAct credits generated by the agency. The department may sell credits in any manner pursuant to the provisions of EAct.

3. There is hereby created in the state treasury the "Biodiesel Fuel Revolving Fund", into which shall be deposited moneys received from the sale of EAct credits banked by state agencies on the effective date of this section and in future reporting years, any moneys appropriated to the fund by the general assembly, and any other moneys obtained or accepted by the department for deposit into the fund. The fund shall be managed to maximize benefits to the state in the purchase of biodiesel fuel and, when possible, to accrue those benefits to state agencies in proportion to the number of EAct credits generated by each respective agency.

4. Moneys deposited into the fund shall be used to pay for the incremental cost of biodiesel fuel with a minimum biodiesel concentration of B-20 for use in state vehicles and for administration of the fund. Not later than January thirty-first of each year, the department shall submit an annual report to the general assembly on the expenditures from the fund during the preceding fiscal year.

5. Notwithstanding the provisions of section 33.080, RSMo, no portion of the fund shall be transferred to the general revenue fund, and any appropriation made to the fund shall be transferred to the general revenue fund, and any appropriation made to the fund shall not lapse. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Interest and moneys earned on such investments shall be credited to the fund.

6. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

7. The department shall conduct a study of the use of alternative fuels in motor vehicles in the state and shall report its findings and recommendations to the general assembly no later than January 1, 2002. Such study shall include:

- (1) An analysis of the current use of alternative fuels in public and private vehicle fleets in the state;
- (2) An assessment of methods that the state may use to increase use of alternative fuels in vehicle fleets, including the sale of credits generated pursuant to the federal Energy Policy Act, 42 U.S.C. 13201, et seq., to pay for the difference in cost between alternative fuels and conventional fuels;
- (3) An assessment of the benefits or harm that increased use of alternative fuels may make to the state's economy and environment;
- (4) Any other information that the department deems relevant.

- (3) "Eligible new generation cooperative", a nonprofit farmer-owned cooperative association formed pursuant to chapter 274, RSMo, or incorporated pursuant to chapter

357, RSMo, for the purpose of operating a development facility or a renewable fuel production facility, as defined in section 348.430, RSMo.

2. Beginning with the 2002-2003 school year and lasting through the 2005-2006 school year, any school district may contract with an eligible new generation cooperative to purchase biodiesel fuel for its buses of a minimum of B-20 under conditions set out in subsection 3 of this section.

3. Every school district that contracts with an eligible new generation cooperative for biodiesel pursuant to subsection 2 of this section shall receive an additional payment through its state transportation aid payment pursuant to section 163.161, RSMo, so that the net price to the contracting district for biodiesel will not exceed the rack price of regular diesel. If there is no incremental cost difference between biodiesel above the rack price of regular diesel, then the state school aid program will not make payment for biodiesel purchased during the period where no incremental cost exists. The payment shall be made based on the incremental cost difference incrementally up to seven-tenths percent of the entitlement authorized by section 163.161, RSMo, for the 1998-1999 school year. The payment amount may be increased by four percent each year during the life of the program. No payment shall be authorized pursuant to this subsection or contract required pursuant to subsection 2 of this section if moneys are not appropriated by the general assembly.

4. The department of elementary and secondary education shall promulgate such rules as are necessary to implement this section, including but not limited to a method of calculating the reimbursement of the contracting school districts and waiver procedures if the amount appropriated does not cover the additional costs for the use of biodiesel. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

2. Any late fee charged by the operator shall be stated in the rental agreement. No late fee shall be collected unless it is written in the rental agreement or an addendum to such agreement.

3. An operator may impose a reasonable late fee for each month an occupant does not pay rent when due.

4. A late fee of twenty dollars or twenty percent of the monthly rental amount, whichever is greater, for each late rental payment shall be deemed reasonable, and shall not constitute a penalty.

5. An operator may set a late fee other than that permitted in subsection 4 of this section if such fee is reasonable. The operator shall have the burden of proof that a higher late fee is reasonable.

6. The operator may recover all reasonable rent collection and lien enforcement expenses from the occupant in addition to any late fees incurred.

417.018. ADDITIONAL FEE — EXPIRATION DATE. — The secretary of state may collect an additional fee of five dollars on each and every fee required in this chapter. 4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778 and a [basic permit fee of three hundred fifty dollars, plus acreage fee of thirty-five dollars for each acre or fraction thereof of the area of land to be affected by the operation, plus an annual fee of forty dollars for each site listed on the operator's permit application that will be mined during the permit year, which fees shall be paid before the permit required in this section shall be issued. A basic fee of one hundred dollars, plus an acreage fee of thirty-five dollars for each acre or fraction thereof of the area of land to be affected by the gravel mining operation shall be paid to the commission before the permit shall be issued for any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons. The commission shall by rule or regulation, pursuant to section 444.530, initially establish the fees as listed in this section. The commission may also raise the permit fee to no more than five hundred dollars. The issued permit shall be

valid for a period of one year from the date of its issuance unless sooner revoked or suspended as provided in sections 444.760 to 444.789] **permit fee approved by the commission not to exceed six hundred dollars. The commission may also require a fee for each site listed on a permit not to exceed three hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed ten dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of one hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than two thousand five hundred dollars. Permit and renewal fees shall be established by rule and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790.**

5. An operator desiring to have his **or her** permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required [under] **pursuant to** the provisions of sections 444.760 to [444.789] **444.790**, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to [444.789] **444.790** shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed [thereon during the permit year, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the commission for an additional permit year and payment of a fee of three hundred fifty dollars plus forty dollars for each site listed on the permit renewal application that will be actively surface mined or reclaimed during the permit year], **the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than two thousand five hundred dollars.** For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the [commission] **director** for an additional permit year and payment of a fee of [one] **three** hundred dollars. [Such basic permit fee may be increased by the commission by rule or regulation not to exceed five hundred dollars, pursuant to section 444.767 to support the actual cost thereof of administering and enforcing the provisions of sections 444.760 to 444.789, making allowances for grants and other sources of funds and contingencies.] Upon receipt of the **completed** permit renewal [application] **form** and fee[,], from the operator, the director shall [issue a renewal certificate] **approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.**

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability

[under] **pursuant to** sections 444.760 to [444.789] **444.790** as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to [444.789] **444.790** and the successor operator assumes as part of his **or her** obligation [under] **pursuant to** sections 444.760 to [444.789] **444.790** all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to [444.789] **444.790** and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to [444.789] **444.790**, and any rule or regulation promulgated [under] **pursuant to** them.

10. At the time that a permit [is applied for] **application is deemed complete by the director**, the operator shall publish a notice of intent to operate a surface mine in any newspaper [with a general circulation in the counties] **qualified pursuant to section 493.050, RSMo, to publish legal notices in any county** where the land is located. **If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners of contiguous real property or real property located adjacent to the proposed mine plan area.** The [notice] **notices** shall include the name and address of the operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. **The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the commission [is required to] may consider in issuing a permit may [make] request a public meeting, a public hearing or file written comments to the director [during the fifteen-day public notice period] no later than fifteen days following the final public notice publication date.**

11. The commission may approve a permit application or permit amendment whose operation[,] **or** reclamation [or conservation] plan deviates from the requirements of sections 444.760 to [444.789] **444.790** if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to [444.789] **444.790** shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2001, and shall expire on December 31, 2007. No other provisions of this section shall expire.

444.773. DIRECTOR TO INVESTIGATE APPLICATIONS — RECOMMENDATION — PUBLIC MEETING OR HEARING — DENIAL OF PERMIT, WHEN. — 1. All applications for a permit shall be filed with the director, who shall promptly investigate the application and make a recommendation to the commission within [fifteen days after the application is received] **four weeks after the public notice period provided in section 444.772 expires** as to whether the permit should be issued or denied. If the director determines that the application has not fully complied with the provisions of section 444.772 or any rule or regulation promulgated [under] **pursuant to** that section, [he] **the director** shall recommend denial of the permit. The director shall consider any written comments when making his **or her** recommendation to the commission on the issuance or denial of the permit.

2. If the recommendation of the director is to deny the permit, a hearing as provided in sections 444.760 to [444.789] **444.790**, if requested by the applicant within fifteen days of the date of notice of recommendation of the director, shall be held by the commission.

3. If the recommendation of the director is for issuance of the permit, the director shall issue the permit without **a public meeting** or a hearing except that upon petition, received prior to the date of the notice of recommendation, from any person whose health, safety or livelihood [is affected by noncompliance with any applicable laws or regulations,] **will be unduly impaired by the issuance of this permit, a public meeting** or a hearing may be held. **If a public meeting is requested pursuant to this chapter and the applicant agrees, the director shall, within thirty days after the time for such request has passed, order that a public meeting be held. The meeting shall be held in a reasonably convenient location for all interested parties. The applicant shall cooperate with the director in making all necessary arrangements for the public meeting. Within thirty days after the close of the public meeting, the director shall recommend to the commission approval or denial of the permit. If the public meeting does not resolve the concerns expressed by the public, any person whose health, safety or livelihood will be unduly impaired by the issuance of such permit may make a written request to the land reclamation commission for a formal public hearing. The land reclamation commission may grant a public hearing to formally resolve concerns of the public. Any public hearing before the commission shall address one or more of the factors set forth in this section.**

4. In any hearing held pursuant to this section the burden of proof shall be on the applicant for a permit. **If the commission finds, based on competent and substantial scientific evidence on the record, that an interested party's health, safety or livelihood will be unduly impaired by the issuance of the permit, the commission may deny such permit. If the commission finds, based on competent and substantial scientific evidence on the record, that the operator has demonstrated, during the five year period immediately preceding the date of the permit application, a pattern of noncompliance at other locations in Missouri that suggests a reasonable likelihood of future acts of noncompliance, the commission may deny such permit. In determining whether a reasonable likelihood of noncompliance will exist in the future, the commission may look to past acts of noncompliance in Missouri, but only to the extent they suggest a reasonable likelihood of future acts of noncompliance. Such past acts of noncompliance in Missouri, in and of themselves, are an insufficient basis to suggest a reasonable likelihood of future acts of noncompliance. In addition, such past acts shall not be used as a basis to suggest a reasonable likelihood of future acts of noncompliance unless the noncompliance has caused or has the potential to cause, a risk to human health or to the environment, or has caused or has potential to cause pollution, or was knowingly committed, or is defined by the United States Environmental Protection Agency as other than minor. If a hearing petitioner or the commission demonstrates either present acts of noncompliance or a reasonable likelihood that the permit seeker or the operations of associated persons or corporations in Missouri will be in noncompliance in the future, such a showing will satisfy the noncompliance requirement in this subsection. In addition, such basis must be developed by multiple noncompliances of any environmental law administered by the Missouri department of natural resources at any single facility in Missouri that resulted in harm to the environment or impaired the health, safety or livelihood of persons outside the facility. For any permit seeker that has not been in business in Missouri for the past five years, the commission may review the record of noncompliance in any state where the applicant has conducted business during the past five years. Any decision of the commission made pursuant to a hearing held [under] pursuant to this section is subject to judicial review as provided in chapter 536, RSMo. No judicial review shall be available, however, until and unless all administrative remedies are exhausted.**

444.774. RECLAMATION REQUIREMENTS AND CONDITIONS. — 1. Every operator to whom a permit is issued pursuant to the provisions of sections 444.760 to [444.789] **444.790** may engage in surface mining upon the lands described in the permit upon the performance of and subject to the following requirements with respect to such lands:

(1) All ridges and peaks of overburden created by surface mining, except areas [where lakes may be formed under subdivision (7) of subsection 1 of this section] **meeting the qualifications of subdivision (4) of this subsection**, or where washing, cleaning or retaining ponds and reservoirs may be formed under subdivision (2) of subsection 1 of this section, shall be graded to a rolling topography traversable by farm machinery, but such slopes need not be reduced to less than the original grade of that area prior to mining, and the slope of the ridge of overburden resulting from a box cut need not be reduced to less than twenty-five degrees from horizontal whenever the same cannot be practically incorporated into the land reclaimed for wildlife purposes [under] **pursuant to** subdivision (4) of **this** subsection [1 of this section]. In surface mining the operator shall remove all debris and materials not allowed by the reclamation plan before the bond or any portion thereof may be released;

(2) As a means of controlling damaging [runoff] **erosion**, the [commission] **director** may require the operator to construct terraces or use such other measures and techniques as are necessary to control soil erosion and siltation on reclaimed land. **Such erosion control measures and techniques may also be required on overburden stockpiles if the erosion is causing environmental damage outside the permit area.** In determining the grading requirements to restore barite pit areas, the sidewalls of the excavation shall be graded to a point where it blends with the surrounding countryside, but in no case should the contour be such that erosion and siltation be increased;

(3) In the surface mining of tar sands, the operator shall recover and collect all spent sands and other refuse yielded from the processing of tar sands, whether such spent sands and refuse are produced at the surface mine or elsewhere, in the manner prescribed by the commission as conditions of the permit, and shall finally dispose of such spent sands and refuse in the manner prescribed by the commission as conditions of the permit and in accordance with the provisions of sections 444.760 to [444.789] **444.790**;

(4) Up to and including twenty-five percent of the total acreage to be reclaimed each year need not be graded to a rolling topography if the land is reclaimed for wildlife purposes as required by the commission, except that all peaks and ridges shall be leveled off to a minimum width of thirty feet or one-half the diameter of the base of the pile at the original ground surface whichever is less;

(5) Surface mining operations that remove and do not replace the lateral support shall not, unless mutually agreed upon by the operator and the adjacent property owner, remove the lateral support in the vicinity of any established right-of-way line of any public road, street or highway closer than a distance equal to twenty-five feet plus one and one-half times the depth of the unconsolidated material from such right-of-way line to the beginning of the excavation; except that, unless granted a variance by the commission, the minimum distance is fifty feet. The provisions of this subdivision shall apply to all existing surface mining operations beginning August 28, 1990, except as provided in subsection 2 of section 444.770;

(6) If surface mining is or has been conducted up to the minimum distance as defined in subdivision (5) of **this** subsection [1 of this section] along an established right-of-way line of any public road, street or highway, a barrier or berm of adequate height shall be placed or constructed along the perimeter of the excavation. Adequate height shall mean a height of no less than three feet. Such barriers or berms shall not be required if barriers, berms or guardrails already exist on the adjoining right-of-way. Barriers or berms of adequate height may also be required by the commission when surface mining is or has been conducted up to the minimum distance as defined in subdivision (5) of **this** subsection [1 of this section] along other property lines, but only as necessary to mitigate serious and obvious threats to public safety;

(7) The operator may construct earth dams to form lakes in pits resulting from the final cut in a mining area; except that, the formation of the lakes shall not interfere with underground or other mining operations or damage adjoining property and shall comply with the requirements of subdivision (8) of **this** subsection [1 of this section];

(8) The operator shall cover the exposed face of a mineral seam where acid forming materials are present, to a depth of not less than two feet with earth that will support plant life or with a permanent water impoundment, terraced or otherwise so constructed as to prevent a constant inflow of water from any stream and to prevent surface water from flowing into such impoundment in such amounts as will cause runoff or spillage from said impoundment in a volume which will cause kills of fish or animals downstream. The operator shall cover an exposed deposit of tar sands, including an exposed face thereof, to a depth of not less than two feet with earth that will support plant life, and in addition may cover such deposit or face with a permanent water impoundment as provided above; however, no water impoundment shall be so constructed as to allow a permanent layer of oil or other hydrocarbon to collect on the surface of such impoundment in an amount which will adversely affect fish, wildfowl and other wildlife in or upon such impoundment;

(9) The operator shall reclaim all affected lands except as otherwise provided in sections 444.760 to [444.789] **444.790**. The operator shall determine on company-owned land, and with the landowners on leased land for leases that are entered into after August 28, 1990, which parts of the affected land shall be reclaimed for forest, pasture, crop, horticultural, homesite, recreational, industrial or other use including food, shelter, and ground cover for wildlife;

(10) The operator, with the approval of the commission, shall sow, set out or plant upon the affected land, seeds, plants, cuttings of trees, shrubs, grasses or legumes. The plantings or seedings shall be appropriate to the type of reclamation designated by the operator on company-owned land and with the owner on leased land for leases entered into after August 28, 1990, and shall be based upon sound agronomic and forestry principles;

(11) Surface mining operations conducted in the flood plains of streams and rivers, and subject to periodic flooding, may be exempt from the grading requirements contained in this section if it can be demonstrated to the commission that such operations will be unsafe to pursue or ineffective in achieving reclamation required in this section because of the periodic flooding;

(12) Such other requirements as the commission may prescribe by rule or regulation to conform with the purposes and requirements of sections 444.760 to [444.789] **444.790**.

2. An operator shall commence the reclamation of the area of land affected by its operation as soon as possible after the [beginning] **completion** of surface mining of [that] **viable mineral reserves in any portion of the permit** area in accordance with the plan of reclamation required by [sections 444.760 to 444.789] **subsection 9 of section 444.772**, the rules and regulations of the commission, and the conditions of the permit; and shall complete]. Grading **shall be completed** within twelve months after [the expiration date of the permit] **mining of viable mineral reserves is complete in that portion of the permit area based on the operator's prior mining practices at that site. Mining shall not be deemed complete if the operator can provide credible evidence to the director that viable mineral reserves are present.** The seeding and planting of supporting vegetation, **as provided in the reclamation plan**, shall be completed within twenty-four months after [the expiration date of the permit] with **mining has been completed** survival of such supporting vegetation by the second growing season.

3. With the approval of the [commission] **director**, the operator may substitute for all or any part of the affected land to be reclaimed, an equal number of acres of land previously mined and not reclaimed. If any area is so substituted the operator shall submit a map **and reclamation plan** of the substituted area, and this map **and reclamation plan** shall conform to all requirements with respect to other maps **and reclamation plan** required by section 444.772. The operator shall be relieved of all obligations [under] **pursuant to** sections 444.760 to [444.789] **444.790** with respect to the land for which substitution has been permitted. **On leased**

land, the landowner shall grant written approval to the operator for substitutions made pursuant to this subsection.

4. The operator shall file a report with the commission within sixty days after the date of expiration of a permit stating the exact number of acres of land affected by the operation, the extent of the reclamation already accomplished, and such other information as may be required by the commission.

5. The operator shall ensure that all affected land where vegetation is to be reestablished is covered with enough topsoil or other approved material in order to provide a proper rooting medium. **No topsoil or other approved material is required to be placed on areas described in subdivision (4) of subsection 1 of this section or on any areas to be reclaimed for industrial uses as specified in the reclamation plan.**

6. The commission may grant such additional time for meeting with the completion dates required by sections 444.760 to [444.789] **444.790** as are necessary due to an act of God, war, strike, riot, catastrophe, or other good cause shown.

444.775. RELEASE OF BOND, CONDITIONS — PETITION, HEARING — ADMINISTRATIVE REVIEW. — 1. Prior to release of the bond or any portion thereof, application shall be made by the operator to the commission, either with the completion of the report referred to in section 444.774 or subsequent to such report, for release of the bond.

2. The commission shall cause to have investigated the status of reclamation on land for which a release application has been filed.

3. **If the director or** the commission determines that the bond, or any portion thereof, should be released, an order may be so issued without hearing. If an owner of the land that has been affected by surface mining files a petition in opposition to the release of the bond within thirty days of the receipt date of the application for release, a hearing may be held, if the bond release criteria does not meet permit standards. A hearing may also be held if the [staff of the commission] **director**, within thirty days of the receipt date of the application for release, recommends denial of the application following its investigation. In such cases, the commission may hold a hearing as provided in section 444.789 and enter such order as shall be appropriate.

4. If the commission determines that the bond or any portion thereof should not be released, the commission shall issue an order to that effect with the reasons for the order and shall give notice to the operator. A hearing shall be held by the commission as provided in section 444.789 if requested by the operator within thirty days of the date of notice of the order. At such hearing burden of proof shall be on the operator. After hearing, the commission shall enter such order as shall be appropriate and shall give notice to the operator.

5. All final decisions or orders of the commission shall be subject to judicial review as provided for in chapter 536, RSMo. No judicial review shall be available, however, until and unless all administrative remedies are exhausted.

444.777. ENTRY UPON LANDS AND INSPECTION BY COMMISSION MEMBERS — WARRANTS TO ISSUE. — Commission members and authorized representatives of the commission may at all reasonable times enter upon any lands that have been or are being surface mined for the purpose of inspection to determine whether the provisions of sections 444.760 to [444.789] **444.790** have been complied with. No person shall refuse entry or access requested for purposes of inspection, to any member of the commission or authorized representative who presents appropriate credentials, nor obstruct or hamper any such person in carrying out the inspection. A suitably restricted search warrant, describing the place to be searched and showing probable cause in writing and upon written oath or affirmation by any member of the commission or authorized representative, shall be issued by any circuit judge or associate circuit judge in the county where the search is to be made.

444.778. BOND — FORM — AMOUNT — DURATION — FORFEITURE — POWER OF RECLAMATION. — 1. Any bond herein provided to be filed with the commission by the operator shall be in such form as the director prescribes, payable to the state of Missouri, conditioned that the operator shall faithfully perform all requirements of sections 444.760 to [444.789] **444.790** and comply with all rules of the commission made in accordance with the provisions of sections 444.760 to [444.789] **444.790**. The bond shall be signed by the operator as principal, and by a good and sufficient corporate surety, licensed to do business in this state, as surety. The operator shall file with the commission a bond payable to the state of Missouri with surety in the penal sum of eight thousand dollars for each permit up to eight acres and five hundred dollars for each acre thereafter that is to be mined. In addition, for each acre or portion thereof where topsoil has been removed from the site, an additional bond of four thousand five hundred dollars per acre shall be posted with the commission for each acre or portion thereof which will be revegetated, conditioned upon the faithful performance of the requirements set forth in sections 444.760 to [444.789] **444.790** and of the rules and regulations of the commission. In lieu of a surety bond, the operator may furnish a bond secured by a personal certificate of deposit or irrevocable letter of credit in an amount equal to that of the required surety bond on conditions as prescribed by the commission. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, such operator shall deposit a bond with the commission in the penal sum of five hundred dollars for each acre or portion thereof of land proposed thereafter by the operator to be subjected to surface mining for the mining permit year.

2. The bond shall remain in effect until the mined acreages have been reclaimed, approved and released by the commission. Forfeiture of such bond may be cause for denial of future permit applications.

3. A bond filed as above prescribed shall not be canceled by the surety except after not less than ninety days' notice to the commission and, in any case, not as to the acreage affected prior to the expiration of the notice period.

4. If the license to do business in this state of any surety upon a bond filed with the commission pursuant to sections 444.760 to [444.789] **444.790** shall be suspended, revoked, or canceled, or if the surety should act to cancel the bond, the operator, within sixty days after receiving notice thereof from the commission, shall substitute for such surety a good and sufficient corporate surety licensed to do business in this state or a bond secured by a certificate of deposit. Upon failure of the operator to make substitution of surety as herein provided, the commission shall have the right to suspend the permit of the operator until such substitution has been made.

5. The commission shall give written notice to the operator of any violation of sections 444.760 to [444.789] **444.790** or noncompliance with any of the rules and regulations promulgated by the commission hereunder and if corrective measures, approved by the commission, are not commenced within ninety days, the commission may proceed as provided in section 444.782 to request forfeiture of the bond.

6. The commission shall have the power to reclaim, in keeping with the provisions of sections 444.760 to [444.789] **444.790**, any affected land with respect to which a bond has been forfeited. The commission and any other agency and any contractor under a contract with the commission shall have reasonable right of access to the land affected to carry out such reclamation. The operator shall also have the right of access to the land affected to carry out such reclamation and shall notify the landowner on lease holdings that such right exists.

7. Whenever an operator shall have completed all requirements [under] **pursuant to** the provisions of sections 444.760 to [444.789] **444.790** as to any affected land, he **or she** shall notify the commission thereof. If the commission determines that the operator has completed the requirements, the commission shall release the operator from further obligations regarding the affected land and the penalty of the bond shall be reduced proportionately.

444.782. ATTORNEY GENERAL TO REPRESENT COMMISSION, WHEN — HEARINGS ON BOND FORFEITURE, NOTICE. — The attorney general, upon request of the commission, shall institute proceedings to have the bond of the operator forfeited for violation by the operator of any of the provisions of sections 444.760 to [444.789] **444.790**. Before making such request of the attorney general, the commission shall notify the operator in writing of the alleged violation or noncompliance and shall afford the operator the right to appear before the commission at a hearing to be held not less than thirty days after the receipt of such notice by the operator. At the hearing the operator may present for the consideration of the commission, statements, documents and other information with respect to the alleged violation. After the conclusion of the hearing, the commission shall either withdraw the notice of violation or shall request the attorney general to institute proceedings to have the bond of the operator forfeited as to the land involved.

444.784. COMMISSION RULES AND REGULATIONS AUTHORIZED — DELEGATION OF AUTHORITY — FORFEITURE FUNDS, WHERE EXPENDED. — The commission may adopt and promulgate reasonable rules and regulations respecting the administration of sections 444.760 to [444.789] **444.790**. Any act authorized to be done by the director may be performed by any employee of the commission when designated by the director. All forfeitures collected after January 1, 1972, as provided in sections 444.760 to [444.789] **444.790**, shall be expended to reclaim and rehabilitate land affected in accordance with the provisions of sections 444.760 to [444.789] **444.790**. Insofar as is reasonably practicable, the funds shall be expended upon the lands for which the permit was issued and for which the bond was given.

444.786. OPERATION WITHOUT PERMIT PROHIBITED, PENALTY. — Any person required by sections 444.760 to [444.789] **444.790** to have a permit who engages in the mining of minerals without previously securing a permit to do so as prescribed by sections 444.760 to [444.789] **444.790**, is guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars nor more than one thousand dollars. Each day of operation without the permit required by sections 444.760 to [444.789] **444.790** will be deemed a separate violation.

444.787. INVESTIGATION BY COMMISSION, ATTORNEY GENERAL TO FILE SUIT — FORMAL COMPLAINT PROCEDURE. — 1. The commission shall investigate surface mining operations in the state of Missouri. If the investigations show that surface mining is being or is going to be conducted without a permit in violation of sections 444.760 to [444.789] **444.790** or in violation of any revocation order, and the commission has not issued a variance, the commission shall request the attorney general to file suit in the name of the state of Missouri for an injunction and civil penalties not to exceed one thousand dollars per day for each day, or part thereof, the violation has occurred. Suit may be filed either in the county where the violation occurs or in Cole County.

2. If the investigation shows that a surface mining operation for which a permit has been issued is being conducted contrary to or in violation of any provision of sections 444.760 to [444.789] **444.790** or any rule or regulation promulgated by the commission or any condition imposed on the permit or any condition of the bond, the director may by conference, conciliation and persuasion endeavor to eliminate the violation. If the violation is not eliminated, the director shall provide to the operator by registered mail a notice describing the nature of the violation, corrective measures to be taken to abate the violation, and the time period for abatement. Within fifteen days of receipt of this notice the operator may request an informal conference with the director to contest the notice. The director may modify, vacate or enforce the notice and shall provide notice to the operator of his action within thirty days of the informal conference. If the operator fails to comply with the notice, as amended by the director, in the time prescribed within the notice, the director shall file a formal complaint with the commission for suspension or revocation of the permit, and for forfeiture of bond, or for appropriate corrective measures. When the director files a formal complaint, the commission shall cause to have issued and served

452.075. REMARRIAGE OF FORMER SPOUSE ENDS ALIMONY. — When a divorce has been granted, and the court has made an order or decree providing for the payment of alimony and maintenance [of the wife], the remarriage of the former [wife] **spouse** shall relieve the [former husband] **spouse obligated to pay support** from further payment of alimony to the former [wife] **spouse** from the date of the remarriage, without the necessity of further court action, but the remarriage shall not relieve the former [husband] **spouse** from the provisions of any judgment or decree or order providing for the support of any minor children.

452.080. DECREE FOR ALIMONY — A LIEN, WHEN. — Upon a decree of divorce [in favor of the wife], the court may, in its discretion, decree alimony in gross or from year to year. When alimony is decreed in gross, such decree shall be a general lien on the realty of the party against whom the decree may be rendered, as in the case of other judgments. When such decree is for alimony from year to year, such decree shall not be a lien on the realty as aforesaid, but an execution in the hands of the proper officer, issued for the purpose of enforcing such decree, shall constitute a lien on the real and personal property of the defendant in such execution, so long as the same shall lawfully remain in the possession of such officer unsatisfied. In lieu of the lien of such decree for alimony from year to year, it is hereby provided that the party against whom such decree may be rendered shall be required to give security ample and sufficient for such alimony; but where default has been made in giving such security, the decree for alimony from year to year shall be a lien as in case of general judgments.

452.110. DECREE AS TO ALIMONY ONLY SUBJECT TO REVIEW. — No petition for review of any judgment for divorce, rendered in any case arising [under] **pursuant to** this chapter, shall be allowed, any law or statute to the contrary notwithstanding; but there may be a review of any order or judgment touching the alimony and maintenance of the [wife] **spouse**, and the care, custody and maintenance of the children, or any of them, as in other cases.

452.130. SPOUSE ABANDONED, COURT TO ADJUDGE MAINTENANCE — EXECUTION TO ENFORCE. — When [the husband] **a person**, without good cause, shall abandon his [wife] **or her spouse**, and refuse or neglect to maintain and provide for **him or** her, the circuit court, on **his or** her petition for that purpose, shall order and adjudge such support and maintenance to be provided and paid by [the husband] **such person** for the [wife and her] **spouse and the spouse's** children, or any of them, by that marriage, out of his property, and for such time as the nature of the case and the circumstances of the parties shall require, and compel the [husband] **person**

to give security for such maintenance, and from time to time make such further orders touching the same as shall be just, and enforce such judgment by execution, sequestration of property, or by such other lawful means as are in accordance with the practice of the court; and as long as said maintenance is continued, the [husband] **person** shall not be charged with the [wife's] **spouse's** debts, contracted after the judgment for such maintenance.

452.140. NO PROPERTY EXEMPT FROM ATTACHMENT OR EXECUTION, WHEN. — No property shall be exempt from attachment or execution in a proceeding instituted by a [married woman] **person** for maintenance, nor from attachment or execution upon a judgment or order issued to enforce a decree for alimony or for the support and maintenance of children. And all wages due to the defendant shall be subject to garnishment on attachment or execution in any proceedings mentioned in this section, whether the wages are due from the garnishee to the defendant for the last thirty days' service or not.

452.170. PETITION FOR ENJOYMENT OF SPOUSE'S SEPARATE ESTATE, WHEN. — If any married [woman] **person** shall hold real estate in **his or** her own right, and **his or** her [husband] **spouse**, by criminal conduct toward **him or** her, or by ill usage, shall give **him or** her cause to live separate and apart from **him or** her, [she] **such person** may petition the circuit court, setting forth such facts, and therein pray that such estate may be enjoyed by **him or** her for **his or** her sole use and benefit.

452.180. CIRCUIT COURT MAY MAKE DECREE. — The circuit court, on due proof of such facts, may, in its discretion, make such order and decree in the premises as shall give such married [woman] **person** the sole use and benefit of such real estate, or such part thereof as it may think reasonable.

452.190. AUTHORIZATION BY COURT TO SELL PROPERTY. — When any married [man] **person** shall abandon his [wife] **or her spouse**, or from worthlessness, drunkenness or other cause fail to make sufficient provision for **his or** her support, the circuit court of the county where **he or** she has **his or** her home and residence may, on **his or** her petition, authorize **him or** her to sell and convey **his or** her real estate, or any part thereof, and also any personal estate which shall, at the time, have come to [the husband] **such person** by reason of the marriage, and which may remain within the state undisposed of by him.

452.200. MARRIED PERSON ENJOINED FROM SQUANDERING PROPERTY AT SUIT OF SPOUSE. — Any married [woman] **person** may file [her] a petition in the circuit court, setting forth that **his or** her [husband] **spouse**, from habitual intemperance, or any other cause, is about to squander and waste the property, money, credits or choses in action to which **he or** she is entitled in **his or** her own right, or any part thereof, or is proceeding fraudulently to convert the same, or any part thereof, to [his] **the spouse's** own use, for the purpose of placing the same beyond **his or** her reach, and depriving **him or** her of the benefit thereof; and the court, upon the hearing of the case, may enjoin the [husband] **spouse** from disposing of or otherwise interfering with such property, moneys, credits and choses in action, and may appoint a receiver to control and manage the same for the benefit of the [wife] **petitioner**, and may also make such other order in the premises as they may deem just and proper, and upon the filing of such petition an injunction may be allowed as in other cases, and such petition shall be filed in the county where said petitioner resides, and the [husband] **spouse** of said petitioner shall be made a party defendant to said petition.

452.210. COURT MAY AUTHORIZE PERSONS HOLDING MONEY OF MARRIED PERSON TO PAY SPOUSE. — The court may also, upon the petition of such [wife] **person**, authorize any

person holding money or other personal estate to which the [husband] **spouse** is entitled in **his or her** right to pay and deliver the same to the [wife] **petitioner**, and may authorize **him or her** to give a discharge for the same, which discharge shall be as valid as if made by the [husband] **spouse**.

452.220. MARRIED PERSON ENTITLED TO PROCEEDS OF EARNINGS OF HIS OR HER MINOR CHILDREN, WHEN. — Such married [woman] **person**, during the period **his or her** [husband] **spouse** shall fail to provide for **his or her** support, as stated in section 452.130, shall be entitled to the proceeds of the earnings of **his or her** minor children; and the same shall be under **his or her** sole control and shall not be liable in any manner for [his] **the spouse's** debts.

452.230. PROCEEDS USED FOR SUPPORT OF HIMSELF OR HERSELF AND FAMILY. — All the proceeds of such sales, and all other money and personal estate which shall come to the hands of [the wife] **a person** by force of the provisions of sections 451.250 to 451.300, RSMo, and sections 452.130, 452.140, 452.170 to 452.190 and 452.210 to 452.250, may be used and disposed of by **him or her** for the necessary support of **himself or herself** and family.

452.240. FILING OF PETITION, PROCEEDINGS. — The petition of a married [woman] **person** for any of the purposes before mentioned may be filed and the case heard and determined in the circuit court, and the like process and proceedings shall be had as in other civil suits triable before circuit judges.

452.250. PROCEEDINGS ON SUCH PETITION — APPEAL ALLOWED, WHEN AND WHERE. — The same proceedings shall be had in relation to such petition as the law requires in other proceedings before circuit judges, and in relation to enforcing the orders and decrees, except that no appeal shall be allowed to the supreme court, or court of appeals, from any order or decree, on the part of the [husband] **person's spouse**, until he **or she** has indemnified the petitioner for all delays and costs, in such manner as the court shall direct.

474.140. INHERITANCE AND STATUTORY RIGHTS BARRED ON MISCONDUCT OF SPOUSE. — If any married person voluntarily leaves his **or her** spouse and goes away and continues with an adulterer or abandons his **or her** spouse without reasonable cause and continues to live separate and apart from his **or her** spouse for one whole year next preceding his **or her** death, or dwells with another in a state of adultery continuously, [or if any wife after being ravished consents to her ravisher,] such spouse is forever barred from his **or her** inheritance rights, homestead allowance, exempt property or any statutory allowances from the estate of his **or her** spouse unless such spouse is voluntarily reconciled to him **or her** and resumes cohabitation with him **or her**.

Persons licensed as housemovers shall also be required to secure a special permit, as provided for pursuant to section 304.200, RSMo, from the chief engineer of the department of highways and transportation for every move undertaken on the state highway system. The permit shall be issued by the chief engineer if the chief engineer determines that the applicant:

(1) Is properly licensed pursuant to sections 324.700 to 324.745;

(2) Has furnished the surety bond or policy of cargo insurance required by subsection 4 of section 324.712; and

(3) Is complying with such other regulations as required by the division of motor carrier and railroad safety.

324.718. APPLICATION PROCEDURE FOR SPECIAL PERMIT — TRAVEL PLAN REQUIRED, ALTERNATE PLANS PERMITTED. — 1. Application for a special permit to move a house must be made to the chief engineer of the department of transportation at least two days prior to the date of the move. For good cause shown, this time may be waived by the chief engineer.

2. A travel plan shall accompany the application for the special permit. The travel plan will show the proposed route, the time estimated for each segment of the move, a plan to handle traffic so that no one delay to other highway users shall exceed twenty minutes. The chief engineer shall review the travel plan and if the route cannot accommodate the move due to roadway weight limits, bridge size or weight limits, or will cause undue interruption of traffic flow, the special permit shall not be issued.

3. The applicant may submit alternate plans if desired until an acceptable route is determined. If the width of the house to be relocated is more than thirty- six feet, or if no acceptable travel plan has been filed, and the denial of the permit would cause a hardship, the application and travel plan may be submitted to the chief engineer on appeal. After reviewing the route and travel plan, the chief engineer may in his or her discretion issue the permit after considering the practical physical limitations of the route, the nature and purpose of the move, the size and weight of the house, the distance the house is to be moved, and the safety and convenience of the traveling public. A surety bond in the amount to cover the cost of any damage to the pavement, structures, bridges, roadway or other damages that may occur may be required if deemed necessary by the chief engineer.

324.721. OBSTRUCTIONS TO BE REMOVED AND REPLACED AT EXPENSE OF HOUSEMOVER. — All obstructions, including traffic signals, signs, and utility lines will be removed immediately prior to and replaced immediately after the move at the expense of

the housemover, provided that arrangements for and approval from the owner is obtained.

324.724. ALTERNATE ROUTE USED, WHEN. — Irrespective of the route shown on the special permit, an alternate route will be followed:

- (1) If directed by a peace officer;
- (2) If directed by a uniformed officer assigned to a weighing station to follow a route to a weighing device; or
- (3) If the specified route is officially detoured. Should a detour be encountered, the driver shall check with the department of transportation prior to proceeding.

324.727. NO HOUSE IN HIGHWAY RIGHT-OF-WAY WITHOUT PERMISSION. — The house to be transported will not be loaded, unloaded, nor parked, day or night, on a highway right-of-way without specific permission from the director.

324.730. VISIBILITY RESTRICTIONS FOR MOVE. — No move will be made when atmospheric conditions render visibility lower than safe for travel. Moves will not be made when highways are covered with snow or ice, or at any time travel conditions are considered unsafe by the director or highway patrol or other law enforcement officers having jurisdiction.

324.733. VOIDING OF PERMIT, WHEN. — The permit may be voided if any conditions of the permit are violated. Upon any violation, the permit must be surrendered and a new permit obtained before proceeding. Misrepresentation of information on an application to obtain a license, fraudulently obtaining a permit, alteration of a permit, or unauthorized use of a permit will render the permit void.

324.736. LOCAL ORDINANCES COMPLIED WITH, MOVES ON MUNICIPAL STREETS. — All moves on streets on the municipal system of streets shall comply with local ordinances. The officer in charge of the maintenance of streets of any municipality may issue permits for the use of the streets by housemovers within the limits of such municipalities.

2. Nothing in sections 324.700 to 324.745 shall be construed to limit, modify or supercede the standards governing the intrastate or interstate movement of property pursuant to 49 U.S.C. 14501 or 49 U.S.C. 14504.

3. The provisions of sections 324.700 to 324.745 shall not apply to housemovers engaged in the interstate movement of houses. 2. Permits shall be initially issued and renewed for periods of not more than three years or for a specific period as prescribed by board rule following issuance or renewal.

3. The board shall determine by rule the form for application and renewal of permits and shall annually determine the fees for permits and their renewals.

(1) Notwithstanding any other provision of law to the contrary, a simple majority of the ownership of the firm, in terms of financial interests and voting rights of all partners, officers, principals, shareholders, members or managers, belongs to licensees who are licensed in some state, and the partners, officers, principals, shareholders, members or managers, whose principal place of business is in this state and who perform professional services in this state are licensees pursuant to section 326.280 or the corresponding provision of prior law. Although firms may include nonlicensee owners, the firm and its ownership shall comply with rules promulgated by the board;

(2) Any certified public accounting firm may include owners who are not licensees, provided that:

5. An applicant for initial issuance or renewal of a permit to practice shall register each office of the firm within this state with the board and show that all attest, review and compilation services rendered in this state are under the charge of a licensee.

6. No licensee or firm holding a permit pursuant to this chapter shall use a professional or firm name or designation that is misleading as to:

- (1) The legal form of the firm;
- (2) The persons who are partners, officers, members, managers or shareholders of the firm; or
- (3) Any other matter.

The names of one or more former partners, members or shareholders may be included in the name of a firm or its successor unless the firm becomes a sole proprietorship because of the death or withdrawal of all other partners, officers, members or shareholders. A firm may use a fictitious name if the fictitious name is registered with the board and is not otherwise misleading. The name of a firm shall not include the name of an individual who is a present or a past partner, member or shareholder of the firm or its predecessor. The name of the firm shall not include the name of an individual who is not a licensee.

7. Firms which fall out of compliance with the provisions of this section due to changes in firm ownership or personnel after receiving or renewing a permit shall take corrective action to bring the firm back into compliance as quickly as possible. The board may grant a reasonable period of time for a firm to take such corrective action. Failure to bring the firm back into compliance within a reasonable period as defined by the board may result in the suspension or revocation of the firm permit.

9. The board shall require by rule, as a condition to the renewal of permits, that firms undergo, no more frequently than once every three years, peer reviews conducted in a manner as the board shall specify. The review shall include a verification that individuals in the firm who are responsible for supervising attest, review and compilation services or sign or authorize someone to sign the accountant's report on the financial statements on behalf of the firm meet the competency requirements set out in the professional standards for such services, provided that any such rule:

- (1) Shall include reasonable provision for compliance by a firm showing that it has within the preceding three years undergone a peer review that is a satisfactory equivalent to peer review generally required pursuant to this subsection;
 - (2) May require, with respect to peer reviews, that peer reviews be subject to oversight by an oversight body established or sanctioned by board rule, which shall periodically report to the board on the effectiveness of the review program under its charge and provide to the board a listing of firms that have participated in a peer review program that is satisfactory to the board; and
 - (3) Shall require, with respect to peer reviews, that the peer review processes be operated and documents maintained in a manner designed to preserve confidentiality, and that the board or any third party other than the oversight body shall not have access to

10. Prior to January 1, 2008, licensees who perform fewer than three attest services during each calendar year shall be exempt from the requirements of subsection 9 of this section.

11. The board may, by rule, charge a fee for oversight of peer reviews, provided that the fee charged shall be substantially equivalent to the cost of oversight.

12. The documents shall be furnished to the board only in a redacted manner that does not specifically identify any firm or licensee being peer reviewed or any of their clients.

13. The peer review processes shall be operated and the documents generated thereby be maintained in a manner designed to preserve their confidentiality. No third party, other than the oversight body, the board, subject to the provisions of subsection 12 of this section or the organization performing peer review shall have access to documents furnished or generated in the course of the review. Except by permission of the client for whom a licensee performs services or the heirs, successors or personal representatives of such client, a licensee pursuant to this chapter shall not voluntarily disclose information communicated to the licensee by the client relating to and in connection with services rendered to the client by the licensee. 2. 2. A licensee shall furnish to a client or former client, upon request and reasonable notice:

(1) A copy of the licensee's working papers to the extent that the working papers include records that would ordinarily constitute part of the client's records and are not otherwise available to the client; and
